INDEPENDENT AUDITORS' REPORT

The Board of Directors
Remke Markets Incorporated Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements in liquidation of the Remke Markets Incorporated Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits in liquidation as of June 30, 2014 and 2013, and the related statement of changes in net assets available for benefits in liquidation for the year ended June 30, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits in liquidation of the Plan as of June 30, 2014 and 2013, and the changes in its net assets available for benefits in liquidation for the year ended June 30, 2014, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Board of Directors of Remke Markets, Inc., the Plan's sponsor, voted on June 24, 2013 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has presented the financial statements on the liquidation basis. Our opinion is not modified with respect to this matter.

INDEPENDENT AUDITORS' REPORT

The Board of Directors
Remke Markets Incorporated Employee Stock Ownership Plan

Report on the Financial Statements

We have audited the accompanying financial statements in liquidation of the Remke Markets Incorporated Employee Stock Ownership Plan, which comprise the statements of net assets available for benefits in liquidation as of June 30, 2014 and 2013, and the related statement of changes in net assets available for benefits in liquidation for the year ended June 30, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits in liquidation of the Plan as of June 30, 2014 and 2013, and the changes in its net assets available for benefits in liquidation for the year ended June 30, 2014, in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Board of Directors of Remke Markets, Inc., the Plan's sponsor, voted on June 24, 2013 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has presented the financial statements on the liquidation basis. Our opinion is not modified with respect to this matter.

1. DESCRIPTION OF PLAN:

The following description of the Remke Markets Incorporated (the "Company") Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Company established the Remke Markets Incorporated Employee Stock Ownership Plan effective December 29, 1995. Prior to the decision to terminate the Plan on June 30, 2013, the Plan operated as an employee stock ownership plan ("ESOP") and was designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan was subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was administered by the Company.

Plan termination

On June 24, 2013 the board of directors of the Company made the decision to terminate the Plan effective June 30, 2013. With the decision to terminate the Plan, the Company purchased all of the Remke Markets, Inc. common stock that had been held by the Plan. As of June 30, 2013 the only investment remaining in the Plan was cash. All active participants in the Plan became 100% vested upon termination of the Plan. During the year ended June 30, 2014, all Plan benefits were distributed to participants and beneficiaries.

Participant accounts

The Plan was a defined contribution plan under which a separate individual account was established for each participant. Prior to termination, each participant's account was credited as of the last day of the plan year with an allocation of shares of the Company's common stock forfeited from terminated participant's non vested accounts. Only those non-highly compensated participants who were eligible employees of the Company who worked at least 500 hours during the plan year, who had an account balance and were employed on the last day of the plan year, would receive an allocation. If a participant died, became disabled or reached normal retirement age during the year, these minimum requirements were waived. Allocations were based on a participant's eligible compensation, relative to total eligible compensation.

Eligibility

Prior to the Plan termination, employees of the Company were generally eligible to participate in the Plan on the first day of the calendar quarter after six months of service, providing they worked at least 250 hours during that six-month period, and had attained age sixteen. Upon termination, no additional employees could enter the Plan.

Payment of benefits

Prior to the termination, no distributions from the Plan were made until a participant retired, died, became disabled or otherwise terminated employment with the Company. A participant could also take an in-service withdrawal once they reached normal retirement age. Distributions were made in cash.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The financial statements of the Plan are prepared using the liquidation basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition

See Note 4 for discussion of fair value measurements.

Payment of benefits

Distributions were recorded when paid.

Operating expenses

The Company paid most Plan administrative expenses.

Subsequent events

The Plan has evaluated subsequent events through March 5, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan's investments, at June 30, are presented in the following table:

	<u>2014</u>	<u>2013</u>
Cash and cash equivalents	\$ -	2,510,010*

* Exceeds 5% of net assets.

4. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at June 30, 2014 and 2013.

Cash and cash equivalents: Valued at cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2013:

Investments at fair value as of June 30, 2013

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Cash and cash equivalents	\$ <u>2,510,010</u>	<u>2,510,010</u>	<u> -</u>	<u> -</u>
Total investments at fair value	\$ <u>2,510,010</u>	<u>2,510,010</u>	<u> -</u>	<u> -</u>

5. PARTY-IN-INTEREST TRANSACTIONS:

Certain administrative fees of the Plan are paid by the Company and are excluded from these financial statements. The Company provides certain accounting, recordkeeping and administrative services to the Plan for which it is not compensated. Certain Plan investments were held in funds managed by Fifth Third Bank. Fifth Third Bank is the Plan custodian, and therefore, these transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS:

The Plan obtained its latest determination letter on June 14, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Code. Although the Plan has been amended and restated since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for periods for years prior to 2010.
