(1) Description of the Plan

The following description of the Captek Softgel International, Inc. (the "Plan Sponsor" or "Employer") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established as a profit sharing plan with a cash or deferred arrangement on July 1, 1997. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"). The Plan was amended and restated in 2012 in which the Plan Sponsor adopted a volume submitter plan (Note 6).

Administration of the Plan

The Plan is administered by the Plan Sponsor. The Plan is operated under an agreement which requires that John Hancock Life Insurance Company ("John Hancock"), as asset custodian and record-keeper, holds and distributes the funds of the Plan in accordance with the Plan agreement and the instructions of the Plan Administrator or its designees.

Contributions

Effective July 1, 2012, employees are eligible to participate in the Plan after completing three months of service and attaining age 21, except members of a collective bargaining unit and non-resident aliens. Eligible employees are able to enroll in the Plan quarterly. Participants may contribute up to 100% of their annual compensation, after required deductions, such as those required by the Federal Insurance Contributions Act. Contributions are subject to certain limitations as defined in the Plan agreement, as well as a maximum of $17,500 for the calendar years ended December 31, 2014 and December 31, 2013, under the Internal Revenue Code of 1986. In addition, a catch-up contribution for participants who have attained the age of 50 or older in the amount of $5,500 is allowed by the Plan. Participants may roll over into the Plan amounts representing distributions from other qualified plans.

Effective July 1, 2013 the Plan Sponsor began making safe harbor employer contributions equal to 100% of salary deferrals that do not exceed 3% of their annual compensation plus 50% of salary deferrals between 3% and 5% of their annual compensation. The safe harbor matching contributions are immediately 100% vested.

(1) Description of the Plan (continued)

Contributions (continued)

The Plan Sponsor may make discretionary non-elective contribution (profit sharing) allocations and/or matching contributions to participants employed at the Plan's year end and participants who became deceased, retired or disabled during the year. Discretionary profit sharing contribution allocations are determined by the Plan Sponsor based upon each participant's compensation in proportion to the compensation of all participants. There were no discretionary profit sharing contributions during the year ended June 30, 2014. Discretionary matching contributions are determined by the Plan Sponsor based on a discretionary percentage of each participant's elective deferrals or a flat dollar amount allocated on a uniform basis to all participants. The Plan Sponsor made no discretionary matching contributions for the year ended June 30, 2014.

Transfer and Rollover Contributions

With the consent of the Plan Administrator, amounts may be transferred into the Plan from another tax qualified plan provided that the plan from which such funds are transferred permits the transfer to be made and the transfer will not jeopardize the tax exempt status of the Plan or create adverse tax consequences for the Plan Sponsor. Participants' transfers from other qualified plans and rollovers deposited into the Plan share in any earnings and losses in the same manner as employee and employer contributions. Each segregated account that is maintained on behalf of a participant shall be credited or charged with its separate earnings and losses.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Plan Sponsor's profit sharing, the Employer's safe harbor contributions and investment earnings are charged with an allocation of expenses and investment losses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement.

Vesting

Participants are now immediately vested in their contributions plus actual earnings thereon and the Employer safe harbor contributions. Prior to the fiscal year 2013, vesting in the Plan Sponsor's profit sharing and matching contributions plus actual earnings thereon was based on years of continuous service. A participant vested at the rate of 20% after two years of credited service and 20% each year thereafter until 100% is reached. Participants are also fully vested at death, normal retirement and upon termination for disability.

(1) Description of the Plan (continued)

Investment Options

The Plan offers various investment options which are managed by an outside investment manager. Upon enrollment in the Plan, participants may direct their contributions in any of the investment options offered at the time. Participants may change their investment options daily. Participants should refer to the investment literature provided by John Hancock for a complete description of the investment options and for the detailed composition of each investment fund.

Notes Receivable from Participants

Participants may borrow from their fund accounts. Such borrowings and repayments are treated as transfers from and to, respectively, the participant's investment funds. Borrowings are secured by the participant's vested account balance and bear interest at a rate of 2% over the prime rate. Loans are limited to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of the participant's vested account balance. A loan shall be repaid within five years, unless it is used for the purchase of a primary residence.

Notes receivable from participants are payable through payroll deductions in installments of principal plus interest at a rate of 5.25% with final payments due between April 2015 and July 2018.

Payment of Benefits

Upon termination of service due to death, retirement or disability, the following benefit payment options are available to each participant:

- Participants with vested account balances of $1,000 will receive a single lump sum payment in cash equal to the value of the vested interest in his or her account.
- Participants with vested account balances between $1,000 and $5,000 may elect to receive either a single lump sum payment in cash equal to the value of the vested interest in his or her account or rollover such amount to another qualified plan.
- Participants with vested account balances greater than $5,000 may elect to receive either a single lump sum payment in cash equal to the value of the vested interest in his or her account, rollover such amount to another qualified plan or defer benefits. If subject to required minimum distributions in accordance with the Plan's provisions, participants may receive distribution payments in installments.

(1) Description of the Plan (continued)

Payment of Benefits (continued)

Withdrawals by terminated participants, prior to the attainment of age 59½, which are not rolled over into another qualified plan, are also subject to ordinary income taxes, witholdings and penalty.

In-service account withdrawals are permitted for participants with 100% vested account balances upon the attainment of age 59½ or disability. Any withdrawals by participants prior to terminating employment with the Company and prior to age 59½ are subject to ordinary personal income taxes and penalty.

Forfeited Accounts

In accordance with the Plan agreement, forfeitures attributable to profit sharing and/or matching contributions must be applied first to reduce expenses related to the administration of the Plan and then to reduce any employer contributions. As of June 30, 2014 and 2013, forfeited accounts totaled $0 and $7,131, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

(2) Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The Plan Administrator has made a number of estimates and assumptions relating to the reporting of assets and liabilities to prepare these financial statements in conformity with GAAP. Accordingly, actual results may differ from those estimates.

(2) Significant Accounting Policies (continued)

Investment Valuation and Income

The fair value of the Plan's investments in pooled separate accounts was determined by the asset custodian based on quoted market values of the underlying investments. When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the mutual fund might reasonably expect to receive for the security upon a current sale.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the date received. Realized gains and losses on investments are based on the market value of the asset at the beginning of the year or at the time of purchase for assets purchased during the year and the related fair value on the date investments are sold during the year.

In accordance with GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive at the end of each contract term. GAAP requires that, the statements of net assets available for benefits presents the fair value of fully benefit-responsive investment contracts as well as an adjustment from fair value to contract value. The fair value of the Plan's investments in guaranteed investment contracts at June 30, 2014 and 2013 was $65,588 and $59,639, respectively. The contract value of the investments in guaranteed investment contracts at June 30, 2014 and 2013 was $65,046 and $57,554. Accordingly, the accompanying statements of net assets available for benefits include contract value adjustments.

The fair value of guaranteed investment contracts was determined based on the liquidation value calculated using a formula, as defined under the terms of the contracts. The aforementioned actuarial formula takes into consideration the following factors: (i) current interest rate for new deposits (established at the beginning of each month based on current market rates), (ii) composite rate (average yield), and (iii) the number of quarters remaining in the guaranteed term. The composite rate is determined at the end of the reporting year based on the dollar-weighted average rate of all contributions to a guaranteed interest account. After the end of each reporting year, contributions made will continue to earn that reporting year's composite interest rate until the end of the guaranteed term. For each reporting year in which a contribution to a guaranteed investment contract is made, a new account is established for all contributions made during that reporting year.

(2) Significant Accounting Policies (continued)

Investment Valuation and Income (continued)

Withdrawals or transfers from guaranteed investment contracts prior to the end of the guaranteed term are subject to a market value adjustment (account reduction), difference between fair value and contract or book value, if the current interest rate is higher than the composite rate.

The current rates for the Plan's three, five and ten year guaranteed investment contracts were 0.1%, 0.5% and 0.75%, respectively, as of June 30, 2014. The current rates for the Plan's three, five and ten year guaranteed investment contracts were 0.1%, 0.2% and 0.35%, respectively, as of June 30, 2013. Composite rates for the Plan's guaranteed investment contracts as of June 30, 2014 and 2013 were as follows:

Guaranteed	Composite Rates	
Accounts	June 30, 2014	June 30, 2013
3 year	0.1% - 0.22%	0.1% - 0.5%
5 year	0.15% - 1.72%	0.2% - 2.0%
10 year	0.4% - 4.6%	0.4% - 4.6%

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan's agreement.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative and Investment Expenses

The Plan and the Plan Sponsor share Plan expenses. Certain direct investment expenses, such as record keeping fees, investment fees, loan fees and withdrawal or distribution processing fees are deducted from participants' accounts and are netted with the net appreciation in fair value of pooled separate accounts on the accompanying statement of changes in net assets available for benefits.

(3) Investments

In accordance with GAAP, the Plan uses a hierarchy for measuring the fair value of all financial assets and liabilities that are being measured and reported at fair value on a recurring and non-recurring basis. Fair value is measured in levels, which are described in more detail below, and are determined based on the observability and reliability of the assumptions used to determine fair value.

Level 1: Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.

Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at June 30, 2014 and 2013.

Investments in the Plan are measured and reported at fair value on a recurring basis. The following tables show the balances of these assets based on their GAAP designated levels:

	As of June 30, 2014			
	Total	**Level 1**	**Level 2**	**Level 3**
Guaranteed investment contracts	$ 65,588	$ -	$ -	$ 65,588
Pooled separate accounts	2,420,118	-	2,420,118	-
Total	$ 2,485,706	$ -	$ 2,420,118	$ 65,588

(3) Investments (continued)

	As of June 30, 2013			
	Total	**Level 1**	**Level 2**	**Level 3**
Cash	$ 7,131	$ 7,131	$ -	$ -
Guaranteed investment contracts	59,639	-	-	59,639
Pooled separate accounts	1,686,152	-	1,686,152	-
Total	$ 1,752,922	$ 7,131	$ 1,686,152	$ 59,639

A reconciliation of the guaranteed investment contracts for the years ended June 30, 2014 and 2013 is as follows:

	2014	2012
Beginning balance	**$ 59,639**	$ 63,177
Purchases	**7,078**	3,642
Sales	**(154)**	(9,723)
Interest	**936**	997
Investment expenses	**(369)**	(539)
Change in adjustment from contract value to fair value	**(1,542)**	2,085
Ending balance	**$ 65,588**	$ 59,639

Management may also be required, from time to time, to measure certain other financial assets at fair value on a non-recurring basis in accordance with GAAP. During the years ended June 30, 2014 and 2013, no other financial assets were measured at fair value on a nonrecurring basis.

Because management did not elect the fair value option for any non-financial assets or liabilities, there were no other assets or liabilities that were measured at fair value during the years ended June 30, 2014 and 2013.

(4) Investments and Information Certified by John Hancock Life Insurance Company

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors' not to perform any auditing procedures with respect to the following information certified by John Hancock, except for comparing such information certified by the asset custodian to information included in the Plan's financial statements and supplemental schedules. The following presents the fair value of investments, which were certified by John Hancock, and that represent 5% or more of the Plan's net assets available for benefits:

(5) Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts and guaranteed investment contracts. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in the various risk factors could materially affect participants' account balances and the amounts reported in the financial statements.

(6) Tax Status

The Plan is based upon a prototype plan drafted by a third party service provider, California Benefit Planners. The IRS has determined and notified California Benefit Planners that the form of the prototype plan is acceptable under section 401 of the Code for use by employers for the benefit of their employees as of March 31, 2008. The Plan has since been amended to a volume submitter plan effective July 1, 2012, however, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income taxes is included in the accompanying financial statements.

(7) Parties-in-interest

Certain Plan investments are managed by John Hancock. John Hancock is the custodian of these assets and provides record keeping services to the Plan; therefore, these transactions qualify as permitted party-in-interest transactions. The Plan Sponsor performs administrative functions at no cost, which is also considered a permitted party-in-interest transaction.

(8) Prohibited Transactions

Untimely Remittance of Employee Contributions

For the year ended June 30, 2014, the Company transferred employee contributions and loan repayments of $84,105 into the Plan after what was considered to be a reasonable amount of time. These delinquent contributions are considered prohibited transactions by the Department of Labor and therefore may be subject to penalties and interest.

ERISA Bonding Requirements

For the Plan year ended June 30, 2014, the Plan did not meet the ERISA bonding requirements as set forth under ERISA section 412. The Plan Sponsor must be bonded for at least 10% of the amount of funds handled. As of June 30, 2014, the Plan Sponsor held $1,623 less than the required amount. Effective August 20, 2014, the Plan Sponsor obtained additional coverage of $25,000.

(9) Non-Discrimination Testing

In order to comply with the actual deferral percentage ("ADP") test for the year ended June 30, 2013, the Plan refunded contributions to several highly compensated participants in the amount of $20,746. The amount is reflected as corrective distributions in the accompanying statement of net assets available for benefits. There were no corrective distributions for the year ended June 30, 2014 due to the Safe Harbor contributions made during the year.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of guaranteed investment contracts per the financial statements to Form 5500 at June 30, 2014 and 2013:

	2014	2013
Guaranteed investment contract per financial statements	**$ 65,588**	$ 59,639
Adjustment from contract value to fair value for fully benefit responsive investment contract	**(542)**	(2,085)
Guaranteed investment contract per Form 5500	**$ 65,046**	$ 57,554

(11) Subsequent Events

The Plan Administrator evaluated subsequent events through March 23, 2015, the date the financial statements were available to be issued.
