Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ohio Wesleyan University Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the "Plan"), which comprise the statements of net assets available for benefits as of June 30, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended June 30, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Bases for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Bases for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF"), as an insurance company and as Recordkeeper and agent for JPMorgan Chase Bank, N.A., the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of June 30, 2014 and 2013, and for the year ended June 30, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

NEXIA INTERNATIONAL

In addition, because of inadequacies in the Plan's records for the periods prior to January 1, 2009, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of June 30, 2014 and 2013, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year ended June 30, 2014.

Disclaimer of Opinion

Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of June 30, 2014 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Bases for Disclaimer of Opinion paragraphs, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following is a summary of certain provisions of the Ohio Wesleyan University Defined Contribution Retirement Plan and Tax Deferred Annuity Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code covering all qualified employees of Ohio Wesleyan University (the "University"), established as of January 1, 1967. Eligible employees may participate in the Plan immediately following their employment. Participants will be eligible for employer contributions after having attained age 18 and working at least 1,000 hours per year, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to make contributions of their eligible earnings on a "pre-tax" basis subject to certain limitations of the Internal Revenue Code. The University will match an amount equal to 100% of the first 5% of participant compensation for the first two years of service. After completion of two years of service, the University will match an amount equal to 100% of the first 1.5% of participant compensation and will provide a non-discretionary contribution at the rate of 10% of participant compensation for non-faculty. For faculty members, the non-discretionary contribution will be 11% of compensation for those contracted after July 1, 2012, and for those contracted before July 1, 2012 will vary between 10%-13%, dependent on age. The Plan also provides for the investment of qualified rollover contributions, catch-up contributions for participants age 50 or older and additional contributions for participants with 15 years of service or more.

Participants' Accounts

Teachers Insurance & Annuity Association-College Retirement Equities Fund ("TIAA-CREF") maintains an individual account for each participant. These accounts are credited with participants' contributions, University contributions and related earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. Participants elect to maintain their aggregate contributions in the investment funds. Separate accounting for each of the funds is made pursuant to the participant's designated election. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participant loans are permitted by the Plan but are administered by TIAA-CREF and are transacted outside the Plan. No participant loans are included in Plan assets. At June 30, 2014 and 2013, these outside loan balances totaled $71,366 and $82,846, respectively, and are generally collateralized by participant accounts in the Plan at 110% of the loan amount. As these loans are repaid, the collateral balance is reduced accordingly.

Vesting

Participants are at all times vested in all contributions and earnings thereon.

Note 1. Description of Plan (Continued)

Payment of Benefits

A participant, upon termination, death, disability or retirement, may elect to commence distribution of his or her account in the form of a transfer to an annuity or a lump sum payment. In the case of a severe financial hardship, TIAA-CREF, in its sole discretion, may direct distribution of all or a portion of the participant's elective and/or voluntary contributions, subject to certain restrictions of the Plan document and/or the related insurance contract.

Termination Provisions

The University anticipates and believes that the Plan will continue indefinitely; however, the University reserves the right to terminate the Plan at any time by an action of its Board of Trustees subject to the provisions of ERISA. In the event of termination of the Plan, the assets then remaining in the funds will be allocated and distributed to participants in accordance with the terms and provisions of the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The financial statements of the Plan do not include amounts related to certain investment contracts which became inactive prior to January 1, 2009. As contemplated in the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the University has made a good faith effort to determine the population of plan participants and has included amounts related to all known contracts in these financial statements. Accordingly, these financial statements are acceptable to the Department of Labor as part of the Plan's Form 5500 filing. However, because of the uncertainty involved in ascertaining all previous arrangements, it is possible that contracts may exist related to this Plan which have not been included in these financial statements and those amounts may be material. Accounting principles generally accepted in the United States of America require these amounts to be included in the financial statements.

The University has evaluated subsequent events through April 13, 2015, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for a discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There is no material difference between contract value and fair value or a difference between the crediting interest rate and the average earnings yield at June 30, 2014 and 2013.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

All administrative fees of the Plan are paid by the University or the Plan at the option of the University.

The University has an agreement in place with TIAA-CREF allowing the University to share in fee revenue generated by the Plan. This revenue credit income may be used to pay plan expenses.

To discourage short-term trading and help protect the long-term value of certain funds, a redemption fee will be charged equal to 2% of money transferred out of certain funds less than 60 days following initial purchase date. Redemption fees imposed on these funds are paid by the affected participants.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

Note 3. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Note 3. Fair Value Measurements (Continued)

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market data exists.

The following is a description of the valuation methodologies used for Plan assets measured at fair value:

- The Guaranteed Insurance Contracts are valued at contract value as determined by TIAA-CREF, which approximates fair value, and represents contributions plus interest at a specified rate, less participant withdrawals and fees. There are no quoted prices or other observable inputs for pricing. Accordingly, the Plan does not use separate quantitative information to value the contract. In determining the reasonableness of the methodology, the plan administrator evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments and overall credit ratings. Investments in Guaranteed Insurance Contracts are classified as Level 3.

- Investments in the Pooled Separate Account are reported at estimated fair value as determined by TIAA-CREF based upon its valuation of the underlying assets. The unit value of the TIAA Real Estate Fund is updated daily. The fair value of the TIAA Real Estate Fund is principally derived from periodic external appraisals of the underlying real estate holdings or other real estate-related investments and is classified as Level 2.

- Investments in CREF Funds (Registered Investment Companies) are revalued daily primarily using market quotations or prices obtained from independent pricing sources and are classified as Level 2.

- Investments in TIAA-CREF Funds (Registered Investment Companies) are reported at estimated fair value based upon the daily quoted net asset value of shares held by the Plan at year end and are classified as Level 1.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. There have been no changes in the methodologies used from 2013 to 2014. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following tables set forth by level the Plan's assets at fair value as of June 30, 2014 and 2013:

	Assets at Fair Value as of June 30, 2014

Note 4. Unaudited Information

The plan administrator has elected the methods of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at June 30, 2014 and 2013, the supplemental schedule at June 30, 2014, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2014 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

The following information represents 5% or more of the Plan's net assets at June 30:

	2014	2013
Investments:		
Guaranteed Insurance Contracts		
TIAA Traditional (NBR)	$ 33,573,698	$ 33,127,658
Registered Investment Companies		
CREF Stock	36,474,223	33,655,021
CREF Global Equities	7,500,367	6,055,466
CREF Growth	6,435,875	*

* Does not represent 5% of the Plan's net assets for the respective plan year

Note 4. Unaudited Information (Continued)

Changes in net assets not audited include the following for the year ended June 30, 2014:

Interest and dividends	$ 1,464,520
Net appreciation in fair value of investments:	
Guaranteed Insurance Contracts	1,040,815
Pooled Separate Account	458,524
Registered Investment Companies	13,720,148

Note 5. Guaranteed Insurance Contracts

The Plan has Guaranteed Insurance Contracts with Teachers Insurance & Annuity Association ("TIAA"), portions of which are considered to be benefit responsive. Contributions are maintained by TIAA in a general, unallocated account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Guaranteed Insurance Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because portions of the Guaranteed Insurance Contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Insurance Contracts. As described in Note 3, TIAA has determined that the contract value estimates fair value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Portions not considered to be benefit responsive are reported at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but is guaranteed to be between 1% and 3%. Such interest rates are reviewed on a monthly basis for resetting. In addition, the Board of Trustees of TIAA votes annually to determine if it will add a discretionary crediting interest rate to remain in effect for the remainder of the declaration year. Certain events limit the ability of the Plan to transact at contract value with the issuer. However, the plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Guaranteed Insurance Contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yield for the years ended June 30, 2014 and 2013 based on actual earnings and based on interest rate credited to participants was 3.42% and 3.30%, respectively.

Note 6. Income Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service stating the qualification of the Plan, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Income Tax Status (Continued)

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of June 30, 2014, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. Generally, the Plan's tax years remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities, for a period of three years.

Note 7. Party-in-Interest Transactions

The Plan's assets are held in Guaranteed Insurance Contracts, a Pooled Separate Account and Registered Investment Companies managed by TIAA-CREF. TIAA-CREF is the Plan Recordkeeper, therefore, these transactions qualify as party-in-interest transactions.

Note 8. Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
