Notes to Financial Statements

July 28, 2014 and December 31, 2013

Note 1: Description of the Plan

The following description of the ABF Freight System, Inc. 401(k) Savings Plan (the "Plan") provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Plan document and the *Summary Plan Description*, which are available from ABF Freight System, Inc., the Plan Administrator.

General

The Plan was a defined contribution plan covering employees of ABF Freight System, Inc. (the "Company") who were members of a collective bargaining unit and met the eligibility requirements of the Plan. See the *Plan Termination* section of this *Note* for discussion of the plan spinoff and related transfers of plan assets during 2013 and the short plan year ended July 28, 2014.

The Company is a subsidiary of ArcBest Corporation, formerly Arkansas Best Corporation. (On May 1, 2014, Arkansas Best Corporation changed its name to ArcBest Corporation.) The Plan was subject to the provisions of the *Employee Retirement Income Security Act of 1974* ("ERISA"). For 2014 and 2013, Transamerica Retirement Solutions Corporation was the Plan recordkeeper and State Street Bank and Trust Company was the trustee and custodian of the Plan.

For the year ended December 31, 2013, participant account balances totaling $53,914 were transferred from the Plan to the ArcBest 401(k) and DC Retirement Plan, formerly the Arkansas Best 401(k) and DC Retirement Plan, which covers the eligible nonunion employees of ArcBest Corporation and certain of its subsidiaries, including ABF Freight System, Inc.

Plan Termination

On October 30, 2013, ABF Freight System, Inc. entered into a participation agreement to participate in the Teamsters-National 401(k) Savings Plan (the "Teamsters-National Plan") with respect to employees covered by the Company's collective bargaining agreement with the Local Unions affiliated with the International Brotherhood of Teamsters, which are also covered employees of the Plan. On October 30, 2013, on behalf of the Plan, ABF Freight System, Inc. entered into an Agreement and Plan of Spinoff and Merger with the Teamsters-National Plan effective December 16, 2013, subject to the provisions of ERISA.

On December 17, 2013, substantially all the assets of the Plan, including participant loans, were transferred to the Teamsters-National Plan. Participant contributions were made to the Plan through the pay period ending November 23, 2013 and were made to the Teamsters-National Plan after this date. Until the December 17, 2013 transfer of assets, there were no other changes in the operating activities of the Plan.

The assets remaining in the Plan as of December 31, 2013 which totaled $114,980, less the related net depreciation in the fair value of investments until the time of transfer, were transferred to the Teamsters-National Plan during January 2014. During the period ended July 28, 2014, life insurance proceeds totaling $185,429 for the cash surrender value of participants' allocated life insurance contracts (see *Life Insurance Policies* disclosure in *Note 2*) were transferred to the Plan. These life insurance proceeds, less the related net depreciation in fair value during the period the

investments were held by the Plan, were subsequently distributed as benefit payments to participants or as transfers to the Teamsters-National Plan. Total transfers from the Plan to the Teamsters-National Plan for the period ended July 28, 2014 totaled $256,083. As of July 28, 2014, there were no assets or liabilities remaining in the Plan.

Contributions

The Plan did not provide for any contributions from the Company. For 2013, the Plan allowed participants to contribute up to 69% of their annual compensation, as defined by the Plan, through salary deferral, subject to certain limitations. In addition to regular pre-tax 401(k) contributions, in 2013, the Plan allowed for after-tax Roth contributions. Employees were able to designate all or part of their elective contributions as after-tax Roth contributions. Employee rollover contributions were permitted in 2013.

Participant Investment Account Options

Participants directed the investment of their contributions into various investment options offered by the Plan, including mutual funds, the collective trust, variable annuity funds, and the self-directed Schwab Personal Choice Retirement Account® (the "PCRA"). Participants could change the allocation of their investments daily.

The Plan's investment committee was authorized to change the available investment options from time-to-time.

Participant Accounts

Separate sources were maintained within a participant's 401(k) account for 401(k) contributions and Roth 401(k) contributions. Each participant's account was credited with related investment returns and was charged with an allocation of transaction processing and account administration fees, which are reflected in the accompanying statements of changes in net assets available for benefits as administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their 401(k) contributions plus earnings thereon.

Payment of Benefits

Upon termination of service, a participant was entitled to receive a lump-sum amount equal to the balance of the participant's account, which was paid either as a direct rollover or directly to the participant. Beginning in 2012, a participant who selected a SecurePath for Life investment option of the Plan could also elect any distribution method permitted by the investment option.

Notes Receivable from Participants

Prior to the December 17, 2013 transfer of substantially all assets of the Plan to the Teamsters-National Plan, notes receivable from participants consisted of participant loans. There were no participant loans outstanding at July 28, 2014 or December 31, 2013. The Plan document included provisions authorizing loans from the Plan to active eligible participants. Participants could borrow from their 401(k) account a minimum of $1,000 up to a maximum calculated as the lesser of 50% of their account balance or $50,000 reduced by the participant's highest loan balance in the preceding twelve-month period. The loans were secured by the balance in the participant's account and were repayable generally over a period not to exceed five years (except for loans for the purchase of a principal residence). Interest on the loans was determined by the Plan Administrator based on reasonable rates of interest at prevailing rates for loans of a similar nature.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

As discussed in *Note 1*, an agreement to spinoff and merge the Plan with and into the Teamsters-National Plan was entered into on October 30, 2013 and substantially all the assets of the Plan were transferred to the Teamsters-National Plan on December 17, 2013. As of July 28, 2014, there were no assets remaining in the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan used the liquidation basis of accounting to present the 2014 and 2013 financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, were used to value investments. Quoted prices for mutual funds were the net asset value ("NAV") of shares held by the Plan at the financial statement date. Common stocks were valued at the closing price reported on the active market on which the securities are traded. See *Note 4* for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the payment date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were reported at the amortized principal balance plus accrued but unpaid interest. The accrual of interest on loans was discontinued at the end of the quarter during which the loan becomes 90 days past due, unless the credit was well-secured and in process of collection. Past due status was based on contractual terms of the loan.

All interest accrued but not collected remained as part of the balance due at the date the loan became a deemed distribution and was placed on nonaccrual status. Loans were returned to active status when all the principal and interest amounts contractually due were brought current and future payments were reasonably assured. Delinquent loans that reached default status were treated as distributions based upon the terms of the Plan document.

Plan Tax Status

The Plan obtained its latest determination letter on July 23, 2012, in which the U.S. Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the U.S. Internal Revenue Code and, therefore, not subject to income tax. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan and related trust were designed and operated in compliance with the applicable requirements of the U.S. Internal Revenue Code as of and for the periods ended July 28, 2014 and December 31, 2013. The Plan is generally no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2011.

Payment of Benefits

Benefit payments to participants were recorded upon distribution.

Administrative Expenses

All investment-related administrative charges were paid by the Plan as provided in the Plan document. The Company paid all other expenses of the Plan in 2014 and 2013.

Life Insurance Policies

Prior to July 1, 1987, the Plan offered an option to invest in allocated life insurance contracts. The Plan had no liability under these life insurance contracts and the contracts' values are excluded from the assets of the Plan. Upon death of the participant, benefits were paid directly to the beneficiary. Prior to 2014, any cash surrender value upon termination of a life insurance policy was paid directly to terminated participants or to the Plan for active participants. Following the Plan's entrance into the Agreement and Plan of Spinoff and Merger with the Teamsters-National Plan (see *Plan Termination* disclosure in *Note 1*), participants insured under these life insurance contracts were given the option to purchase the policies at their cash value and maintain the policies with the insurance company. During the period ended July 28, 2014, the cash surrender value of the remaining life insurance policies not purchased by participants were transferred into the Plan and

either paid directly to the insured participant, at the election of the participant, or transferred to the Teamsters-National Plan on behalf of the participant.

Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

Note 3: Investments

The Plan's investments were directed by participants into the various investment options. The fair value of the Plan's investments at July 28, 2014 and December 31, 2013 was as follows:

	2014	2013
Mutual funds	$ —	$ 112,465

During the period from January 1, 2014 through July 28, 2014 and plan year ended December 31, 2013, the net appreciation (depreciation) in fair value of the Plan's investments (including gains and losses on investments bought, sold and held during the year) was as follows:

	2014	2013
Mutual funds	$ (1,507)	$ 22,439,737
Collective trust investment	13	306,461
Common stock	—	138,286
Variable annuity funds	—	8,210
Other	—	11,133
	$ (1,494)	$ 22,903,827

The fair value of the Plan's individual investments that represented 5% or more of net assets available for benefits at July 28, 2014 and December 31, 2013 were as follows:

	2014	2013
Harbor International Fund	$ —	$ 112,459

There was no interest or dividends realized on the Plan's investments for the period from January 1, 2014 through July 28, 2014. Interest and dividends realized on the Plan's investments for the year ended December 31, 2013 totaled $1,536,754.

Note 4: Fair Value of Plan Assets

Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 specifies a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three broad levels described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the plan periods ended July 28, 2014 and December 31, 2013. The Plan had no liabilities measured at fair value on a recurring basis, and the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities were classified within Level 1 of the valuation hierarchy. The Plan's mutual fund investments were classified as Level 1. As of July 28, 2014 and December 31, 2013, the Plan had no investments classified as Level 2 or Level 3.

Recurring Measurements

There were no net assets remaining in the plan as of July 28, 2014. The following table presents, for each of the fair value hierarchy levels, the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits measured at fair value on a recurring basis at December 31, 2013:

		2013 Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
Mutual funds				
International equity	$ 112,459	$ 112,459	$ —	$ —
Money market	6	6	—	—
Total	$ 112,465	$ 112,465	$ —	$ —

Note 5: Party-in-Interest Transactions

Party-in-interest transactions included those with fiduciaries or employees of the Plan, any person who provided services to the Plan, an employer whose employees were covered by the Plan, an employee organization whose members were covered by the Plan, a person who owned 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invested in certain funds managed by the Plan recordkeeper, Transamerica Retirement Solutions Corporation, or issued by Transamerica Life Insurance Company, which are affiliated companies owned by AEGON N.V. The Diversified Stable Pooled Fund is managed by Transamerica Retirement Solutions Corporation, and the SecurePath for Life investment options are variable annuity funds issued by Transamerica Life Insurance Company; therefore, transactions with these funds qualified as party-in-interest. National Financial Services and Mid Atlantic Capital Corporation provided securities brokerage services to the Plan during 2013. Fees paid by the Plan for securities brokerage and investment management services were included in net appreciation (depreciation) in fair value of investments.

The Plan paid $847 and $47,409 of transaction processing and account administration fees to Transamerica Retirement Solutions Corporation during 2014 and 2013, respectively, which are included in administrative expenses. Individually immaterial expenses paid by the Plan to parties-in-interest aggregating to $19,801 were recorded in administrative expenses for 2013. The Company provides certain administrative services at no cost to the Plan.
