NOTE 1 – PLAN DESCRIPTION

The following description of the Alliance, Inc. 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Alliance, Inc. (the Company) as of July 1, 2008 and restated effective December 11, 2009. All employees of the Company are eligible to participate in the Plan upon hire. Entry dates into the Plan are immediately following eligibility. For Company contributions, a participant must complete one year of service (defined as 1,000 hours) and attain age 21 to be eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute up to 100% of pretax annual eligible compensation, as defined in the Plan. Participants who have attained aged 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan allows for discretionary Company matching contributions. For the years ended June 30, 2014 and 2013, the Company did not contribute any discretionary matching contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and Company's discretionary matching contributions, as well as allocations of (a) Plan earnings and (b) administrative expenses. Allocations are based on participant compensation, participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual net earnings thereon. Vesting in the Company's discretionary matching contributions and related net earnings is as follows:

Years of Service	Vested Portion
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

However, participants will be 100% vested if termination of employment occurs on account of death or if termination of employment as a result of becoming disabled.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loans must be repaid in five years unless the proceeds are used to acquire a primary residence, which then must be re-paid in thirty years. The loans are collateralized by the balance in the participants' account and bear interest at a reasonable rate as determined by the Plan administrator. Loans are repaid through payroll deductions based upon an established amortization schedule.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant with a vested balance of less than $1,000 will receive a lump sum distribution. Participants or their beneficiaries who have a balance greater than $1,000 may elect to receive the total vested balance in a lump sum distribution or may leave the balance in the Plan until minimum distribution is required. Participants may withdraw voluntary contributions from their accounts by reason of financial hardship under specific guidelines set forth in the Plan. In-service withdrawals are also allowed for participants who are at least 59 ½ years old.

Forfeited Accounts

At June 30, 2014 and 2013, forfeited non-vested accounts totaled $35. Forfeited accounts are available to pay administrative expenses and any balances remaining thereafter are used to reduce employer contributions. For the years ended June 30, 2014 and 2013, no forfeitures were used to reduce administrative expenses or employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Finance Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2014 and 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through April 13, 2015, the date the financial statements were available to be issued.

NOTE 3 – CERTIFIED INVESTMENTS

Investments and notes receivable from participants held at June 30, 2014 and 2013, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividends for the years ended June 30, 2014 and 2013, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company, a subsidiary of Great-West Financial Company, the trustee of the Plan.

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013
American Funds 2015 Target Date Retirement Fund	$ 262,109	$ 181,060
American Funds 2035 Target Date Retirement Fund	120,924	134,479
American Funds 2030 Target Date Retirement Fund	151,734	115,287
American Funds 2025 Target Date Retirement Fund	141,258	108,588
American Funds 2020 Target Date Retirement Fund	124,340	112,934
American Funds 2040 Target Date Retirement Fund	91,906	77,382
American Funds EuroPacific Growth Retirement Fund	69,491	55,378
American Funds Growth Fund of America Fund	83,632	67,198

* Investment was less than 5% in the year indicated

During the years ended June 30, 2014 and 2013, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $167,189 and $104,503, respectively.

NOTE 5 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2014 and 2013.

Mutual funds: Valued at the net asset value of shared held by the Plan at year end. Shares are traded in an active market.

NOTE 5 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by the level, within fair value hierarchy, the Plan's investments at fair value as of June 30:

Value	33,827	-	-	33,827
Total investments, at fair value	$ 1,074,516	$ -	$ -	$ 1,074,516

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their entire accounts.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by EMJAY Retirement Services (a subsidiary of Great West Financial Company), the recordkeeper of the Plan as of June 30, 2014 and 2013. These investments qualify as party-in-interest investments/transactions. As described in Note 2, the Plan made a direct payment to the third party administrator of $4,386 and $5,042 during the years ended June 30, 2014 and 2013, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 8 –TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. Plan management intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability if the Company has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
