CHAMBERLIN ROOFING & WATERPROOFING RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. *DESCRIPTION OF THE PLAN*

The following description of Chamberlin Roofing & Waterproofing Retirement Plan, previously CWRs 401(K) Profit Sharing Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was formed on January 1, 1994 in Houston, Texas. On January 1, 2004, the Plan was amended through the adoption of a new plan agreement. Effective January 1, 2011, the Plan was amended and restated. The Plan was renamed to Chamberlin Roofing & Waterproofing Retirement Plan. The Plan is a defined contribution plan covering all full-time employees of Chamberlain Central Services, LLC (the Company) who have one year of service (1,000 hours) and are age twenty-one or older. Participants may enter the plan on January 1 or six months later after satisfying eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger - On January 24, 2012, the Company executed documents to join the Associated General Contractors Houston Chapter Multi Employer 401(K) Plan. In February 2012 all assets of the Chamberlin Roofing & Waterproofing Retirement Plan were transferred to the new plan.

Employee Contributions – Each year participants may contribute up to 20% of pre-tax annual compensation, subject to certain maximum amounts, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution that is currently 15% of the first 10% of base compensation that a participant contributes to the Plan. The Company matching contribution is invested in the same investment options as directed by the Participant. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the Participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on contributions, account balances, or as defined. The benefit to which a participant is entitled is the benefit that is provided by that participant's vested account balance.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution of a participant's account plus the earnings thereon is based on years of continuous service by the participant. A participant is fully vested after six years of service.

CHAMBERLIN ROOFING & WATERPROOFING RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. *DESCRIPTION OF THE PLAN (Continued)*

Loans to Participants – Participants may borrow from their account balances. The amount borrowed may not exceed the participant's account balance. Loans are secured by the account balance and bear interest at market rates (4.25% at February 7, 2012). Interest and principal are repaid through monthly payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum payment equal to value of the participant's vested account balance, or in installments as requested by the participant.

Forfeiture of Accounts – Forfeited non-vested accounts may be used to reduce employer contributions. At February 7, 2012, forfeited, non-vested amounts totaled \$-0-.

2. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

Date of Management's Review – Subsequent events were evaluated through January 15, 2015, which is the date that the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Basis of Accounting- The plan financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market price, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants- Loans to participants are reported at the unpaid principal balance plus accrued, unpaid interest.

CHAMBERLIN ROOFING & WATERPROOFING RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

3. *FAIR VALUE MEASUREMENTS*

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	<u>Fair Value</u>	Quoted Prices In Active Markets (Level 1)
<u>December 31, 2011-</u>		
Mutual funds	\$ 1,764,160	\$ 1,764,160
Money Market Funds	<u>346,350</u>	<u>346,350</u>
TOTALS	<u>\$2,110,510</u>	<u>\$2,110,510</u>

Fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of 3 broad levels. Level 1 inputs have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Fair value is measured at the highest available level of inputs, because the most reliable evidence of fair value is generally the highest level of inputs.

Level 1: Valuations are based on quoted prices in active markets for identical assets or liabilities. Example: NYSE closing prices used to value mutual funds and publicly traded stocks.

Level 2: Valuations are based on observable inputs (assumptions obtained from independent sources) for the asset or liability, either directly or indirectly. Example: Quoted prices used to value similar instruments in active markets such as bonds.

Level 3: Valuations are based on unobservable inputs (assumptions based on the best information available) that are significant to the fair value of the assets or liabilities. Example: Situations where there is little, if any, market activity for the asset or liability.

NOTES TO THE FINANCIAL STATEMENTS

4. *INVESTMENTS*

Investments Prepared and Certified by Trustee-

Investments prepared and certified by trustee included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified as complete and accurate by the trustee.

The Plan and the Company have entered into a trust agreement with MG Trust Company, L.L.C. (MG). MG maintains all contributions in an account for which it serves as custodian. MG purchases investments in the account as directed by participants. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The account balances are included in the financial statements at fair value as reported to the Plan by MG. The value of the accounts represents contributions made under the agreement, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at fair value.

On January 24, 2012, the Company executed documents to join the Associated General Contractors Houston Chapter Multi Employer 401(K) Plan. As a result, all plan assets were liquidated from their current investments, and the proceeds sent to the new provider, Transamerica Retirement Services, on February 7, 2012.

For the period January 1, 2012 through February 7, 2012, the Plan's investments increased in value by \$136,703 as follows:

Dividends from mutual funds	\$ 69
Unrealized appreciation in the value of mutual funds	<u>136,634</u>
Total net change in value of investments	<u>\$136,703</u>

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

9. *TAX STATUS*

The Internal Revenue Service has determined that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

10. *RISKS AND UNCERTAINTIES*

The Plan invests in investment securities, primarily mutual funds. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits
