Independent Auditors' Report

The Plan Administrator
Pall Corporation Cash Balance Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Pall Corporation Cash Balance Pension Plan (the Plan), which comprise the statements of net assets available for benefits as of July 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 5, which was certified by The Bank of New York Mellon, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of July 31, 2014 and 2013, and for the years then ended, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**PALL CORPORATION
CASH BALANCE PENSION PLAN**

Notes to Financial Statements

July 31, 2014 and 2013

(1) Description of Plan

The following description of the Pall Corporation Cash Balance Pension Plan (the Plan) is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined benefit pension plan covering substantially all U.S. and Puerto Rico employees of Pall Corporation and its participating subsidiaries (the Company), other than the employees covered by a union or other retirement plan, who have at least six months of service and have attained the age 20-1/2. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The board of directors of the Company has appointed a committee (the Pension Committee), consisting of five members, to serve as plan administrator of the Plan. In January 2011, the Company amended and restated the Plan document in accordance with the Internal Revenue Service (IRS) regulations.

The Pension Committee has established the Pall Corporation Master Trust (Master Trust), which holds the commingled assets of the Plan and the Pall Trinity Micro Pension Plan for Hourly Rated Factory Employees (PTM Plan).

Under the terms of a trust agreement between The Bank of New York Mellon and the Plan, The Bank of New York Mellon is the Trustee of the Plan.

(b) Pension Benefit

Participants are entitled to annual pension benefits beginning at normal retirement age of 65. A participant's opening balance under the cash balance formula equaled the value of the participant's accrued benefit earned under the Pall Corporation Pension Plan as of July 31, 1999. Interest at 6.5% and the GATT Mortality table were used to convert July 31, 1999 accrued benefits to account balances. The participants' pension benefits are accumulated each service year by an amount equal to a percentage of their total annual pay (pay credit). The percentage used varies from 2.5% to 5.0% and is dependent upon the participant's age and years of service on the first day of the Plan year. Additionally, a participant who was at least age 50 with 10 years of service on August 1, 1999 is entitled to an additional pay credit of 2% for each plan year that the participant remains an employee. Participants are also credited with interest credits on both their account balance and annual pay credit. The rate used to determine the credits is based on the average yield on one-year U.S. Treasury Bills for the month of June of the preceding plan year. The rate used was 1.75% and 1.68% for the plan years ended July 31, 2014 and 2013, respectively. This computation of the final pension benefit is subject to certain limitations as more fully described in the Plan agreement.

The Plan permits early retirement at ages 55 to 64 for participants with five or more years of service. A participant who terminates with five or more years of service, for any reason other than death, is entitled to receive his/her retirement benefit on the first day of the month coinciding with or immediately following his/her termination of service. Participants with a vested pension benefit are entitled to receive benefits upon termination in the form of an annuity or a lump-sum payment.

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

Effective January 1, 2008, the plan offers rollovers of lump-sum benefit payments from the Plan to a Roth IRA, as permitted under IRS regulations.

(c) *Death and Disability Benefits*

If a participant dies before commencement of benefits, the designated beneficiary shall be eligible to receive the entire benefit regardless of the participant's vested status. The participant's beneficiary is entitled to receive his/her benefit payable as a lump sum or an annuity. The participant will be fully vested in his/her account balance upon death, and the participant's account will be credited with a pay credit during the year of death, if applicable.

If a participant becomes totally and permanently disabled, the participant will become fully vested in his/her account balance regardless of length of service and will continue to receive a pay credit during the year of disability. Upon becoming disabled, a participant may elect to receive his/her account immediately payable as a lump sum or an annuity. The benefit is calculated by taking the participant's account balance, a compensation credit for the full plan year of his disablement and projecting with interest credits through the participant's normal retirement date.

(d) *Administrative Expenses*

Administrative expenses are paid by the Plan if not paid by the Company.

(e) *Subsequent Events*

For the plan year ended July 31, 2014, the Company has evaluated subsequent events for potential recognition and disclosure through May 13, 2015, the date of financial statement issuance.

On May 13, 2015, the Company announced it has agreed to be acquired by Danaher Corporation for \$127.20 per share in cash, or \$13.8 billion including assumed debt and net of acquired cash. The transaction is subject to customary closing conditions, including approval by Pall shareholders, and is expected to close in calendar 2015.

(2) *Summary of Significant Accounting Policies*

The following are the significant accounting policies followed by the Plan:

(a) *Basis of Accounting*

The accompanying financial statements are prepared on the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, disclosure of contingent liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

(c) *Investment Valuation and Income Recognition*

The assets of the Plan are held in the Master Trust along with assets of the aforementioned Company-sponsored defined benefit pension plan, the PTM Plan. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions, asset transfers in, and allocated investment income less actual distributions, allocated investment loss, asset transfers out, and allocated administrative expenses.

Investments in securities held by the Master Trust are reported at fair value. Unit values in the Master Trust represent the Master Trust's proportionate participation in the investment funds and include earnings and realized and unrealized appreciation and depreciation of the funds' investments, less investment-related fees and expenses charged to the funds. Purchases and sales by the Master Trust are recorded on a trade-date basis. Interest income is recorded by the Master Trust on the accrual basis. The Master Trust records dividends on the ex-dividend date.

(d) *Actuarial Present Value of Accumulated Plan Benefits*

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by Mercer, the Plan's actuary, and represents that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of July 31, 2013 were: (a) life expectancy of participants (RP-2014 Separate Retiree and Employee white collar mortality tables, projected generationally with projection scale MP-2014), (b) retirement age assumptions, and (c) an interest rate of 6.75%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

(e) *Payment of Benefits*

Benefits to participants or their beneficiaries are recorded upon distribution.

(f) *Risks and Uncertainties*

The Plan invests in the Master Trust, which invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(3) Funding Policy

The Company, to the extent it is able to do so, will annually make contributions required to satisfy the minimum funding standards prescribed under Section 412 of the Internal Revenue Code, as amended (IRC). The Company will not contribute to the trust fund any amounts, which are not or may not be, deductible from income under Section 404(a) of the IRC. For the years ended July 31, 2014 and 2013, the minimum funding requirements have been met.

It is the intention of the Company to continue the Plan indefinitely and to contribute to the trust fund such amounts as are necessary to satisfy the full actuarially computed cost of providing the pensions payable under the Plan with respect to the participants employed by the Company in accordance with generally accepted actuarial principles adopted by the Pension Committee with the advice of its actuary. Nevertheless, the Company reserves the right to suspend such contributions from time to time, to discontinue them altogether, or to terminate the Plan in its entirety.

(4) Plan Termination

The Company intends to continue the Plan indefinitely, but reserves the right, at any time, to terminate the Plan. If the Plan is terminated, the trust fund shall be used for defraying the reasonable expenses of the Plan and for the exclusive benefit of the participants, retired participants and their spouses and beneficiaries as of the date of such termination. The rights of all active participants and retired participants affected by such termination to benefits accrued to the date of such termination, to the extent then funded, shall be nonforfeitable. Upon the complete termination of the Plan, after payment or the provision for the payment of expenses payable out of the trust fund in connection with the liquidation and the distribution of the trust fund, the remaining assets of the Plan, upon approval of the appropriate governmental or quasi-governmental authorities, shall be converted into cash and shall be allocated to and among and paid out to participants, retired participants and their spouses and beneficiaries in accordance with Section 4044 of ERISA in complete discharge of all liabilities of the Company and the Trustee for the benefits payable under the Plan. After the complete satisfaction of all liabilities to such participants, retired participants and their spouses and beneficiaries, any balances remaining in the trust fund shall be returned to the Company.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivors' pensions. The PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For plan terminations occurring during calendar years 2014 and 2013, that ceiling is \$4,943 and \$4,790, respectively, per participant per month.

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

(5) Plan Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by The Bank of New York Mellon, the Trustee of the Plan, as complete and accurate, except for comparing such information certified by the Trustee with information included in the Plan's financial statements.

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the PTM Plan. Each plan has an undivided interest in the Master Trust, the assets of which were held by The Bank of New York Mellon, the Trustee of the Plan, except for the Endowment TEI Fund, L.P. (the Limited Partnership) assets. The allocation of assets to the individual plans is determined based upon the ratio of the net assets of each Plan to total net assets of the Master Trust. At July 31, 2014 and 2013, the Plan's interest in the net assets of the Master Trust was approximately 75.16% and 78.25%, respectively. Investment income of the Master Trust and certain costs relating to the Master Trust are allocated to the individual plans based upon actual balances invested by each plan.

All Master Trust amounts were certified to be complete and accurate by The Bank of New York Mellon, the Trustee of the Master Trust as of and for the years ended July 31, 2014 and 2013, with the exception of the investments in the Limited Partnership. The value of the Limited Partnership assets as of July 31, 2014 and 2013 and the activity for the years then ended was obtained directly from the Limited Partnership's third-party administrator, and confirmed by the fund manager of the Limited Partnership. The Limited Partnership is a nondiversified, closed-end management investment company under the Investment Company Act of 1940, as amended.

Excluding the Plan's investment in the Limited Partnership, the Bank of New York Mellon has certified to the accuracy and completeness of the investment in net assets of the Master Trust, accrued interest, due from broker for sale of securities, and due to broker for purchase of securities at July 31, 2014 and 2013 and the investment income (loss) for the years ended July 31, 2014 and 2013, for the Plan as summarized below:

	<u>2014</u>	<u>2013</u>
Certified by Bank of New York Mellon:		
Plan's investment in the net assets of the Master Trust	\$ 111,102,131	113,095,014
Plan's share of investment income of the Master Trust	10,534,634	17,813,166

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

Investment income (loss) for the Master Trust for the years ended July 31, 2014 and 2013 is as follows:

	<u>2014</u>	<u>2013</u>
Certified by Bank of New York Mellon:		
Investment income:		
Net appreciation in fair value of investments	\$ 11,101,892	20,098,589

Limited Partnership:		
Investment income (loss)	<u>\$ 719,980</u>	<u>(53,952)</u>

During the years ended July 31, 2014 and 2013, the Master Trust's investments (including investments bought and sold, as well as held during the year) appreciated in value by \$11,821,872 and \$20,044,637, respectively, as follows:

	<u>2014</u>	<u>2013</u>
Equity securities	\$ 10,763,677	20,868,748
Debt securities	338,215	(770,159)

	<u>\$ 11,821,872</u>	<u>20,044,637</u>

(6) Fair Value Measurements

Master Trust investments are recorded at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The current authoritative guidance discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow), and the cost approach (cost to replace the service capacity of an asset or replacement cost). This guidance utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Use of observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Use of inputs other than quoted prices included in Level 1, which are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Use of inputs that are unobservable.

PALL CORPORATION
CASH BALANCE PENSION PLAN

Notes to Financial Statements

July 31, 2014 and 2013

The following is a reconciliation of Level 3 investments for which significant unobservable inputs were used to determine fair value during fiscal year 2014 and 2013:

	<u>2014</u>	<u>2013</u>
	<u>Level 3</u>	<u>Level 3</u>
	<u>Limited</u>	<u>Limited</u>
	<u>Partnership</u>	<u>Partnership</u>
Beginning balance at July 31	\$ 8,418,194	9,676,160
Net realized/unrealized gain (loss)	719,980	(53,952)
Sales	—	(1,204,014)
Ending balance at July 31	<u>\$ 9,138,174</u>	<u>8,418,194</u>

The Plan's investments in equity securities are valued using quoted market prices and, as such, are classified within Level 1 of the fair value hierarchy.

The fair value of the Plan's investments in debt securities are valued utilizing third-party pricing services. The pricing services use inputs to determine fair value, which are derived from observable market sources including reportable trades, benchmark curves, credit spreads, broker/dealer quotes, bids, offers, and other industry and economic events. These investments are included in Level 2 of the fair value hierarchy.

The fair value of the Plan's other investments included in Level 2 of the fair value hierarchy has been reported primarily using the net asset value per share of the investment as the practical expedient for measuring fair value as permitted for these types of investments.

The fair value of the Plan's other investments included in Level 3 of the fair value hierarchy has been valued using unobservable inputs which are subject to various redemption restrictions. Investments in the limited partnership are stated at net asset value (NAV). NAV is used as a practical expedient to estimate fair value of the Master Trust's investment. The use of the practical expedient requires management to include these assets in the fair value hierarchy based on the redemption provisions. The redemptions are at the discretion of the fund management. Redemption opportunities are offered when strategically practical to do so in conjunction with the maturities of certain underlying investments.

(7) Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits was determined by an independent actuary and represents that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits as of July 31, 2013 is as follows:

Vested benefits:

Participants currently receiving payments	\$ 24,450,988
Other participants	<u>83,161,107</u>
	107,612,095

Nonvested benefits

628,529

Total actuarial present value of accumulated plan benefits	\$ <u><u>108,240,624</u></u>
--	------------------------------

Changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits as of July 31, 2012	\$ 107,447,381
Increase (decrease) during the year attributable to:	
Interest due to decrease in discount period	6,883,851
Benefits accumulated and gains and losses	6,162,703
Benefits paid	(16,812,272)
Change in actuarial assumptions *	<u>4,558,961</u>
Actuarial present value of accumulated plan benefits as of July 31, 2013	\$ <u><u>108,240,624</u></u>

* Change in actuarial assumptions due to a change in the interest discount rate, updates to demographic assumptions as a result of an experience study, and the mortality assumption was updated from the combined healthy white collar RP-2000 generational for males and females mortality tables to the RP-2014 Separate Retiree and Employee white collar mortality tables, projected generationally with projection scale MP-2014. The mortality update led to a \$2,425,701 increase in liabilities.

(8) Income Taxes

The IRS has issued a favorable determination letter on January 30, 2012, which stated that the Plan and its underlying trust qualify under the applicable provisions of the IRC and, therefore, are exempt from federal income taxes. In the opinion of the plan administrator, the Plan and its underlying trust have operated within the terms of the Plan, and remain qualified under the applicable provisions of the IRC. The plan administrator is not aware of any other facts or circumstances that could adversely affect the Plan's qualified tax status.

Notes to Financial Statements

July 31, 2014 and 2013

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Related-Party Transactions

Fees paid by the Plan to the Plan's Trustee, The Bank of New York Mellon, for the years ended July 31, 2014 and 2013 in connection with investment activities qualify as party-in-interest transactions and amounted to \$125,614 and \$115,428, respectively.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial methods****Asset methods – Effective August 1, 2009**

The asset valuation method is an average of the adjusted market value for each year during the last 2 years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods – Effective August 1, 2008

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Transferred participants:** The liabilities for employees who have transferred into another plan of the plan sponsor have been included with the liabilities for terminated vested participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Minimum funding methods – Effective August 1, 2008**

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions*Benefits included or excluded*

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation
- **Most recent plan amendments included:** Dated February 7, 2012
- **Late retirement increases:**
 - *Active participants:* The plan provides benefit suspension notices to participants who work beyond their normal retirement. The plan provides for pay and interest credits until retirement age
 - *Deferred vested participants:* Current deferred vested participants who terminated prior to 8/1/1999 who are over normal retirement age are valued including the late retirement actuarial increase. Current deferred vested participants who terminated after 8/1/1999 who are over normal retirement age receive continued interest credits.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Sections 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60 percent of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Schedule SB, Part V — Summary of Plan Provisions

• Opening Account Balance	The lump sum, actuarially equivalent value of the benefit payable at age 65 under the Plan as of July 31, 1999, determined as of August 1, 1999, using an interest rate of 6.50% and the 1983 Group Annuity Unisex Mortality Table.
---------------------------	---

• Eligible Compensation	The total compensation received by a member for a Plan Year including overtime pay and bonuses. Eligible compensation is limited by IRC Section 401(a)(17). For 2013, this limit is \$250,000.
-------------------------	--

• Compensation Credits	Compensation Credits are added to the Cash Balance Account on the last day of the Plan Year, or at the end of the month immediately following a Participant's termination of service, if earlier. A member's compensation credit for a plan year is obtained by multiplying eligible compensation by the percentage indicated in the table below. The percentage is determined by "points", as shown in the table below, which are equal to the sum of age and years of service as of the first day of each plan year.
------------------------	--

If "points" (age + years of service) equal:	Compensation Credit Percentage
Less than 45	2.5%
45 – 54	3.0%
55 – 64	4.0%
65 or more	5.0%

A participant who is at least age 50 with 10 years of service on August 1, 1999, is entitled to an additional compensation credit of two percent (2%) for each Plan Year beginning on or after August 1, 1999, that the participant remains an employee.

For Plan Years beginning prior to August 1, 2011, a participant who does not complete 1,000 Hours of Service in any Plan Year shall not receive a compensation credit for such Plan Year.

For Plan Years beginning on or after August 1, 2011, the requirement that a member complete at least 1,000 hours of service in any Plan Year to receive a Compensation Credit is eliminated.

Schedule SB, Part V — Summary of Plan Provisions

• Interest Credits	Interest Credits are added to the Cash Balance Account on the last day of each Plan Year based on the average of the constant maturity one-year Treasury Bill rate for the month of June immediately preceding the Plan Year in which the Account is to be credited, with a minimum rate of 1.68%. In addition, interest on one-half of the Compensation Credits earned during the plan year is added to the account balance. Interest Credits will continue to be added to the account balance until distribution.
• Vesting	In the event of termination of employment other than by death or retirement, a member who has completed 3 or more Years of Service will be eligible to receive his accrued pension commencing on his normal retirement date or, if he so elects, at any time after his 55th birthday in which case the pension shall be reduced in the same manner as for early retirement. Vesting service for former employees of Gelman are determined as of the later of February 3, 1997, or date of hire.
Cash Balance Benefit	
• Eligibility	Three or more years of vesting service.
• Benefit	Cash Balance Account as a lump sum or converted to an annuity as of benefit commencement date based on Compensation Credits and Interest Credits through benefit commencement date. The annuity is determined by converting the Cash Balance Account to the Actuarial Equivalent monthly retirement benefit payable in the form of a single life annuity. The Actuarial Equivalent conversion factor is computed using segmented high quality corporate bond rates and the mortality required by Internal Revenue Code Section 417(e), as updated by the Pension Protection Act of 2006 (PPA). The annuity benefit may commence on the first day of any month following termination of employment. The Cash Balance annuity benefit is reduced for immediate distribution based on the Plan's actuarial equivalence at the time of distribution.
• Minimum Benefit	The July 31, 1999, accrued benefit.

Schedule SB, Part V — Summary of Plan Provisions

Disability

- Eligibility All participants who terminate employment by reason of disability as defined by the Social Security Administration – immediate vesting upon disability.
- Benefit

An annuity payable for life determined by projecting the Cash Balance Account as of the date of disability with Interest Credits (not Compensation Credits) through the participant's Normal Retirement Date, with the Interest Credits for any future Plan Year based on the Interest Crediting rate in effect for the Plan Year in which the disability occurs.

The projected Cash Balance Account is then converted to an Actuarial Equivalent single life annuity benefit payable for the participant's life.

This benefit is paid to the disabled participant beginning on the first day of the month coincident with or immediately following the participant's disability until his Normal Retirement Date, or until he is no longer disabled, if earlier.

Pre-retirement death

- Eligibility All participants, immediate vesting upon death.
- Benefit

For single participants and non-spouse beneficiaries, the Cash Balance Account payable as a lump sum distribution. For married participants, the Cash Balance Account payable as a lump sum distribution, the Cash Balance Account converted to a single life annuity of actuarial equivalence or the survivor annuity payable to a spouse at least equal to the amount of the qualified preretirement survivor annuity as defined in Internal Revenue Code Section 417(c).

Form of benefits

- Automatic form for unmarried participants A "Single Life Annuity" provides an amount of monthly income for the life of the participant.
 - Automatic form for married participants A "Qualified Joint and Survivor Annuity" that provides a reduced amount of monthly income for the life of the participant and, in the event of participant's death, an amount of monthly income equal to 50% for the life of the surviving spouse. The Qualified Joint and Survivor Annuity is the actuarial equivalent of the Single Life Annuity otherwise payable.

Schedule SB, Part V — Summary of Plan Provisions

• Optional forms	<p>Option 1: A single lump sum distribution</p> <p>Option 2: A joint and seventy-five percent (75%) survivor annuity</p> <p>Option 3: A joint and fifty percent (50%) survivor annuity</p> <p>Option 4: A 5 year certain and life annuity</p> <p>Option 5: A 10 year certain and life annuity</p> <p>If a participant elects to commence distribution prior to becoming eligible for early or normal retirement, only the normal forms of payment and a lump sum distribution are available. The lump sum distribution is equal to the participant's account balance at his benefit commencement date.</p>
------------------	--

Miscellaneous

• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. This limit is indexed annually. For 2013, the limit is \$250,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2013, the limit is \$200,000.

Plan provision Changes Since Prior Valuation

No plan provision changes have occurred since the August 1, 2012 valuation.

Schedule SB, Line 24 — Change in Actuarial Assumptions

- Interest discounts were updated from 2012 to 2013 in accordance with PPA.
- The expense component of normal cost increased from \$249,000 to \$260,000 to reflect our expectations for the current plan year.
- Withdrawal rates were updated to better align with experience.
- Retirement rates were updated to better align with experience.
- Benefit commencement age for future vested deferred and current vested deferred with post-8/1/1999 termination was updated from immediate to 2 years from date of termination if termination was less than two years from valuation date; otherwise, immediate. This change was made to better align with actual plan experience.
- Benefit commencement age for current vested deferred with pre-8/1/1999 termination was updated from age 65 to 62. This change was made to better align with actual plan experience.
