Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pate Trucking's 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of July 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended July 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by American Trust & Savings Bank, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that American Trust & Savings Bank and the Trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodian as of July 31, 2014 and 2013, and for the year ended July 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule of Assets Held at Year End, as of July 31, 2014 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PATE TRUCKING'S 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

July 31, 2014 and 2013

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting records of the Plan are maintained on the accrual basis.

Investments are stated at fair value as of the last day of the plan year. Fair values of all investments are determined by quoted market prices.

Investments include employee self-directed accounts maintained at American Trust & Savings Bank.

The changes in market value of the Plan's investment in pooled separate accounts are reported in the statement of changes in net assets available for benefits as "net appreciation (depreciation) in fair value of investments."

The Trust Agreement provides that administrative expenses of the Trust shall be paid from forfeitures available under the Plan with remaining expenses being paid by the Employer. If forfeitures exceed administrative expenses, excess forfeitures are reallocated to remaining plan participants on the basis of eligible compensation in relation to the eligible compensation of all plan participants. Record keeping charges for inactive member accounts and loan accounts shall be deducted from those member's accounts. Certain administrative expenses are paid by the employer. Forfeitures totaled $10,023 for the year ended July 31, 2014 and $23,100 for the year ended July 31, 2013. Forfeitures used to pay administrative expenses and reduce employer contributions totaled $10,554 for the year ended July 31, 2014 and $15,743 for the year ended July 31, 2013.

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

As of July 31, 2014 and 2013 the Plan was covered by a fidelity bond in the amount of $302,000.

NOTE B - PLAN DESCRIPTION

The Plan is a defined contribution employee pension plan covering all employees of the Company who have completed three months of continuous service, have attained the minimum age of 21, and are actively employed. The Plan was originally adopted January 1, 1997 and was restated effective May 1, 2010. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan allows for employees to contribute a percentage of their compensation into the Plan, subject to regulatory deferral limits. Yearly, the Employer will contribute into each employee's account an amount equal to the amount contributed by the employee, limited to 3% of the employee's compensation, and may be made without regard to current or accumulated net profits.

In addition to the above, the Employer may also make additional nonelective discretionary contributions to the Plan. Such discretionary contributions will be allocated to the accounts of eligible participants based on the ratio of their annual compensation to the total annual compensation of all eligible participants.

Upon enrollment in the Plan, a participant may elect to direct employee contributions and the company matching contributions into a managed portfolio or select from among several mutual funds.

The following are the managed portfolios offered by the Plan:

Aggressive Growth Portfolio

NOTE B - PLAN DESCRIPTION (continued)

Employees are 100% vested in their contributions to the Plan at all times, and are vested in the Employer's matching and nonelective contributions in the following manner:

Years of Service	Vested Percentage
less than 3	0%
3	100%

Vested participants may borrow from their accounts a minimum amount of $1,000 up to a maximum of 50% of their vested account balances. The interest rate is determined at the time of loan origination and is set at the prime rate as published in the Wall Street Journal. The loans are repaid through payroll deductions, generally over a term no longer than five years. Participants are only allowed two loans per year, and are not allowed to have more than one loan outstanding at a time. If a Participant defaults on the repayment terms of their loan and amounts remain unpaid for more than 90 days, the loan becomes immediately due and payable.

Defaulted loan balances are deemed distributed and become taxable to the Participant when the Participant's vested account balance is distributed. As of July 31, 2014 and 2013, the amount of defaulted loan balances associated with vested account balances was $886 and $0, respectively. For plan years ended July 31, 2014 and 2013, amounts deemed distributed from defaulted loan balances were $324 and $3,739, respectively.

Upon separation from service with the Company, participants in the Plan are entitled to withdraw their vested account balances. As of July 31, 2014 and 2013, the total amount in vested account balances allocated to participants who had terminated employment with the Company was $274,181 and $456,829, respectively.

NOTE C - INCOME TAX STATUS

The Plan complies with the requirements of the Internal Revenue Code for exemption from federal income tax and has received a favorable determination letter of tax-exempt status dated March 31, 2008 from the Internal Revenue Service. The Plan has since been amended; however, the Employer and Plan administrator believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been recorded. The Plan continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information included in the financial statements and supplemental schedules.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE G – RELATED PARTY TRANSACTIONS

Certain plan investments are units of common collective trusts managed by American Trust & Savings Bank. American Trust & Savings Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $53,540 and $52,943 for the years ended July 31, 2014 and 2013, respectively.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with uncertain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ASC 820 *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quote prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's Level 1 assets include mutual funds.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan's Level 2 assets include investments in common/collective trusts.

NOTE I – FAIR VALUE MEASUREMENTS (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan does not have any Level 3 assets.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There are no differences in methodologies used as of July 31, 2014 and 2013.

Mutual Funds: These investments are reported at fair value, which is equal to the closing net asset value at the end of the trading day for each fund. This is the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan. The closing net asset values are readily available and based on active markets.

Common/Collective Trusts: These are units of American Trust-managed funds that are reported at fair value except for American Trust Stable Value Fund, which is reported at contract value. All American Trust funds are valued using readily available prices on the underlying securities held in the funds. The sum of the underlying securities' market value is divided by the number of units outstanding to arrive at a unit value.

American Trust Large Cap Core Fund – Investments in securities traded on a national securities exchange are valued at the last reported sales price on the daily pricing tape from an investment pricing service. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and ask prices. Money market funds are reported at net asset value, which approximates fair value. The net asset value of the fund is determined daily. Units are issued and redeemed daily, at the net asset value. Investments held by the fund are classified as Level 1 within the fair value hierarchy.

American Trust Mid Cap Core Fund - Investments in securities traded on a national securities exchange are valued at the last reported sales price on the daily pricing tape from an investment pricing service. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and ask prices. Money market funds are reported at net asset value, which approximates fair value.

NOTE I – FAIR VALUE MEASUREMENTS (continued)

The net asset value of the fund is determined daily. Units are issued and redeemed daily, at the net asset value. Investments held by the fund are classified as Level 1 within the fair value hierarchy.

American Trust Intermediate Bond Fund - Investments in the fund are valued at the last reported sales price on the daily pricing tape from an investment pricing service. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and ask prices. Money market funds are reported at net asset value, which approximates fair value. The net asset value of the fund is determined daily. Units are issued and redeemed daily, at the net asset value. Level 1 investments held by the fund include money market funds and are measured using the quoted price of the security. Level 2 securities include U.S. government and agency securities, obligations of states and political subdivisions, corporate debt securities, and mortgage related securities. The fair value measurement of a level 2 security is obtained from an independent pricing service and is based on recent sales of similar securities and other observable market data.

American Trust Stable Value Fund – Investments in securities traded on a national securities exchange are valued at the last reported sales price on the daily pricing tape from an investment pricing service. Securities traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the mean between the last reported bid and ask prices. Money market funds are reported at net asset value, which approximates fair value. The net asset value of the fund is determined daily. Units are issued and redeemed daily, at the net asset value. Investments held by the fund are classified as Level 1 within the fair value hierarchy. The American Trust Stable Value Fund invests in units of the Invesco Stable Value Trust, which holds synthetic guaranteed investment contracts ("synthetic GIC's"). Synthetic GIC's are portfolios of securities (debt securities or units of collective trusts) owned by the Invesco Stable Value Trust with wrap contracts associated with the portfolios. The fair value of wrap contracts is determined by Invesco based on issuer ratings determined by reference to credit ratings published by rating agencies and on the change in the present value of each contract's replacement cost.

The Invesco Stable Value Trust's investment contracts are carried at contract value. Investment contracts have elements of risk due to lack of a secondary market and resale restrictions resulting in the inability of the Invesco Stable Value Trust to sell a contract. In addition, investment contracts may be subject to credit risk based on the ability of the wrapper providers to meet their obligations under the terms of the contract. The net unit values of the classes of the Invesco Stable Value Trust are determined as of the close of each business day.

NOTE I – FAIR VALUE MEASUREMENTS (continued)

In accordance with the terms of the Trust Agreement, participant units are issued and redeemed only at the end of each day and at the net unit value at contract value, provided that redeeming participant plans comply with the required one-year notice provision. When the market value of units is less than their contract value, participant plans may also elect to withdraw units at their market value upon 10 days' notice.

As of July 31, 2014 and 2013, the crediting rate for the Invesco Stable Value Trust was 1.53% and 1.60%, respectively. Investments in the fund are classified as Level 2 within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of July 31, 2014.
