Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

Board of Directors
Sun Federal Credit Union Defined Benefit Plan and Trust
Maumee, Ohio

We were engaged to audit the accompanying financial statements of Sun Federal Credit Union Defined Benefit Plan and Trust, which comprise the statements of net assets available for benefits and of accumulated plan benefits as of May 31, 2014 and May 31, 2013, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by CUNA Mutual Group, the trustee of the Plan, except for comparing the information with the related information included in the Financial Statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustees as of and for the years ended May 31, 2014 and May 31, 2013, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements

Independent Auditor's Report
Sun Federal Credit Union Defined Benefit Plan and Trust

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held at Year-End and reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited to us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
MAY 31, 2014 AND MAY 31, 2013

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

The various investment funds held by CUNA Mutual Group (CUNA) are valued at fair market value. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees and their beneficiaries. Benefits under the Plan are based on employees' compensation which reflects the highest consecutive five-year period. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented, May 31, 2014 and May 31, 2013. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent that they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an actuary from CUNA and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation were (a) life expectancy of participants (the 1983 Group Annuity Mortality Table for males and females used), (b) retirement age assumptions average age 65, and (c) the 2014 and 2013 valuations include assumed average rates of return of 5.81% and 6.34%, respectively. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Income Tax Status

The Internal Revenue Service has advised that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and the Trust established thereunder is, therefore, exempt from federal income taxes under provision of Section 501(a).

NOTE 2: PLAN DESCRIPTION

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined benefit pension plan covering substantially all employees of Sun Federal Credit Union. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An employee is eligible to participate in the Plan after one year of service and 20 years or older, and is vested in the Plan after five subsequent years of service with 1,000 hours of service per year.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65). The Plan permits early retirement at age 55 with at least ten years of service. A participant's benefit shall be reduced on a pro rata basis for each year of credited service less than 20 years that the participant is credited with a normal retirement date. Employees may elect to receive their pension benefits in the form of a joint and 50% survivor annuity. If employees terminate before rendering five years of service, they forfeit the right to receive the portion of their accumulated plan benefits attributable to the credit union's contributions. Employees may elect to receive the value of their accumulated plan benefits as a lump-sum distribution upon retirement or termination, or they may elect to receive their benefits as a life annuity payable monthly from retirement.

Disability Benefits

Active employees who become totally disabled receive annual disability benefits that are equal to the early retirement benefits they have accumulated as of the time they become disabled.

Death Benefits

If a participant dies without being vested, no benefits will be paid. Should the participant be vested, the benefit arising will be generally payable under a 50% survivor form if the participant is married. This benefit provides monthly income to the participant's spouse for as long as the spouse lives.

Administrative Expenses

All expenses relating to audit, accounting, administration, and actuarial functions as well as PBGC premiums are paid by the credit union.

NOTE 3: FUNDING POLICY

The credit union's funding policy is to make annual contributions to the Plan which meet or exceed the minimum funding requirements of ERISA.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intention to do so, the credit union has the right under the Plan to terminate the Plan subject to written notification to all interested parties and provisions set forth in ERISA. The Pension Benefit Guaranty Corporation also has the right to terminate the Plan subject to Section 4042 of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order of priority indicated.

- a. To that portion of Accrued Benefits, which is derived from employee contributions made to the Plan, if any:
- b. Equally among:
 1. Retired participants and their beneficiaries to whom payment commenced at least three years prior to the date of termination; and
 2. Participants who could have retired and received payment of their benefits at least three years prior to the date of termination.
- c. To all benefits guaranteed and insured by the Pension Benefit Guaranty Corporation.
- d. To all other vested Accrued Benefits not insured by the Pension Benefit Guaranty Corporation.
- e. To all other Accrued Benefits provided under the Plan.

Any excess funds will revert to the employer under certain conditions outlined in the Plan.

Certain plan benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor benefits. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date the Plan is terminated. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

NOTE 5: INFORMATION CERTIFIED BY CUSTODIAN

For 2014 and 2013, the financial information included in the Plan's Financial Statements has been derived from information certified as complete and accurate by the Custodian, CUNA Mutual Group, in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 inputs to the valuation methodology include the following:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than quoted prices that are observable for the asset or liability
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2014 and May 31, 2013.

- *Common stocks, corporate bonds, and U.S. government securities.* Values at the closing price reported on the active market on which the individual securities are traded.
- *Mutual Funds.* Valued at the net asset value of shares held by the plan at year-end.
- *Participant loans.* Valued at amortization cost, which approximates fair value.

MAY 31, 2014 AND MAY 31, 2013

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurements at the reporting date.

The following table sets forth by level within the fair value hierarchy the plan's assets at fair value as of May 31, 2014 and May 31, 2013.
