Report on the Financial Statements

We have audited the accompanying financial statements of Seneca Medical, Inc. Employee Stock Ownership Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, line 4(i) - schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

SENECA MEDICAL, INC.
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
June 30, 2014 and 2013

Note 1—Plan description and basis of presentation

Seneca Medical, Inc. (the Company or Plan Sponsor) established the Seneca Medical, Inc. Employee Stock Ownership Plan and Trust (the Plan) effective as of July 1, 1998. The Plan operates as an internally leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Plan Trustees.

The Plan has purchased 468,025 shares of the Company's common stock using the proceeds of two loans totaling \$8,009,400 from the Company, and holds the stock in a trust established under the Plan. The last loan payment was due in April 2009, and was paid with funds available from the fully deductible Company contributions to the trust fund. As the Plan made payments of principal, an appropriate percentage of shares of the Company's common stock were allocated to eligible participants' accounts in accordance with applicable regulations under the Code. Shares were allocated to participants' accounts annually as of the Plan year-end. Allocated shares vest based upon a graduated vesting schedule, with full vesting after six years of credited service.

The loans were collateralized by the unallocated shares of Company common stock. The Company has no rights against shares once they are allocated under the ESOP. As of June 30, 2014 and 2013, all of the Company's shares have been allocated.

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 500 hours during such plan year. Employees who do not have at least 500 hours of service during a plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary, or, if none, his or her legal representatives), diversifies (as noted in the next paragraph), or otherwise terminates employment with the Company. Distributions are made in the form of either a lump sum payment or equal installment payments over a given period, at the discretion of the Company. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participants' account.

The Plan permits the participants to directly transfer up to 25% of their account balance from the Plan to the Seneca Medical, Inc. 401(k) Plan. To be eligible to transfer funds, the participant must be 55 years old and completed 10 years of service. This diversification occurs at the end of each plan year.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 30, 2014 and 2013

Note 1—Plan description and basis of presentation-continued

Participants become vested in the Company's contributions plus actual earnings (losses) over a six year period as described below:

<u>Credited Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

Forfeited balances of terminated participant accounts are allocated as an additional Company contribution.

The Plan Trustees are responsible for voting the Company common stock held by the ESOP, although, in certain circumstances, participants will be notified they have the right to direct the vote of the Trustee.

The Company reserves the right to terminate the Plan at any time, subject to the Plan and ERISA provisions. Under such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Trustees will pay all liabilities and expenses of the Plan. In addition, all allocated amounts become 100% vested and any remaining unallocated shares shall be allocated to the accounts of all participants in accordance with the provisions of the Plan document.

Note 2—Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Participant distributions are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought, sold and held during the year.

Note 2—Summary of significant accounting policies-continued

Subsequent events

The Plan has evaluated subsequent events through March 1, 2015, the date the financial statements were available to be issued. There were no subsequent events that required adjustment to the financial statements or additional disclosures.

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets;
- b. Quoted prices for identical or similar assets or liabilities in inactive markets;
- c. Inputs other than quoted prices that are observable for the asset or liability;
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3—Fair value measurements-continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Seneca Medical, Inc. Common Stock – valued at fair value, as determined by independent appraisals as of June 30, 2014 and 2013.

Mutual Funds and Exchange Traded Funds – valued on quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year end.

Money Market Funds – valued using amortized costs which approximates fair value.

Certificates of Deposit – valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable duration considering the credit worthiness of the issuer.

The following tables present the Plan's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis:

Description	Total June 30, 2014	Fair Value Measurements at June 30, 2014 Using

Note 5—Income tax status

The Plan has received a determination letter from the Internal Revenue Service dated September 13, 2013, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code and, therefore, the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 6—Administration of Plan assets

The Plan's investment in Company common stock is held in a trust established under the Plan. Certain administrative functions are performed by officers or employees of the Company without compensation from the Plan. Administrative expenses are paid directly by the Company.

Note 7—Employer contributions

The Company may make annual contributions to the ESOP in either cash or Company stock, at its discretion, and invest in non-participant directed investments. During fiscal year ended June 30, 2014, the Company made discretionary share contributions for the plan amounting to \$960,000. During fiscal year ended June 30, 2013, the Company made discretionary share contributions of \$850,000. Additionally, for the year ending June 30, 2014, the Company purchased 26,893 shares of stock from the Plan totaling \$1,210,207 and withdrew \$98,453 to fund participant distributions. For the year ending June 30, 2014, the Company reallocated 12,618 shares of stock in the Plan for a total of \$567,792, to fund participant diversifications. For the year ending June 30, 2013, the Company purchased 15,926 shares of stock from the Plan totaling \$733,383 and withdrew \$70,004 to fund participant distributions. For the year ending June 30, 2013, the Company purchased 2,289 shares of stock from the Plan totaling \$105,432 to fund participant diversifications.

Note 8—Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in a near term that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9—Related party transactions and party in interest transactions

Certain Plan investments are shares of the Company stock and money markets managed by Captrust, the custodian of the Plan, and therefore, these transactions qualify as party in interest transactions.
