NOTES TO FINANCIAL STATEMENTS

403(b) THRIFT PLAN FOR THE COUNSELING CENTER OF WAYNE AND HOLMES COUNTIES

Note 1. Description of the Plan

The following description of the 403(b) Thrift Plan for The Counseling Center of Wayne and Holmes Counties (the Plan) provides only general information. Participants should refer to the Summary Plan Description and Plan Agreement for a more complete description of the Plan's provisions.

General

The Counseling Center of Wayne and Holmes Counties (the Organization) established a defined contribution plan on August 1, 2009 to provide employees with a systematic means of savings and investing for the future. All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. Deferrals begin on the first pay period subsequent to enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may voluntarily defer up to 100% of their eligible pre-tax annual compensation subject to the Internal Revenue Service (IRS) limits, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct their contributions into various investment options offered by the Plan. Participants may change their deferral percentage contribution at any time throughout the Plan year. Investment allocation changes can be made at any time via direct phone access to Mutual of America Life Insurance Company or Internet access through their websites. At its discretion, the Organization may make an employer base contribution to the Plan for all eligible participants. During 2014 and 2013, the Organization elected to contribute 6.5% of eligible participant compensation, regardless if participants' elected to contribute to the Plan.

Plan Loans

Participants may borrow from Mutual of America Life Insurance Company (Mutual of America). These loans are not distributed from the participants' accounts. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of the value of the participants' vested balance. The repayment period of any loan shall be no more than five years. If the purpose of the loan is for the purchase of a principal residence, the repayment period may be extended to ten years. The loans bear interest at a rate which is commensurate with local prevailing rates as determined periodically by Mutual of America. Principal and interest is paid ratably through level periodic payments by the participant directly to Mutual of America. The Plan Administrator has concluded that these loans are not Plan assets and that such arrangements are exempt transactions. The loan balance as of June 30, 2014 was \$6,232. There was no loan balance as of June 30, 2013.

In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan. During 2014, there were no deemed loan distributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Organization's employer contributions and allocations of Plan earnings (losses), and is charged with a quarterly administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

NOTES TO FINANCIAL STATEMENTS

403(b) THRIFT PLAN FOR THE COUNSELING CENTER OF WAYNE AND HOLMES COUNTIES

Note 1. Description of the Plan (Continued)

Vesting

Participants are fully vested in their elective contributions and actual earnings (losses) thereon. Vesting in employer discretionary contributions is based on years of continuous service according to the following schedule:

Years of Service	Vested percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. These accounts will be used first to pay certain plan expenses. Any amount remaining will be used to reduce future employer contributions. During 2014, employer contributions were reduced by \$10,492 from forfeited nonvested accounts. There were no remaining forfeitures available for use by the Plan at June 30, 2014.

Payment of Benefits

During their employment, participants may withdraw their vested account balance in the event of financial hardship. The balance in an employee's account not previously withdrawn may be paid to the participants or their designated beneficiary in the event of death, permanent disability, retirement, or other termination of employment with the Organization. In addition, an in-service withdrawal may be taken after age 59½. Benefit payments are generally made in a lump-sum amount but there is an option for installment or annuity payments.

Note 2. Significant Accounting Policies

The accompanying financial statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

403(b) THRIFT PLAN FOR THE COUNSELING CENTER OF WAYNE AND HOLMES COUNTIES

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no individuals who elected to withdraw from the Plan but had not been paid at June 30, 2014.

Operating Expenses

The Organization generally pays all costs of administering the Plan, with the exception of a quarterly recordkeeping fee charged to individual participant accounts. The Plan pays any cost not paid for by the Organization. Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

Recent Accounting Pronouncements

In October 2012, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2012-04, Technical Corrections and Improvements (ASU 2012-04). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update are effective for fiscal periods beginning after December 15, 2013, for nonpublic entities, except for amendments in this update where there was no transition guidance which were immediately effective upon issuance. The adoption of ASU 2012-14 is not expected to have a material impact on subsequent periods.

Subsequent Events

The Plan has evaluated subsequent events through March 6, 2015, the date the financial statements were available to be issued.

Note 3. Investments

All investment information including investments held as of June 30, 2014 and 2013, interest income and net appreciation in fair value of investments for the year ended June 30, 2014, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by Mutual of America, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that the information provided to the Plan Administrator by the custodian related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

Note 3. Investments (Continued)

The fair value of individual participant-directed investments that represent 5% or more of the Plan's net assets as of June 30 are as follows:

	2014	2013
**Mutual of America Interest Accumulation Account	\$ 538,471	\$ 437,643

Fidelity Investments VIP Mid-Cap	296,405	240,562
Vanguard VIF Diversified Value	192,663	165,194*

*investment less than 5% of the Plan's net assets but presented for comparative purposes

**party-in-interest

During 2014, the Plan's investments in pooled separate accounts appreciated in fair value by \$477,985. Interest income of \$10,517 was recorded in 2014 from the guaranteed insurance contract.

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under this FASB topic are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

403(b) THRIFT PLAN FOR THE COUNSELING CENTER OF WAYNE AND HOLMES COUNTIES

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Guaranteed Insurance Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Pooled Separate Accounts: Valued at the unit value for each separate account investment based on the underlying assets, which include a mix of mutual funds, collective trusts and managed accounts. All underlying investment options are valued daily. This daily price is considered the selling price for transfers and withdrawals, and is calculated each day the principal market is open. The investment options are available for trading each day while the principal market is open.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30:

Assets at fair value as of June 30, 2014				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 3,135,940	\$ -	\$ 3,135,940

Note 4. Fair Value Measurements (Continued)

- (a) This category includes investments that are primarily composed of stocks. Each fund has a portfolio manager who decides which stocks to invest in while adhering to the guidelines set out in the investment objectives of the portfolio. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.
- (b) This category includes investments that combine stocks and fixed income securities into one fund. Each fund has a portfolio manager who decides on the proper combination of stocks and fixed income instruments while adhering to the guidelines set out in the investment objectives of the portfolio. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.
- (c) This category contains investments that are composed primarily of bonds, money market instruments, and cash equivalents. Each fund has a portfolio manager who decides on a selection of fixed income instruments to invest in while adhering to the guidelines set out in the investment objectives of the portfolio. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investments in this category has been estimated using the net asset value per share of the investments.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended June 30, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Related-Party Transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed insurance contract sponsored by and managed by Mutual of America. Mutual of America is the custodian as defined by the Plan document, and therefore, these transactions are considered party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Income Tax Status

The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax exemption. The Plan adopted a non-standardized form of a prototype plan sponsored by Mutual of America. The prototype plan terms were drafted in reliance on the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan Administrator intends to apply for a determination letter on the Plan when the government opens such a program.

NOTES TO FINANCIAL STATEMENTS

403(b) THRIFT PLAN FOR THE COUNSELING CENTER OF WAYNE AND HOLMES COUNTIES

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
