Independent Auditors' Report

To the Administrative Committee of
Antioch Auto Center 401(k) Plan and Trust
Sponsored by Tralee, Inc.

Report on the Financial Statements

We have audited the accompanying financial statements of Antioch Auto Center 401(k) Plan and Trust, which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended June 30, 2014, and the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of June 30, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Antioch Auto Center 401(k) Plan and Trust as of June 30, 2014 and 2013, and the changes in its net assets available for benefits for the year ended June 30, 2014, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule H, line 4i - schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ANTIOCH AUTO CENTER 401(k) PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
June 30, 2014

NOTE A - DESCRIPTION OF PLAN

The following description of the Antioch Auto Center 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Antioch Auto Center 401(k) Plan was established to provide retirement benefits for employees of Tralee, Inc. (the Employer). Employees become eligible to participate in the defined contribution plan following one year of service and attainment of age twenty-one, as defined in the Plan Agreement. The Plan does not cover union employees or employees who are non-resident aliens. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation, as defined in the Plan, not to exceed $17,500 ($23,000 for participants over the age of 50) as adjusted for inflation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings. Each participant's account is charged for any withdrawals or distributions to the participant, and for allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant loan fund. Loan terms generally range up to five years. The loans are secured by the participant's vested balance and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

NOTE A - DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or, in lieu of a lump-sum distribution, a participant may elect to receive annual installments over the participant's, the participant's and designated beneficiary's, or the beneficiary's life expectancy, as permitted by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review

Subsequent events were evaluated through February 5, 2015, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The Plan's investments consist of mutual funds and common collective trust funds. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid from the Plan's assets. All expenses are generally allocated to the participants proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the plan. The method of allocating the expenses depends on the nature of the expense itself.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

NOTE C – FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The pooled trust fund invests primarily in money market funds and guaranteed investment contracts (GICs). The fair value of funds invested in money market funds is net asset value. The fair value of investments in GICs is determined based on the present value of the contract's expected cash flows, discounted at current market interest rates for like quality and duration.

Level 3 Fair Value Measurements

The Plan does not hold any investments that are subject to valuation using Level 3 inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2014 and 2013:

		Fair Value Measurements at the End of the Reporting Period Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)

Total	$ 2,692,671	$ 2,508,089	$ 184,582

NOTE D – INVESTMENTS

The following presents investments at June 30, 2014 that represent 5% or more of the Plan's net assets:

Loomis Sayles Bond Instl	17,253 shares	$ 274,662
Vanguard Bond Index Total Mkt Investor	22,924 shares	248,262
Growth Managed Account Portfolio	110,460 shares	1,191,861
Moderate Managed Account Portfolio	36,265 shares	390,206
Aggressive Managed Account Portfolio	61,224 shares	661,222

During the year ended June 30, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $424,187 as follows:

Mutual fund	$ 261,866
Common collective trust fund	162,321
Total	$ 424,187

NOTE E – ROLLOVERS

Rollovers from other qualified defined benefit or contribution plans are accepted by the Plan, subject to approval by the Administrator. During the year, $9,781 was transferred into the Plan, and $8,266 was transferred out of the plan due to employee rollovers. The net increase amounted to $1,515.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the sponsor that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – EXCESS CONTRIBUTIONS

In September 2013, payments of $26,414 were made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the plan. The amount is included in benefits paid to participants in the accompanying Statement of Changes in Net Assets Available for Benefits.
