NOTES TO FINANCIAL STATEMENTS

DIOCESE OF YOUNGSTOWN RETIREMENT INCOME PLAN

June 30, 2014 and 2013

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Diocese of Youngstown Retirement Income Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information. Effective the close of business June 30, 2011, the Plan was amended to freeze further accruals under the Plan with no further employee contributions permitted. Any covered employee on June 30, 2011 will continue as a participant and shall remain a participant as long as he or she retains an accrued benefit under the Plan. The frozen Plan was amended and restated in its entirety effective as of July 1, 2011.

General:

The Plan is a defined benefit pension plan covering eligible lay employees of the parishes, schools, and other organizations within the Diocese of Youngstown. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits:

Effective on and after July 1, 1991, the yearly amount of basic retirement income payable on or after the normal retirement date to a participant, other than a former employee, is equal to the greater of (1) and (2) below or the minimum retirement income. No benefits accrue after June 30, 2011.

- (1) 1.3% of the participants' final average earnings multiplied by their years of credited service and,
- (2) The accrued benefit earned as of June 30, 1991.

Final average earnings are based upon the five highest years of earnings from date of employment. Compensation after June 30, 2011 is disregarded.

Retirement income is payable monthly with each payment equivalent to 1/12 of the yearly amount. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. The minimum retirement income benefit is \$1,800 per year, assuming all requirements are met.

DIOCESE OF YOUNGSTOWN RETIREMENT INCOME PLAN

June 30, 2014 and 2013

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Pension Benefits (Continued):

The Plan permits early retirement at ages 55-64 if the employee has completed 10 years of service. The normal retirement benefit is reduced by an early retirement adjustment factor.

If a participant's service ceases by reason other than death prior to his/her normal retirement date, the participant may elect at any time prior to or on his/her retirement date to receive a refund of the participant's contributions together with credited interest computed thereon to the date the election is made.

Death Benefits:

Upon a participant's death, benefit payments will be made to the participant's spouse or beneficiary, as applicable. The benefit amount will be based on the participant's years of credited service prior to date of death with consideration of other factors including joint and survivorship form of payments, age adjustment factors and eligibility for early retirement.

Vesting:

A participant is 100% vested upon completing five years of service.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting:

The Plan prepares its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Earnings from plan assets are recognized when received rather than when earned, and expenses incurred in administering plan assets are recognized when paid rather than when the obligation is incurred.

Cash and Cash Equivalents:

The Plan considers all highly liquid debt instruments with a maturity of three months or less and money market funds to be cash equivalents.

DIOCESE OF YOUNGSTOWN RETIREMENT INCOME PLAN

June 30, 2014 and 2013

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments:

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Reference is made to Note D for further discussion of fair value measurements.

Actuarial Assumptions:

The actuarial present value of accumulated plan benefits is determined by actuaries from Findley Davies, Inc. and is an amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Significant assumptions used in determining the actuarial present value of accumulated plan benefits as of July 1, 2013 and 2012 are as follows:

Assumed rate of return	7.75% per annum at July 1, 2013 and 2012
Retirement age	Age 65 or the completion of 5 years of service, if later; participants at or beyond this age are assumed to retire immediately
Mortality:	
Actuarial accrued liability	RP-2000 Mortality Table as described under Regulation 1.430(h)(3) (static, not generational) projected by Scale AA, sex distinct, with the same blended rates pre- and post-commencement.
Current liability	RP-2000 Mortality Table as described under Regulation 1.430(h)(3) (static, not generational) projected by Scale AA, sex distinct, with the same blended rates pre- and post-commencement.
Termination	Crocker T-6 Scale

NOTE B - SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Actuarial Assumptions (Continued):

Estimated expenses

Anticipated administrative expenses to be withdrawn from the fund are assumed to be \$250,000 at July 1, 2013 and 2012

Salary scale

Since all benefit accruals under the plan have been frozen, no salary scale is required or applied.

Use of Estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Tax Status:

The Plan obtained its latest determination letter on August 12, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, constitutes a qualified plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxes.

The provisions of "Accounting for Uncertainty in Income Taxes" prescribe a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The amount recognized is measured as the amount of benefit that is greater than 50 percent likely of being realized upon ultimate settlement. The Plan recognizes interest and penalties accrued related to unrecognized tax uncertainties, if any, in income tax expense. As a result of the implementation of this standard, the Plan determined that there are no material uncertain tax positions.

The Plan is subject to potential income tax examinations for the open tax years ended June 30, 2011 through June 30, 2014.

NOTE D - FAIR VALUE MEASUREMENTS

The fair value hierarchy consists of three levels of input generally ranging from the most objective determination of fair value to the most subjective. The levels vary depending on the objectivity of the information used in valuation techniques to determine fair value. The levels as categories of inputs are defined as follows:

Level 1 inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 inputs generally are available indirect information, such as quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3 inputs are the most subjective, are generally based on the entity's own assumptions on how knowledgeable parties would price assets or liabilities, and are developed using the best information available in the circumstances.

The Plan's general account is an unallocated guaranteed deposit account with the Prudential Retirement Insurance and Annuity Company and is valued at contract value. The Plan transfers amounts among funds based upon management's judgment. The Plan transferred \$5,155 from Level 3 investment accounts to Level 1 investment accounts during the year ended June 30, 2014. NOTE F - LITIGATION SETTLEMENT

During the years ended June 30, 2014 and 2013, the Plan received settlements in the amounts of \$23,273 and \$59,858, respectively, as a result of The Prudential Companies' litigation against State Street Global Advisors and affiliate, State Street Bank and Trust Company (State Street). In February 2010, State Street reached a settlement with the Securities and Exchange Commission over charges that it misled investors about their exposure to subprime investments, resulting in significant investor losses in 2007. Damages were paid to The Prudential Companies and subsequently disbursed to certain retirement plans, including the Plan.

NOTE G - PARTIES-IN-INTEREST

The Plan investments are managed and administered by the Prudential Retirement Insurance and Annuity Company, Charles Schwab & Co., Inc., SJS Investment Consulting, Inc., and Findley Davies, Inc., and, therefore, these transactions qualify as party-in-interest transactions.

In addition, the Diocese of Youngstown (employer), Anness, Gerlach & Williams, CPA's (auditor) and Dominguez Consulting (benefits calculation consultant) qualify as parties-in-interest. The services rendered to the Plan by the auditor and the consultant are paid for by the Plan.

NOTE H - FUNDING AND MINIMUM FUNDING REQUIREMENTS

As a condition of participation, employees are required to contribute 2% of their salary to the Plan. However, as stated previously, no employee contributions are permitted after June 30, 2011 due to the frozen plan status. Present employees accumulated contributions at July 1, 2014 and 2013 were \$11,754,699 and \$13,562,168 respectively, including interest credited at the greater of 120% of the published Federal Mid-Term Rate and 8%. The Diocese's funding policy is to make annual contributions to the Plan that are, at a minimum, equal to minimum ERISA requirements, such that, when combined with employees' contributions, all employees' benefits will be fully provided for by the time they retire. The Diocese's contributions for 2014 and 2013 met the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Diocese has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

DIOCESE OF YOUNGSTOWN RETIREMENT INCOME PLAN

June 30, 2014 and 2013

NOTE I - PLAN TERMINATION

Upon termination of the Plan, the retirement income accrued on account of participants' coverage is nonforfeitable to the extent then funded. Satisfaction of each participant's benefit is limited to the plan assets and the Pension Benefit Guaranty Corporation (PBGC). In addition, plan assets available at the date of termination will be allocated in accordance with Title IV of ERISA.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The Plan maintains its cash and cash equivalents in a financial institution. Accounts at this financial institution are guaranteed by the Federal Deposit Insurance Corporation (FDIC) and/or Securities Investor Protection Corporation (SIPC) up to \$250,000. Financial Accounting Standards require disclosure of all deposit balances at financial institutions in excess of insured limits. On occasion, the Plan maintains cash and cash equivalent balances at this financial institution in excess of insured limits.

Assumptions Made In Valuing Spouse's Benefit

Ninety percent of the male and sixty percent of the female employees included in the valuation are assumed to be married. These percentages are used as the probabilities that survivor benefits will be payable due to preretirement deaths. The wife is assumed to be three years younger than the husband.

Optional Form Election

All employees are assumed to elect the modified cash refund annuity form of payment.

Annual Increases to Maximum Benefits and Plan Compensation Limits

None assumed.

Annual Increases to Social Security

Not applicable.

Provision for Expenses

The expected administrative (i.e. non-investment) expenses that will be paid from plan assets, which were assumed to equal \$250,000, were included in the Target Normal Cost for minimum contribution purposes.

Fiscal Year

The 12-month period ending each June 30.

APPENDIX B (Continued)

<i>MAP-21 Elections</i>	The MAP-21 segment rates have been used for minimum funding purposes as well as for the calculation of the AFTAP.
<i>Standing Elections</i>	The client has not signed an election that provides for the automatic use of the Carryover and/or Prefunding Balance if necessary at the end of the plan year to meet the minimum funding requirement.
<i>Asset Method</i>	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.
<i>Employees Valued</i>	Only participants as of the valuation date were valued.
<i>Benefits Not Valued</i>	Benefits derived from employee contributions that are payable to participants who terminate without a right to a vested benefit from the plan derived from employer contributions are not valued and are assumed to have a negligible impact on overall liabilities.

APPENDIX A

SUMMARY OF PRINCIPAL PLAN PROVISIONS

<i>Plan Sponsor</i>	Diocese of Youngstown
<i>EIN/PN</i>	34-0714655/001
<i>Effective Date</i>	September 1, 1966 amended and restated effective July 1, 2011.
<i>Plan Year</i>	The 12-month period ending each June 30.
<i>Participation</i>	Each lay employee becomes a participant on the first day the month coinciding with or next following their date of employment. However, no person shall become a participant in the plan unless they elect to make Mandatory Employee Contributions to the plan. Should a lay employee elect to make Mandatory Employee Contributions to the plan on a date after their date of employment, they will enter the plan on the first of the month coinciding with or next following the date of such election. Highly compensated employees are excluded from plan participation. Effective June 30, 2011, the plan was closed to new entrants.
<i>Earnings</i>	W-2 earnings during the prior Plan Year.
<i>Average Annual Earnings</i>	The highest average annual Earnings for any five Plan Years during the participant's period of Employment. Earnings in the year of termination will be excluded if doing so results in a higher average. Earnings for periods of time during which the participant was not making Mandatory Employee Contributions will be excluded. Average Annual Earnings for all plan participants was frozen effective June 30, 2011.

APPENDIX A (Continued)

Service

All years of service with the employer from the date of employment to the date of termination of employment, computed as follows:

- (1) For periods of employment prior to July 1, 1976, Service is calculated under the provisions of the prior plan and rounded up to the next full year.
- (2) For periods of employment on and after July 1, 1976, one year of Service is granted for each Plan Year during which the participant earns at least 1,000 hours of service.

No Service will be credited for Plan Years in which a participant elected not to make Mandatory Employee Contributions for the entire plan year.

Credited Service

The elapsed time from the date of employment with the employer to the date of termination of employment, calculated in completed full years and fractions of years. Each full calendar month of Credited Service, as well as aggregated partial months of Credited Service totaling a full 30 days, counts as 1/12 of a year of Credited Service. The following exceptions apply:

- (1) For lay employees who became participants prior to July 1, 1976, the first three years of service are excluded.
- (2) For lay employees who became participants on December 1, 1972, Credited Service prior to December 1, 1972 is limited to five years.
- (3) No Credited Service will be awarded after June 30, 2011 for any participants.

Mandatory Employee Contributions

In order to be eligible to participate in the plan employees must elect to contribute 2% of post-tax compensation. Effective June 30, 2011, no employee contributions are required or allowed.

APPENDIX A (Continued)

Accumulated Contributions

The total of an employee's Mandatory Employee Contributions plus interest. Interest on the Mandatory Employee Contributions is credited annually to the date of determination as follows:

- (1) For Plan Years beginning prior to January 1, 1988, at the interest rate specified in the plan as in effect on the applicable date; and
- (2) For Plan Years beginning on or after January 1, 1988, at the greater of eight percent or 120% of the Federal Mid-Term Rate for the first month of the Plan Year.

At any time after the participant's termination of employment but prior to commencement of benefit payments from the plan, the participant may request a refund of their Accumulated Contributions.

Employee Derived Benefit

A monthly annuity which is actuarially equivalent to the participant's Accumulated Contributions, calculated using the mortality table prescribed by Revenue Ruling 2001-62 and the annual rate of interest on 30-year Treasury securities for the month of May immediately preceeding the Plan Year in which the determination is being made. Participants are 100% vested in their Employee Derived Benefit at all times.

Accrued Benefit

A monthly benefit equal to the greater of (1), (2), (3), or (4) below:

- (1) $\frac{1}{12}^{\text{th}}$ of 1.3% of Average Annual Earnings multiplied by years of Credited Service.
- (2) The participant's monthly accrued benefit determined as of June 30, 1991 under the plan formula in effect on that date.
- (3) The participant's Employee Derived Benefit.
- (4) A minimum benefit of \$150 per month if the participant has at least five years of Service. However, if the participant began participating on or after July 1, 1992 and has less than ten years of service, the \$150 benefit will be prorated.

Effective June 30, 2011, all accrued benefits under the plan were frozen.

APPENDIX A (Continued)

Normal Retirement Benefit

Eligibility:

Attainment of age 65 for participants who began participating before July 1, 1988. The later of the participant's 65th birthday or the first day of the Plan Year containing the participant's fifth anniversary of participation for participants who began participating on or after July 1, 1988.

Monthly Benefit:

The Accrued Benefit.

Late Retirement Benefit

Monthly Benefit:

The Accrued Benefit as of the participant's early retirement date, reduced by 7.2% for each of the first five years and 3.6% for each of the next five years by which commencement precedes the participant's normal retirement date. The early retirement reduction factor for a participant commencing benefits at a non-integral age will be interpolated from the integral age factors.

APPENDIX A (Continued)

Termination Benefit

Eligibility:

Termination of employment with five years of Service. Participants also become eligible for a Termination Benefit if they were employed by the employer on their 55th birthday and subsequently terminate employment, regardless of their number of years of Service.

Monthly Benefit:

The benefit commences in full at the participant's normal retirement date or in a reduced amount at any time within the ten-year period preceeding the participant's normal retirement date if the participant had at least ten years of Service at termination of employment. Reduction for early commencement is calculated in the same method as provided under the Early Retirement Benefit above.

If the value of a participant's Termination Benefit is between \$5,000 and \$7,500, the participant may elect to begin payment of the benefit at any time after termination. If such an election results in benefits commencing prior to the ten-year period preceeding the participant's normal retirement date, the benefit will be reduced to the earliest retirement age using the methodology provided under the Early Retirement Benefit above and will be further reduced to the commencement date using the plan's actuarial assumptions.

Qualified Preretirement Death Benefit
