NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Treecon Resources, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for the benefit of eligible employees, which covers substantially all of the employees of Treecon Resources, Inc. and other commonly controlled corporations.

To become a participant, an employee must have obtained 21 years of age and must have completed one year of service and be credited with 1,000 hours of service.

Contributions and Funding Policy

Each year, participants may contribute a percentage of their salary up to a maximum of $17,500 as of December 31, 2013 and 2014, as defined in the Plan. Participants who have attained age 50 or older before the end of the Plan year are eligible to make catch-up contributions up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans but will not become a participant in the Plan until the eligibility and entry date requirements are met. Participants direct the investment of their contributions into various investment options offered by the Plan. Patricipant contributions up to 4% are eligible to receive a Safe Harbor matching contribution equal to 100%. The employer may make an employer match at his discretion based on the amount the participant contributes. The employer shall determine the amount of any additional 401(k) contribution to be made to the Plan out of current or accumulated net profits. These will be discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings and market fluctuations. The vested portion of the value of the participant's employer contributed account shall be based on the number of years of service. The vesting schedule is as follows:

Years of Vesting Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN - (Continued)

Vesting- Continued

In addition, certain special contributions that are made to the Plan on the employee's behalf will always be 100% vested. If any of these special contributions are made to the Plan, the employee will always have an immediate ownership interest in such contributions. Examples of special contributions that may be made to the Plan include:

Safe Harbor Contributions
Qualified Employer Contributions (QNECs)

Participant Loans

Participants may borrow from their contribution accounts up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made or 50% of their vested account, reduced by any outstanding loan balance. Participants may have only one loan outstanding at any time and the maximum term of the loan is 5 years unless the loan is taken for the purchase of a primary residence. Participant accounts are pledged as collateral for participant loans. The interest rate will be determined by the Plan Administrator at a reasonable rate by reviewing the interest rates charged for similar types of loans by other lenders.

Principal and interest is paid ratably through monthly payroll deductions. If any payment of principal and inerest, or any portion thereof, remains unpaid by the end of the calender quarter following the calendar quarter in which the loan payment is due, they will be considered to be "in default." For purposes of Code Section 72(p), the Participant shall then be treated as having a deemed distribution regardless of whether or not a distributable event has occurred.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account or in the form of an annuity.

Distributions must commence no later than the first day of April following the calendar year in which the later of termination of employment or age 70½ occurs.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A brief summary of the significant accounting and reporting policies followed by the Plan in the preparation of its financial statements is presented below.

Date of Management's Review

Subsequent events were evaluated through February 3, 2015, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of September 30, 2014, there are no note receivables from participants.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

NOTE 3 - FAIR VALUE MEASUREMENTS

Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - FAIR VALUE MEASUREMENTS – (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2014:

September 30, 2014	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual Funds	$ 160,017	$ 160,017
Total assets at fair value	$ 160,017	$ 160,017

NOTE 4 - INVESTMENTS

The following presents investments at September 30, 2014 that represent 5% or more of the Plan's net assets:

American Funds 2025 Target Date Fund R2, 2,755 shares	$ 33,661
American Funds 2045 Target Date Fund R2, 1,103 shares	$ 14,207
Blackrock High Yield Bond Inv C, 1,764 shares	$ 14,466

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan is part of a prototype plan of July Business Services and the Internal Revenue Service has determined and informed the Plan by a determination letter on October 29, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for the years prior to 2010.

NOTE 7 - SEPARATED PARTICIPANTS

At September 30, 2014, accounts totaling $8,546 belong to ten participants who at the date of the financial statements have not directed disbursement of their accounts.

NOTE 8 - CERTIFIED INFORMATION

For the year ended September 30, 2014, American Funds, as custodian of the Plan, holds all of the Plan's investment assets and executes transactions therein. Financial information relating to the assets is included in the accompanying financial statements and is based on information provided by the custodian. The Plan administrator has instructed the independent certified public accountants not to examine the information certified as complete and accurate by the custodian. The custodian's certificate applies to substantially all Plan assets and transactions for the dates presented, as well as the Statement of Assets Held for Investment Purposes.

The following information was compiled from data certified by the custodian as being complete and accurate:

a. Information included in the statement of net assets available for benefits:

Investments at fair value

b. Information included in the statement of changes in net available for benefits:

Dividends and interest
Net appreciation (depreciation) in fair value of investment securities

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 10 - SUBSEQUENT EVENTS

Management of the Plan is not aware of any subsequent events through February 3, 2015, the date the financial statements were available to be issued, for events requiring to be recorded or disclosed in the financial statements for period ended September 30, 2014.
