Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Healthcare Solutions, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is accurate and complete to the best of their knowledge and belief.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Healthcare Solutions, Inc. (Plan Sponsor or Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's effective date was January 1, 2006. The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age 18, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan on the first day of the month after they have met the eligibility requirements. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Administrative Committee.

Accounting records: The accounting records with respect to investment transactions are maintained by State Street Bank and Trust Company (State Street), the trustee of the Plan. ADP is the recordkeeper and maintains participant level records.

Contributions: The Plan allows participants to contribute up to 80% of their eligible compensation, as defined by the Plan, on a tax-deferred or after-tax basis subject to Internal Revenue Service regulation limitations. The Company matches 25% of the first 6% of a participant's compensation that is contributed into the Plan. The Plan also permits non-elective contributions at the discretion of the Company. No non-elective contributions were made for the year ended December 31, 2013.

Participant accounts: Each participant's account is credited with the participant's contribution and the Company's matching contributions and allocations of (a) the company's non-elective discretionary contributions and (b) plan earnings and losses, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings and losses thereon or upon death, disability or attainment of age 65. Vesting in the employer's contributions and earnings thereon is based on years of service. A participant is 100% vested after three years of credited services.

Forfeited accounts: When termination of participation in the Plan occurs, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce future employer matching contributions. At December 31, 2013 and 2012, there were no forfeited non-vested account balances. For the year ended December 31, 2013, employer contributions were reduced by \$13,939 from forfeited non-vested accounts. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into selected investment options as made available and determined by the Plan Administrator. Participants have daily access to their investment balances. Changes may be self-directed by the participants through internet or telephone transfers.

Payment of benefits: Upon leaving the Company for retirement, termination, disability or death, a participant or designated beneficiary may elect to receive a lump sum distribution or installment equal to the value of the participant's vested interest in his or her account balance at the date of distribution. Participants may withdraw all or part of their vested account balance upon reaching age 59½. Rollover contributions may be withdrawn at any time. In the event of a financial hardship, a participant may withdraw any elective deferrals and any vested employer contributions.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of the present value of the non-forfeitable accrued benefit under the Plan, or \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made. The minimum loan is \$500. A loan is secured by the balance in the participant's account and bears interest at a rate equal to the prime rate as of the 14th of the month the loan is effective plus two percentage points. These rates range from 5.25% to 7% on loans outstanding as of December 31, 2013 and mature through 2038. Principal and interest are paid through semi-monthly payroll deductions and must be fully repaid within five years, unless the loan is for the purchase of a primary residence then the loan may be repaid within a period of no more than thirty years.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America (GAAP).

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and management determine the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

The Plan has funds invested in the INVESCO Stable Asset Fund, a common collective trust fund, which is invested in investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan balance is reduced and the benefit payment is recorded.

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefit payments are recorded when paid.

Administrative fees: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain record keeping fees paid by the Plan. Investment related expenses are included in the net appreciation of fair value of investments.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2013) through July 29, 2014, the date the financial statements were available to be issued.

Income taxes: GAAP requires the Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state, or local tax authorities for years before 2010.

Note 3. Investment Information Certified or Provided by State Street Bank and Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is accurate and complete to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information included in the Plan's financial statements and supplemental schedule related to the following assets:

	December 31,	
	2013	2012
Investments		
Common collective trust fund at contract value	\$ 1,115,131	\$ 980,565

Notes to Financial Statements

Note 3. Investment Information Certified or Provided by State Street Bank and Trust Company (Trustee) (Continued)

The trustee of the Plan also certified, to the best of their knowledge and belief, the accuracy and completeness of \$1,026,692 of net appreciation in the fair value of investments (including \$903,706 and \$156,986 relating to registered investment companies (mutual funds) and common collective trusts, respectively) and \$786,482 of interest and dividends related to the aforementioned investments and \$5,925 of interest on notes receivable from participants for the year ended December 31, 2013.

Note 4. Investments

The following table presents investments, at fair value, that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

	December 31,	
	2013	2012
Common collective trust funds		
Invesco Stable Asset ADP85	\$ *	\$ 512,434
SSGA S&P 500 Index Fund	648,965	468,131

Lord Abbett Fundamental Equity Fund	1,060,753	769,520
Pimco Total Return Fund	634,486	596,276
Alger Capital Appreciation Institutional Fund	801,767	581,629
Goldman Sachs Mid Cap Value Fund	686,213	509,647
MFS Govt Securities	*	503,394

* This investment did not exceed 5% of the Plan's net assets available for benefits or the investment was not included in the Plan's investments as of this date.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Description	December 31, 2013			
	Level 1	Level 2	Level 3	Total

Note 6. Net Asset Value Per Share

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2013 and 2012:

Investment	Fair Value Estimated Using Net Asset Value Per Share					
	Fair Value		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	December 31, 2013	December 31, 2012				
Invesco Stable Asset ADP85 Trust Fund (a)	\$ 470,781	\$ 512,434	\$ -	Daily	None	12 months
SSGA S&P 500 Index Trust Fund (b)	648,965	468,131	-	Daily	None	None

- (a) The investment objective of the fund shall be to seek preservation of principal while seeking a rate of return which, over time, is competitive with rates of return earned over an extended period of time by comparable fixed income investment products. The fund provides its investors with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts, and in short-term investments or other collective investment funds.
- (b) The investment seeks to replicate the total return of the S&P 500 index. It invests at least 80% of total assets in stocks in the S&P 500 index in proportion to their weighting. The fund may also invest in futures, options and other derivatives.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Levels.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Related Party Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions of the Plan Sponsor are considered party-in-interest transactions. State Street is the trustee of the Plan; therefore transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$6,632 for the year ended December 31, 2013. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 8. Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption of the prototype plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,

We were engaged to audit the accompanying financial statements of Healthcare Solutions, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the Plan Administrator by the trustee is accurate and complete to the best of their knowledge and belief.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2013, is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Healthcare Solutions, Inc. (Plan Sponsor or Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's effective date was January 1, 2006. The Plan is a defined contribution plan covering substantially all employees of the Company who have attained age 18, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the Plan on the first day of the month after they have met the eligibility requirements. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Administrative Committee.

Accounting records: The accounting records with respect to investment transactions are maintained by State Street Bank and Trust Company (State Street), the trustee of the Plan. ADP is the recordkeeper and maintains participant level records.

Contributions: The Plan allows participants to contribute up to 80% of their eligible compensation, as defined by the Plan, on a tax-deferred or after-tax basis subject to Internal Revenue Service regulation limitations. The Company matches 25% of the first 6% of a participant's compensation that is contributed into the Plan. The Plan also permits non-elective contributions at the discretion of the Company. No non-elective contributions were made for the year ended December 31, 2013.

Participant accounts: Each participant's account is credited with the participant's contribution and the Company's matching contributions and allocations of (a) the company's non-elective discretionary contributions and (b) plan earnings and losses, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings and losses thereon or upon death, disability or attainment of age 65. Vesting in the employer's contributions and earnings thereon is based on years of service. A participant is 100% vested after three years of credited services.

Forfeited accounts: When termination of participation in the Plan occurs, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce future employer matching contributions. At December 31, 2013 and 2012, there were no forfeited non-vested account balances. For the year ended December 31, 2013, employer contributions were reduced by \$13,939 from forfeited non-vested accounts. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into selected investment options as made available and determined by the Plan Administrator. Participants have daily access to their investment balances. Changes may be self-directed by the participants through internet or telephone transfers.

Payment of benefits: Upon leaving the Company for retirement, termination, disability or death, a participant or designated beneficiary may elect to receive a lump sum distribution or installment equal to the value of the participant's vested interest in his or her account balance at the date of distribution. Participants may withdraw all or part of their vested account balance upon reaching age 59½. Rollover contributions may be withdrawn at any time. In the event of a financial hardship, a participant may withdraw any elective deferrals and any vested employer contributions.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of the present value of the non-forfeitable accrued benefit under the Plan, or \$50,000 reduced by the excess (if any) of the highest outstanding balance of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made. The minimum loan is \$500. A loan is secured by the balance in the participant's account and bears interest at a rate equal to the prime rate as of the 14th of the month the loan is effective plus two percentage points. These rates range from 5.25% to 7% on loans outstanding as of December 31, 2013 and mature through 2038. Principal and interest are paid through semi-monthly payroll deductions and must be fully repaid within five years, unless the loan is for the purchase of a primary residence then the loan may be repaid within a period of no more than thirty years.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America (GAAP).

Valuation of investments and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator and management determine the Plan's valuation policies utilizing information provided by the trustee. See Note 5 for discussion of fair value measurements.

The Plan has funds invested in the INVESCO Stable Asset Fund, a common collective trust fund, which is invested in investment contracts. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant to be in default, the participant loan balance is reduced and the benefit payment is recorded.

Contributions: Contributions from Plan participants and the matching contribution from the Plan Sponsor are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary contributions are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Payment of benefits: Benefit payments are recorded when paid.

Administrative fees: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable from participants that are charged directly to the participant's account and certain record keeping fees paid by the Plan. Investment related expenses are included in the net appreciation of fair value of investments.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2013) through July 29, 2014, the date the financial statements were available to be issued.

Income taxes: GAAP requires the Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state, or local tax authorities for years before 2010.

Note 3. Investment Information Certified or Provided by State Street Bank and Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2013 and 2012, and for the year ended December 31, 2013, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is accurate and complete to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information included in the Plan's financial statements and supplemental schedule related to the following assets:

	December 31,	
	2013	2012
Investments		
Common collective trust fund at contract value	\$ 1,115,131	\$ 980,565

Notes to Financial Statements

Note 3. Investment Information Certified or Provided by State Street Bank and Trust Company (Trustee) (Continued)

The trustee of the Plan also certified, to the best of their knowledge and belief, the accuracy and completeness of \$1,026,692 of net appreciation in the fair value of investments (including \$903,706 and \$156,986 relating to registered investment companies (mutual funds) and common collective trusts, respectively) and \$786,482 of interest and dividends related to the aforementioned investments and \$5,925 of interest on notes receivable from participants for the year ended December 31, 2013.

Note 4. Investments

The following table presents investments, at fair value, that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013 and 2012:

	December 31,	
	2013	2012
Common collective trust funds		
Invesco Stable Asset ADP85	\$ *	\$ 512,434
SSGA S&P 500 Index Fund	648,965	468,131

Lord Abbett Fundamental Equity Fund	1,060,753	769,520
Pimco Total Return Fund	634,486	596,276
Alger Capital Appreciation Institutional Fund	801,767	581,629
Goldman Sachs Mid Cap Value Fund	686,213	509,647
MFS Govt Securities	*	503,394

* This investment did not exceed 5% of the Plan's net assets available for benefits or the investment was not included in the Plan's investments as of this date.

Note 5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Registered investment companies (mutual funds): Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust funds: Valued based on the NAV of units of the common collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

Description	December 31, 2013

Note 6. Net Asset Value Per Share

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2013 and 2012:

Investment	Fair Value Estimated Using Net Asset Value Per Share					
	Fair Value		Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	December 31, 2013	December 31, 2012				
Invesco Stable Asset ADP85 Trust Fund (a)	\$ 470,781	\$ 512,434	\$ -	Daily	None	12 months
SSGA S&P 500 Index Trust Fund (b)	648,965	468,131	-	Daily	None	None

- (a) The investment objective of the fund shall be to seek preservation of principal while seeking a rate of return which, over time, is competitive with rates of return earned over an extended period of time by comparable fixed income investment products. The fund provides its investors with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts, and in short-term investments or other collective investment funds.
- (b) The investment seeks to replicate the total return of the S&P 500 index. It invests at least 80% of total assets in stocks in the S&P 500 index in proportion to their weighting. The fund may also invest in futures, options and other derivatives.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2013, there were no transfers in or out of Levels.

Healthcare Solutions, Inc. 401(k) Plan

Notes to Financial Statements

Note 7. Related Party Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions of the Plan Sponsor are considered party-in-interest transactions. State Street is the trustee of the Plan; therefore transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled \$6,632 for the year ended December 31, 2013. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 8. Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the adoption of the prototype plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:
