Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Savings Plan of Glasstech, Inc. (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended June 30, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of and for the years ended June 30, 2014 and 2013, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of June 30, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements Years Ended June 30, 2014 and 2013

Note 1 – Description of Plan

The following description of the Employees' Savings Plan of Glasstech, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan established to provide income upon retirement to all eligible employees of Glasstech, Inc. (the Company and Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Accounts

Participant accounts are adjusted daily for a pro rata share of income and expenses of each fund, determined by the percentage that the participant's account balance bears to the total of all participants' account balances at that date prior to such adjustment. Participant contributions vest immediately. Company contributions vest 20% after one year of credited service (as defined in the Plan), 40% after two years, 60% after three years, 80% after four years, and 100% after five years of credited service. Company contributions are reduced by participant forfeitures.

Notes Receivable from Participants

The Plan permits participants to borrow up to a maximum of \$50,000, or 50%, of their vested account balance once their total account balance reaches \$2,000. Loans are made subject to certain conditions and limitations specific in the Plan document and are repaid in biweekly installments, including interest, over periods of between one to five years or up to ten years for the purchase of a primary residence. A participant is entitled to a maximum of two loans outstanding at a given time; however, the loans must be 12 months apart. Participant loans are collateralized by their account balances. The rate at which loans bear interest is established at the inception of the borrowing, based on the prime rate then being charged by the Trustee plus 1%. Repayments of loans, including the interest portion thereof, are reinvested on the participants' behalf in accordance with their current choice of investment options. If a participant terminates employment from the Company, the loans must be paid in full; otherwise, the outstanding account balance will be treated as a distribution to the participant in 60 days.

Contributions

The Plan provides for company and nonelective company contributions at the discretion of the Company's Board of Directors. The Company made no contributions to the Plan in fiscal 2014 or 2013. Eligible employees may make pretax and/or after-tax contributions, in specific percentages, up to the lesser of 60% of eligible compensation or the maximum permitted per the Internal Revenue Service (IRS) limitations. Participants direct their contributions, company contributions, if any, and any earnings thereon to any of the Plan's fund options.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC

Notes to Financial Statements Years Ended June 30, 2014 and 2013

Note 1 – Description of Plan (continued)

Payment of Benefits

The Plan provides generally that upon retirement, death, disability, or termination, in the case of vested benefits, the standard form of payment will be a lump-sum payment. Other forms of payment may be elected, including installments. In the event the participant's vested benefit upon retirement, death, disability, or termination is less than \$1,000, a lump-sum distribution will be made. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan's termination, the participants' accounts become fully vested.

Administrative Expenses

Substantially all expenses for plan administration are paid by the Company.

Reclassification

Certain amounts have been reclassified in the 2013 financial statements to conform to the 2014 presentation.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. This applies even when the investment contracts are not held directly by the plan but are underlying assets in a stable value fund investment held by the plan.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC

Notes to Financial Statements Years Ended June 30, 2014 and 2013

Note 2 – Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Stable value funds (SVFs) represent investments with various investment managers. Units held in SVFs are fair valued at the unit value as reported by the investment managers. SVFs are not available in an exchange and active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market. The Plan holds shares of the Wells Fargo Stable Return Fund Class M as of June 30, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Note 2 – Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 30, 2014 and 2013, net appreciation (depreciation) in fair value of investments in mutual funds, net investment gain from stable value fund, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The investment in the Wells Fargo Stable Return Fund Class M is valued at fair value on the Statement of Net Assets Available for Benefits and is valued at contract value on the Schedule of Assets (Held at End of Year) per the Form 5500, as shown below:

	June 30,	
	2014	2013

Wells Fargo Stable Return Fund Class M, at Contract Value	3,328,385	3,971,730

Investments that represent 5% or more of the fair value of the Plan's net assets available for benefits are as follows:

	June 30,	
	2014	2013
Wells Fargo Stable Return Fund Class M	\$ 3,381,639	\$ 4,015,419

Note 4 - Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of June 30, 2014 and 2013. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Investments at Fair Value as of June 30, 2014			
	Level 1	Level 2	Total

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC

Notes to Financial Statements Years Ended June 30, 2014 and 2013

Note 5 – Restrictions on Net Assets

The investment in the Wells Fargo Stable Return Fund Class M is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 6 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2008, that the Fidelity Basic Plan Document No. 14 (the prototype plan of the Trustee upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (the Code) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Savings Plan of Glasstech, Inc. (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended June 30, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of and for the years ended June 30, 2014 and 2013, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of June 30, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, is presented for the purpose of additional analysis, and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EMPLOYEES' SAVINGS PLAN OF GLASSTECH, INC.

Notes to Financial Statements Years Ended June 30, 2014 and 2013

Note 1 – Description of Plan

The following description of the Employees' Savings Plan of Glasstech, Inc. (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General

The Plan is a defined contribution plan established to provide income upon retirement to all eligible employees of Glasstech, Inc. (the Company and Plan Administrator). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Participant Accounts

Participant accounts are adjusted daily for a pro rata share of income and expenses of each fund, determined by the percentage that the participant's account balance bears to the total of all participants' account balances at that date prior to such adjustment. Participant contributions vest immediately. Company contributions vest 20% after one year of credited service (as defined in the Plan), 40% after two years, 60% after three years, 80% after four years, and 100% after five years of credited service. Company contributions are reduced by participant forfeitures.

Notes Receivable from Participants

The Plan permits participants to borrow up to a maximum of \$50,000, or 50%, of their vested account balance once their total account balance reaches \$2,000. Loans are made subject to certain conditions and limitations specific in the Plan document and are repaid in biweekly installments, including interest, over periods of between one to five years or up to ten years for the purchase of a primary residence. A participant is entitled to a maximum of two loans outstanding at a given time; however, the loans must be 12 months apart. Participant loans are collateralized by their account balances. The rate at which loans bear interest is established at the inception of the borrowing, based on the prime rate then being charged by the Trustee plus 1%. Repayments of loans, including the interest portion thereof, are reinvested on the participants' behalf in accordance with their current choice of investment options. If a participant terminates employment from the Company, the loans must be paid in full; otherwise, the outstanding account balance will be treated as a distribution to the participant in 60 days.

Contributions

The Plan provides for company and nonelective company contributions at the discretion of the Company's Board of Directors. The Company made no contributions to the Plan in fiscal 2014 or 2013. Eligible employees may make pretax and/or after-tax contributions, in specific percentages, up to the lesser of 60% of eligible compensation or the maximum permitted per the Internal Revenue Service (IRS) limitations. Participants direct their contributions, company contributions, if any, and any earnings thereon to any of the Plan's fund options.

Note 1 – Description of Plan (continued)

Payment of Benefits

The Plan provides generally that upon retirement, death, disability, or termination, in the case of vested benefits, the standard form of payment will be a lump-sum payment. Other forms of payment may be elected, including installments. In the event the participant's vested benefit upon retirement, death, disability, or termination is less than \$1,000, a lump-sum distribution will be made. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan's termination, the participants' accounts become fully vested.

Administrative Expenses

Substantially all expenses for plan administration are paid by the Company.

Reclassification

Certain amounts have been reclassified in the 2013 financial statements to conform to the 2014 presentation.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments to participants are recorded upon distribution.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. This applies even when the investment contracts are not held directly by the plan but are underlying assets in a stable value fund investment held by the plan.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There have been no changes in the valuation methods used. The Plan's investments are held by Fidelity Management Trust Company (the Trustee).

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value.

Stable value funds (SVFs) represent investments with various investment managers. Units held in SVFs are fair valued at the unit value as reported by the investment managers. SVFs are not available in an exchange and active market; however, the fair value is determined based on the underlying investments as traded in an exchange and active market. The Plan holds shares of the Wells Fargo Stable Return Fund Class M as of June 30, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent outstanding loans and are measured at their unpaid principal balance plus accrued interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3 – Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at June 30, 2014 and 2013, net appreciation (depreciation) in fair value of investments in mutual funds, net investment gain from stable value fund, and dividends and interest for the years then ended, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The investment in the Wells Fargo Stable Return Fund Class M is valued at fair value on the Statement of Net Assets Available for Benefits and is valued at contract value on the Schedule of Assets (Held at End of Year) per the Form 5500, as shown below:

	June 30,	
	2014	2013

Note 4 - Fair Value Measurements

The various inputs that may be used to determine the value of the Plan's investments are summarized in three broad levels within the fair value hierarchy. The three levels are described below:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level within the fair value hierarchy the Plan's investments at fair value, as of June 30, 2014 and 2013. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Note 5 – Restrictions on Net Assets

The investment in the Wells Fargo Stable Return Fund Class M is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Note 6 – Income Tax Status

The Internal Revenue Service ruled on March 31, 2008, that the Fidelity Basic Plan Document No. 14 (the prototype plan of the Trustee upon which the Plan is based) qualifies under Section 401(a) of the Internal Revenue Code (the Code) and the related trust is, therefore, not subject to tax under present income tax law. Subsequent to this ruling the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
