We have been informed by the plan administrator that Penn Mutual holds certain Plan investment assets and executes certain investment transactions. The plan administrator has obtained a certification from Penn Mutual as of December 31, 2013 and 2012, and for the year ended December 31, 2013, that the information provided to the plan administrator by Penn Mutual is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for the effects on Schedule H, line 4i-Schedule of Assets (Held At End of Year) of the matter described in the Basis for Disclaimer of Opinion paragraph, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the D.G. Smith Enterprises, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan was established effective November 1, 1988 for the benefit of all eligible employees of D.G. Smith Enterprises, Inc. and DayJoye Enterprises, Inc. (collectively the "Employer"). The Plan is a contributory profit sharing plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

An employee is eligible for participation in the Plan upon completion of twelve months of service with the Employer and 1,000 hours and attainment of age 21, prior to the entry dates of January 1 and July 1. Employees who are members of a collective bargaining unit are not eligible to participate in the Plan. Effective January 1, 2013, highly compensated employees are also not eligible to participate.

3. Contributions

Participants may elect to contribute on a tax-deferred basis up to the maximum deferral amount set by Section 402(g)(1) of the IRC of $17,500 for the year ended December 31, 2013. Additional "catch-up" contributions may be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution was $5,500 in 2013.

The Employer may make discretionary matching contributions and/or discretionary profit sharing contributions. No Employer matching or profit sharing contributions were made to the Plan in 2013.

4. Investment Options

Participants may direct employee and Employer matching contributions, as desired, in any of a variety of investment options held by American Funds, as chosen by the Employer.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

5. Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, Employer matching contributions, and allocations of the Employer's profit sharing contributions and qualified non-elective contributions (if applicable), and plan earnings. Employer profit sharing and qualified non-elective contributions are allocated as defined in the Plan. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on account balances, participant earnings, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan. Any remaining forfeitures are applied against future Employer contributions. As of December 31, 2013 and 2012, outstanding forfeitures were $0 and $3,362, respectively.

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balance. In the event of normal retirement age, or permanent disability or death while working for the Employer, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. Certain in-service distributions are permitted if specific criteria, as defined in the Plan, are met.

8. Vesting

Participant contributions, Employer safe harbor matching contributions, and Employer qualified non-elective contributions and actual earnings thereon are fully vested at all times. However, vesting of the Employer matching and profit sharing contribution portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Notes Receivable from Participants

The Plan permits participants to borrow from their account a minimum of $1,000 up to 50% of their vested account balance not to exceed $50,000, reduced by the highest outstanding loan balance during the prior twelve month period. The loans are secured by the balance in the participant's account. Loans shall bear an interest of prime plus 1% per annum. Loans must be repaid within five years of the day of issuance. Loans for the purchase of a principal residence may be paid back over a longer period. A participant is not allowed to have more than one outstanding loan at any given time.

10. Plan Termination

Although it has not expressed such intent to do so, the Employer reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. The assets of the Plan would be distributed to the participants based on each individual participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The plan administrator is responsible for carrying out the duties imposed under the Employee Retirement Income Security Act of 1974 (ERISA).

3. Payment of Benefits

Benefits are recorded when paid.

4. Administrative Expenses

Certain administrative expenses incurred by the trustee in performance of their duties are paid from the assets of the Plan. Investment related expenses are included in the net appreciation in fair value of investments. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

6. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2013 or 2012. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INVESTMENTS AND CERTIFICATION BY A CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to certain investments that were not audited and held by Penn Mutual Life Insurance Company (Penn Mutual), a custodian of the Plan. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by Penn Mutual, as complete and accurate except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules. However, audit procedures were applied to all other investments of the Plan held by American Funds and Community 1st Bank.

NOTE C - INVESTMENTS AND CERTIFICATION BY A CUSTODIAN (Continued)

NOTE E - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Mutual Funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment accounts: Valued at the sum of deposits to the account, transfers to the account from other investments, and credited interest less the sum of expenses, transfers, and distributions, if any. Interest rates are established effective the first day of the calendar month and apply to all contributions made in the account during the period. Interest is earned over a defined term of 1 month, provided all contributions remain in the account until maturity. For the year ended December 31, 2013, the average crediting rate and yield was 0.75%.

Interest bearing cash: Valued at cost plus interest.

Separate accounts: Valued on an Accumulation Unit Value ("AUV") basis as determined by the custodian. The AUV is based on the market value of its underlying investments, the fund's dividends, and contract charges. The AUV is not a publicly quoted price in an active market. Withdrawals from separate accounts are generally made within seven business days after the withdrawal request is received by the custodian. Transfers to the custodian's other investment options may not be less than $500, unless approval is obtained from the custodian. The custodian reserves the right to limit contributions and transfers to the separate accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENTS (Continued)

NOTE F - PARTY-IN-INTEREST AND PROHIBITED TRANSACTIONS

The custodians are parties-in-interest with respect to the Plan. All investments are held with the custodians. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

In 2013 and in 2012, the Employer borrowed plan assets totaling $11,000 and $25,000, respectively for a period of approximately three weeks each year. These borrowings by the Employer represent prohibited transactions between the Plan and a party-in-interest to the Plan and is in violation of ERISA under sections 404(a) and 406(a). To correct for these violations, the Employer has remitted lost earnings of $79 to the Plan and will pay applicable excise taxes. The prohibited transaction of $11,000 that occurred during the year ended December 31, 2013 plus lost earnings related to these prohibited transactions are reported on the supplemental Schedule of Nonexempt Transactions.

NOTE G - TAX STATUS

The Employer adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Administration errors, if any, which are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2010.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE I - SUBSEQUENT EVENTS

Effective January 1, 2015, the Employer amended and restated the plan document to reflect various changes to the law and plan design, the most significant change being the provision to exclude certain groups of employees from participation.

Plan management has evaluated subsequent events through April 16, 2015, the date the financial statements were available to be issued.
