1. PLAN DESCRIPTION

The following description of the Center Partners, Inc. 401(k) Plan, (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Center Partners, Inc. (the "Company") is a wholly owned subsidiary of WPP Group USA, Inc. ("WPP"). Prior to January 1, 2006, the Company was a participating employer in The Market Research Specialist Communication and Non-Media 401(k) Plan (the "Market Research Plan"), sponsored by WPP. Effective January 1, 2006, the Company adopted the Plan for the benefit of eligible employees of the Company. All assets of the Plan representing all participant account balances were transferred on October 13, 2014 to the Savings & Investment Plan, a Plan sponsored by WPP Group, USA Inc.

Vanguard Fiduciary Trust Company ("Vanguard") serves as the trustee and record-keeper of the Plan assets. The Plan is administered by the Company.

Eligibility

The Plan is a defined contribution pension plan covering virtually all employees of the Company. Employees may enter the Plan on the first day of each month after meeting the eligibility requirements. Salaried and hourly employees are eligible to make salary deferrals after completing one month and three months service, respectively, and are both eligible for employer contributions after they have completed one year of service.

All employees of the Company are eligible to participate in the Plan upon attainment of age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may elect to make discretionary matching and profit sharing contributions. Contributions are subject to certain limitations. Matching contributions were made in 2014 totaling \$69,042. There were no profit sharing contributions made in 2014.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions and allocations of (a) Company contributions and (b) Plan earnings and losses. The discretionary employer matching contribution is allocated based on employee salary deferrals up to 6% of eligible compensation, as determined by the Company. The employer's discretionary profit sharing contribution is allocated based on eligible compensation. The

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

A participant becomes vested in Company contributions and earnings thereon as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 3 years	0%
3 or more	100%

Forfeited Accounts

Forfeitures of non-vested benefits may be used to reduce contributions and Plan expenses, as determined by the Company. During the period from January 1, 2014 to October 13, 2014, forfeitures of \$4,901 were used to reduce Company contributions.

Benefit Payments

On termination of service due to death, disability or retirement, a participant may receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Additionally, under certain circumstances, in-service withdrawals are available under the Plan.

Notes Receivable from Participants

The Plan provides for loans and hardship withdrawals. The maximum that may be borrowed from the participant's vested account balance is the lesser of \$50,000 or 50% of the vested account balance. Loans require approval of the Plan Administrator, are secured by the balance in the participant's account, and bear an interest rate of 4.25%. Loan payments are made through payroll deductions in equal installments and must be paid back within five years unless the loan is to be used for the purchase of a primary residence, which may be paid back within a period of no more than ten years.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a number of mutual funds, a money market fund and a common collective trust fund as investment choices.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of October 13, 2014 or December 31, 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. Excess contributions at December 31, 2013 were \$27,837. These contributions were returned to the participants in 2014.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)-

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan, as provided for in the Plan Document, to the extent not paid by the Company.

Subsequent Events

The Plan's management evaluated subsequent events through January 15, 2015, the date the financial statements were available to be issued and no additional disclosures were required

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, or other inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. These inputs are supported by little or no market activity and require significant management judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2013. There are no Plan assets at October 13, 2014.

Level 1 Fair Value Measurements

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. FAIR VALUE MEASUREMENTS – (continued)

Level 2 Fair Value Measurements

The Vanguard Retirement Savings Trust ("VRST"), a common collective trust, invests primarily in synthetic guaranteed investment contracts and short-term money market funds. The Trust is valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013.

<u>Assets at Fair Value as of December 31, 2013</u>				
	Quoted Prices in Active Markets for Identical (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds:				
Bond funds	\$ 603,528	\$ -	\$ -	\$ 603,528
Growth funds	1,605,359	-	-	1,605,359

Value funds	1,654,498	-	-	1,654,498
Common collective trust	-	688,764	-	688,764

**CENTER PARTNERS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

4. INVESTMENT IN COLLECTIVE TRUST

The investment in the VRST includes fully benefit-responsive investments stated at fair value. Contract value is equal to principal balance plus accrued interest. There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no unfunded commitments and the redemption frequency is daily. The redemption notice period of the Trust is twelve months, which provides for Plan redemptions at contract value, subject to the provisions of the Trust. The average yield and crediting interest rates for the VRST were 1.98% and 1.56% for 2013. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events such as premature termination of the contract by the Plan or termination of the Plan, can limit the Plan's ability to transact at contract value with the Trust. In those events, the amounts withdrawn may be payable at fair value rather than contract value. However, based upon experience to date, the Plan Administrator does not believe that the occurrence of any event limiting the Plan's ability to transact at contract value with participants is probable.

5. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2013 are as follows:

Description of Investment	2013
T. Rowe Price Small-Cap Stock Fund	\$ 1,248,989
Vanguard Morgan Growth Fund	1,243,261
Vanguard Wellington Fund	1,027,317
Vanguard 500 Index Fund	795,297
Vanguard Retirement Savings Trust	688,764
Vanguard Windsor II Fund	627,181
Vanguard Total Bond Market Index Fund	603,528
Vanguard International Value Fund	432,315

There were no assets held in the Plan at October 13, 2014.

During the period from January 1, 2014 through October 13, 2014, the entire net appreciation in the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) of \$219,855 was attributable to investments in mutual funds.

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested in their account.

NOTES TO FINANCIAL STATEMENTS
OCTOBER 13, 2014 (DATE OF ASSET TRANSFER)**

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated April 1, 2013, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2010.

8. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

In accordance with 29 CFR 2520.103.5 of the Department of Labor Rules and Regulations for Reporting under ERISA, Vanguard, the Plan's trustee, has certified the following information, which has not been subject to audit by independent accountants, to be accurate and complete:

- a. Investment balances at fair value included in the Statements of Net Assets Available for Benefits at October 13, 2014 and December 31, 2013.
- b. Investment income, including interest and dividends and net appreciation in the fair value of investments in registered investment companies included in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2014 through October 13, 2014.
- c. Investment balances at current value included in the Schedule of Assets (Held at End of Period) - October 13, 2014.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a common collective trust managed by an affiliate of Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties-in-interest.
