Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Home Warranty of America, Inc. 401(k) Savings Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2013, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years ended December 31, 2013 and 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Minnesota Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the custodian as of December 31, 2013, 2012 and 2011 and for the years ended December 31, 2013 and 2012 that the information provided to the Plan administrator by the custodian is complete and accurate.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Home Warranty of America, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General - The Plan is a voluntary defined contribution plan. All employees of Home Warranty of America, Inc. (Company) are eligible to participate on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination - On January 1, 2013, the Plan administrator made the decision to terminate the Plan, and all participants became 100% vested in their accounts. In accordance with the termination agreement, the Plan was liquidated as of December 31, 2013. Plan assets were transferred to the Direct Energy U.S. 401(k) Plan during January 2014.

Contributions - A participating employee may contribute an amount of eligible compensation as defined by the Plan. The Company made required safe harbor contributions equal to 100% of contributions up to 3% of eligible compensation and 50% of contributions from 3% to 5% of eligible contributions during the current year. Additionally, the Company may elect to make a discretionary matching contribution and profit sharing contributions. There were no such contributions made in 2013 or 2012. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). In addition, participants over the age of 50 are permitted an additional "catch-up" contribution, subject to certain requirements. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and Company safe harbor and discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, and Company safe harbor contributions plus actual earnings thereon. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions. A participant is incrementally vested over five years of credited service in discretionary matching and profit sharing contributions as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loans are required to be repaid through payroll deductions within five years, except those loans used in the purchase of a primary residence. Residential loans must be repaid within a reasonable period of time, determined at the time the loan is executed. The loans are secured by the balance in the participant's account, and bear interest at a commercially reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Benefits provided by the Plan are paid from assets available for benefits at retirement, disability, death or termination of employment. Payments may be in the form of a lump-sum payout of the participant's account balance or periodic cash payments, or rolled over to another qualified plan. Hardship withdrawals are permitted by the Plan and are limited to employee elective deferrals plus any rollover amounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared under the liquidation basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefits - Benefits are recorded when paid.

Administrative Expenses - Expenses incurred in administering the Plan are generally paid by the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events - The Plan administrator has evaluated subsequent events through March 31, 2015 the date on which the financial statements were available to be issued.

*** This fund was greater than 5% of net assets available for benefit as of December 31, 2011, but less than 5% as of December 31, 2013 and 2012.

All assets at December 31, 2013 were transferred to the Direct Energy U.S. 401(k) Plan, and therefore are not listed above. (See Note 1.)

NOTE 4 - INFORMATION CERTIFIED BY THE CUSTODIAN (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2013, 2012 and 2011, and investment income for the years ended December 31, 2013 and 2012 that is disclosed in the accompanying financial statements, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Minnesota Life Insurance Company, the custodian of the Plan.

NOTE 5 - INCOME TAX STATUS

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated January 31, 2006 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan option letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan has been operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for tax years prior to 2010.

NOTE 6 - RELATED-PARTY TRANSACTIONS

The Plan has certain investments that are managed by the custodian of the Plan. These transactions qualify as party-in-interest transactions that are allowable under ERISA.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENT

The Plan discloses the category of assets and liabilities measured at fair value into one of three different levels, depending on the assumptions (i.e., inputs) used in the valuation. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant management judgment. Financial assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The fair value hierarchy is defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013, 2012 and 2011.

Money Market Funds - Valued at the net asset value of shares held by the Plan at year-end.

Mutual Funds - Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Target Retirement Funds - Valued at net asset value (NAV). The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Funds can be redeemed daily, and there are no commitments as of December 31, 2013, 2012 and 2011.

Fixed Income Funds - Valued using pricing models maximizing the use if observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flow approach that maximizes observable inputs, such as credit and liquidity risks or a broker quote, if available.

The methods described above might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques might require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years December 31, 2013, 2012 and 2011, there were no significant transfers in or out of Levels 1, 2 or 3.

Substantially all the assets transferred into the Direct Energy U.S. 401(k) Plan were Level 1 investments. (See Note 1.)
