Report on the Financial Statements

We have audited the accompanying financial statements of Community Medical Center 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year) as of June 30, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

COMMUNITY MEDICAL CENTER 401(K) RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 DESCRIPTION OF PLAN

The following description of the Community Medical Center 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1986 and most recently restated effective December 2, 2010 and most recently amended effective July 1, 2013. The Plan covers all employees of Community Medical Center (the Employer) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Audit and Finance Committee is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Effective July 1, 2013, the plan was amended to allow all employees to be immediately eligible for deferral contributions.

Community Medical Center was sold to RCHP/Billings – Missoula, LLC, RCHP – Montana, LLC, Billings Clinic, Billings/RCHP Healthcare Holdings, LLC and Regionalcare Hospital Partners, Inc. in an asset purchase agreement. Effective January 16, 2015, Regionalcare Hospital Partners, Inc. adopted the Plan and assumed sponsorship of the Plan.

Contributions

Eligible participants may defer up to 100% of their annual compensation. The Plan allows for automatic enrollment into the Plan of 3% of a participant's annual compensation unless the participant elects otherwise. The Plan allows catch-up contributions for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

For participants who have completed 800 or more hours of service during the plan year and are actively employed on the last day of the plan year, the Employer makes a matching contribution of 25% of deferrals up to the first 6% of eligible compensation.

Eligible participants may be entitled to a non-elective contribution of 3.25% of eligible employee compensation. Participants are eligible for this non-elective contribution if credited with at least 800 hours of service in the plan year for which the contribution is made and employed on the last day of the plan year. Certain participants may be entitled to a supplemental non-elective contribution. To qualify for the Supplemental Contribution for any plan year, a participant must have attained age 50 and earned at least 10 years of credited service under the Community Medical Center Employees' Pension Plan as of August 31, 1995, have been actively employed by Community Medical Center on July 1, 1995, be credited with at least 800 hours of service during the plan year for which the contribution is made, and be employed on the last day of the plan year. The amount of the supplemental contribution is based on age and service as of August 31, 1995.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution.

If a participant terminated employment and the participant's account balance is not greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Participant withdrawals prior to termination are allowed in the event of financial hardship or attainment of age 59½.

Vesting

Participants are immediately 100% vested in their own contributions and rollovers plus earning thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants are fully vested in the discretionary contributions upon reaching age 65, upon death or permanent disability or upon termination of the Plan. Termination of employment before any of the above occurs activates the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	50%
4	75%
5	100%

Forfeitures

Forfeitures of non-vested accounts can be used to pay Plan expenses or reduce the Employer's contribution. Forfeitures of \$-0- and \$39,409 were used to reduce the Employer's contribution for the years ended June 30, 2014 and 2013, respectively. Forfeitures of \$14,440 and \$51,944 were used to pay Plan expenses for the years ended June 30, 2014 and 2013, respectively. At June 30, 2014 and 2013, forfeited non-vested accounts totaled \$20,042 and \$39,409 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2014 and 2013.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the collective trust funds are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through April 10, 2015, the date the financial statements were available to be issued.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth additional disclosures for the fair value measurement of certain entities that calculate net asset value per share (or its equivalent) as of June 30:

2014				
<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Funds:				
Stable Value Fund	\$ 3,929	\$ -	Daily	Daily

Fixed Income Funds	109,910	-	Daily	Daily
Value Funds	230,550	-	Daily	Daily
International Funds	80,056	-	Daily	Daily

The stable value fund seeks to maintain safety of principal while obtaining a consistent, low volatility return superior to other high quality investment alternatives over a full interest rate cycle by actively managing a diversified portfolio of investment contracts.

Growth funds seek long-term capital growth by investing primarily in equity securities of small to large-capitalization companies.

Fixed income funds seek total return consisting of current income and capital appreciation by investing principally in investment-grade debt securities.

Value funds seek long-term growth of capital by primarily investing in equity securities of companies whose stock prices may be undervalued.

International funds seek long-term capital appreciation by investing primarily in foreign securities.

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on March 30, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the requirements of the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 PLAN TERMINATION

Although the Plan has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Wells Fargo Funds Management, LLC, a wholly owned subsidiary of Wells Fargo & Company. Therefore, these transactions qualify as party-in-interest. Additionally, Bidart & Ross, Inc. provides investment management services. Therefore, these transactions qualify as party-in-interest.

Missoula, Montana

Report on the Financial Statements

We have audited the accompanying financial statements of Community Medical Center 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year) as of June 30, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

COMMUNITY MEDICAL CENTER 401(K) RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 DESCRIPTION OF PLAN

The following description of the Community Medical Center 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1986 and most recently restated effective December 2, 2010 and most recently amended effective July 1, 2013. The Plan covers all employees of Community Medical Center (the Employer) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Audit and Finance Committee is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Effective July 1, 2013, the plan was amended to allow all employees to be immediately eligible for deferral contributions.

Community Medical Center was sold to RCHP/Billings – Missoula, LLC, RCHP – Montana, LLC, Billings Clinic, Billings/RCHP Healthcare Holdings, LLC and Regionalcare Hospital Partners, Inc. in an asset purchase agreement. Effective January 16, 2015, Regionalcare Hospital Partners, Inc. adopted the Plan and assumed sponsorship of the Plan.

Contributions

Eligible participants may defer up to 100% of their annual compensation. The Plan allows for automatic enrollment into the Plan of 3% of a participant's annual compensation unless the participant elects otherwise. The Plan allows catch-up contributions for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

For participants who have completed 800 or more hours of service during the plan year and are actively employed on the last day of the plan year, the Employer makes a matching contribution of 25% of deferrals up to the first 6% of eligible compensation.

Eligible participants may be entitled to a non-elective contribution of 3.25% of eligible employee compensation. Participants are eligible for this non-elective contribution if credited with at least 800 hours of service in the plan year for which the contribution is made and employed on the last day of the plan year. Certain participants may be entitled to a supplemental non-elective contribution. To qualify for the Supplemental Contribution for any plan year, a participant must have attained age 50 and earned at least 10 years of credited service under the Community Medical Center Employees' Pension Plan as of August 31, 1995, have been actively employed by Community Medical Center on July 1, 1995, be credited with at least 800 hours of service during the plan year for which the contribution is made, and be employed on the last day of the plan year. The amount of the supplemental contribution is based on age and service as of August 31, 1995.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution.

If a participant terminated employment and the participant's account balance is not greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Participant withdrawals prior to termination are allowed in the event of financial hardship or attainment of age 59½.

Vesting

Participants are immediately 100% vested in their own contributions and rollovers plus earning thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants are fully vested in the discretionary contributions upon reaching age 65, upon death or permanent disability or upon termination of the Plan. Termination of employment before any of the above occurs activates the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	50%
4	75%
5	100%

Forfeitures

Forfeitures of non-vested accounts can be used to pay Plan expenses or reduce the Employer's contribution. Forfeitures of \$-0- and \$39,409 were used to reduce the Employer's contribution for the years ended June 30, 2014 and 2013, respectively. Forfeitures of \$14,440 and \$51,944 were used to pay Plan expenses for the years ended June 30, 2014 and 2013, respectively. At June 30, 2014 and 2013, forfeited non-vested accounts totaled \$20,042 and \$39,409 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2014 and 2013.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the collective trust funds are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through April 10, 2015, the date the financial statements were available to be issued.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth additional disclosures for the fair value measurement of certain entities that calculate net asset value per share (or its equivalent) as of June 30:

2014				
<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Funds:				
Stable Value Fund	\$ 3,929	\$ -	Daily	Daily

Fixed Income Funds	109,910	-	Daily	Daily
Value Funds	230,550	-	Daily	Daily
International Funds	80,056	-	Daily	Daily

The stable value fund seeks to maintain safety of principal while obtaining a consistent, low volatility return superior to other high quality investment alternatives over a full interest rate cycle by actively managing a diversified portfolio of investment contracts.

Growth funds seek long-term capital growth by investing primarily in equity securities of small to large-capitalization companies.

Fixed income funds seek total return consisting of current income and capital appreciation by investing principally in investment-grade debt securities.

Value funds seek long-term growth of capital by primarily investing in equity securities of companies whose stock prices may be undervalued.

International funds seek long-term capital appreciation by investing primarily in foreign securities.

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on March 30, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the requirements of the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 PLAN TERMINATION

Although the Plan has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Wells Fargo Funds Management, LLC, a wholly owned subsidiary of Wells Fargo & Company. Therefore, these transactions qualify as party-in-interest. Additionally, Bidart & Ross, Inc. provides investment management services. Therefore, these transactions qualify as party-in-interest.

Missoula, Montana

Report on the Financial Statements

We have audited the accompanying financial statements of Community Medical Center 401(k) Retirement Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2014 and 2013, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets (Held at End of Year) as of June 30, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

NOTE 1 DESCRIPTION OF PLAN

The following description of the Community Medical Center 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1986 and most recently restated effective December 2, 2010 and most recently amended effective July 1, 2013. The Plan covers all employees of Community Medical Center (the Employer) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Audit and Finance Committee is responsible for the oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Effective July 1, 2013, the plan was amended to allow all employees to be immediately eligible for deferral contributions.

Community Medical Center was sold to RCHP/Billings – Missoula, LLC, RCHP – Montana, LLC, Billings Clinic, Billings/RCHP Healthcare Holdings, LLC and Regionalcare Hospital Partners, Inc. in an asset purchase agreement. Effective January 16, 2015, Regionalcare Hospital Partners, Inc. adopted the Plan and assumed sponsorship of the Plan.

Contributions

Eligible participants may defer up to 100% of their annual compensation. The Plan allows for automatic enrollment into the Plan of 3% of a participant's annual compensation unless the participant elects otherwise. The Plan allows catch-up contributions for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

For participants who have completed 800 or more hours of service during the plan year and are actively employed on the last day of the plan year, the Employer makes a matching contribution of 25% of deferrals up to the first 6% of eligible compensation.

Eligible participants may be entitled to a non-elective contribution of 3.25% of eligible employee compensation. Participants are eligible for this non-elective contribution if credited with at least 800 hours of service in the plan year for which the contribution is made and employed on the last day of the plan year. Certain participants may be entitled to a supplemental non-elective contribution. To qualify for the Supplemental Contribution for any plan year, a participant must have attained age 50 and earned at least 10 years of credited service under the Community Medical Center Employees' Pension Plan as of August 31, 1995, have been actively employed by Community Medical Center on July 1, 1995, be credited with at least 800 hours of service during the plan year for which the contribution is made, and be employed on the last day of the plan year. The amount of the supplemental contribution is based on age and service as of August 31, 1995.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability, or retirement, the participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution.

If a participant terminated employment and the participant's account balance is not greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Participant withdrawals prior to termination are allowed in the event of financial hardship or attainment of age 59½.

Vesting

Participants are immediately 100% vested in their own contributions and rollovers plus earning thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of credited service. Participants are fully vested in the discretionary contributions upon reaching age 65, upon death or permanent disability or upon termination of the Plan. Termination of employment before any of the above occurs activates the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	50%
4	75%
5	100%

Forfeitures

Forfeitures of non-vested accounts can be used to pay Plan expenses or reduce the Employer's contribution. Forfeitures of \$-0- and \$39,409 were used to reduce the Employer's contribution for the years ended June 30, 2014 and 2013, respectively. Forfeitures of \$14,440 and \$51,944 were used to pay Plan expenses for the years ended June 30, 2014 and 2013, respectively. At June 30, 2014 and 2013, forfeited non-vested accounts totaled \$20,042 and \$39,409 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2014 and 2013.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the collective trust funds are valued using the net asset value of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through April 10, 2015, the date the financial statements were available to be issued.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table sets forth additional disclosures for the fair value measurement of certain entities that calculate net asset value per share (or its equivalent) as of June 30:

2014				
<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective Funds:				
Stable Value Fund	\$ 3,929	\$ -	Daily	Daily

Fixed Income Funds	109,910	-	Daily	Daily
Value Funds	230,550	-	Daily	Daily
International Funds	80,056	-	Daily	Daily

The stable value fund seeks to maintain safety of principal while obtaining a consistent, low volatility return superior to other high quality investment alternatives over a full interest rate cycle by actively managing a diversified portfolio of investment contracts.

Growth funds seek long-term capital growth by investing primarily in equity securities of small to large-capitalization companies.

Fixed income funds seek total return consisting of current income and capital appreciation by investing principally in investment-grade debt securities.

Value funds seek long-term growth of capital by primarily investing in equity securities of companies whose stock prices may be undervalued.

International funds seek long-term capital appreciation by investing primarily in foreign securities.

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on March 30, 2012, in which the Internal Revenue Service (IRS) stated that the Plan, as designed, was in compliance with the requirements of the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 PLAN TERMINATION

Although the Plan has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Wells Fargo Funds Management, LLC, a wholly owned subsidiary of Wells Fargo & Company. Therefore, these transactions qualify as party-in-interest. Additionally, Bidart & Ross, Inc. provides investment management services. Therefore, these transactions qualify as party-in-interest.
