PETERSEN ALUMINUM CORPORATION
MONEY PURCHASE PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2014 AND 2013

(1) DESCRIPTION OF PLAN:

The following brief description of the Petersen Aluminum Corporation Money Purchase Pension Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General -

The Plan, established July 1, 1990, is a defined contribution plan covering all eligible employees. An employee becomes eligible to participate upon completion of one year of company service as defined in the Plan and attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan benefits all eligible employees of Petersen Aluminum Corporation (Company), its wholly owned subsidiary, Charleston Industries, Inc. (dissolved May 12, 2014), and Petersen Finishing Corporation, an affiliated company through common ownership.

Funding -

Company contributions to the Plan are a fixed percentage of eligible wages, as defined in the Plan document. The Company's funding policy is to provide 100% of required contributions. The Company has met the ERISA minimum funding requirements as of June 30, 2014 and 2013. There are no employee contributions made to the Plan.

Participant Accounts -

Each participant's account is credited with the Company's contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures -

At June 30, 2014 and 2013, forfeited non-vested accounts totaled $60,540 and $72,029, respectively. These accounts will be used to reduce future employer contributions. During the year ended June 30, 2014 and 2013, the Plan used $57,096 and $0, respectively of forfeitures to reduce employer contributions.

(1) DESCRIPTION OF PLAN (continued):

Payment of Benefits -

Under the provisions of the Plan, a participant, who is terminated by reason of death, disability or retirement, shall receive the amount in their separate account in the form of a qualified joint and survivor annuity, an annuity for the life of the participant or as a lump sum payment. The Trustees shall determine the manner in which distribution is to be made after consulting with the participant or beneficiary.

Vesting -

Vesting is based on years of continuous service. A participant is 100% vested after six years of credited service.

Plan Termination -

Although the Company has not expressed any interest in discontinuing its contributions or in terminating the Plan, it may do so at any time subject to the provisions as set forth in the Plan. In the event of Plan termination, participants will become 100% vested in their accounts.

Administration of Plan's Assets -

The Plan provides for Trustees to administer the Plan's assets. The assets of the Plan are invested in accordance with the policies established by the Plan Agreement and the Trustees. The Trustees also process and distribute benefit payments to separated participants or their beneficiaries based on information furnished to them by the Company. The Trustees receive no compensation for their services to the Plan.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The accompanying financial statements are prepared using the accrual method of accounting.

Estimates -

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Tax Status -

Earnings from Plan investments and employer's contributions are exempt from federal income taxes under Section 501(a) of the Internal Revenue Code.

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Investment Valuation and Income Recognition -

Investments are reflected at fair value. Gains and losses from sales of investments are netted with unrealized appreciation or depreciation in the statement of changes in net assets available for benefits (See Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits -

Benefits are recorded when paid.

(3) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

(3) INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (continued):

	June 30, 2014	June 30, 2013
Investments, at fair value	$ 17,864,120	$ 15,658,493
Investment income	616,235	390,665

(4) TRANSACTIONS WITH PARTIES-IN-INTEREST:

Certain legal and accounting fees and other administrative fees of the Plan are paid by the Company. Other than as described above, the Plan has had no transactions with any parties-in-interest.

(5) FAIR VALUE MEASUREMENTS:

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 and Level 2 inputs were not available. The Plan did not use Level 2 or Level 3 inputs for the years ending June 30, 2014 and 2013.

Level 1 The fair value of registered investment companies are based on quoted net asset values of the units held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of June 30, 2014:

	Fair Value	Level 1
Registered investment companies	$17,864,120	$17,864,120

(5) FAIR VALUE MEASUREMENTS (continued):

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of June 30, 2013:

	Fair Value	Level 1
Registered investment companies	$15,658,493	$15,658,493

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended June 30, 2014 and 2013 are reported in net appreciation (depreciation) in fair value of investments as follows:

	2014	2013
Registered investment companies	$ 1,838,921	$ 1,291,020

(6) CONCENTRATIONS:

Investments that represented 5% or more of the Plan's net assets at June 20, 2014 are as follows:

Description	Fair Value	Cost

JPMorgan SmartRetirement 2035 Fund	1,586,380	1,480,115

(7) RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) TERMINATED PARTICIPANTS:

Net assets available for benefits at June 30, 2014 and 2013, include approximately $1,350,000 and $745,000 respectively, allocated to the accounts of participants who are no longer active in the Plan as of that date.

(9) SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through April 3, 2015, the date which the financial statements were available to be issued. No significant events were discovered.
