INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Aultman Orrville Hospital 403(b) Plan
Orrville, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aultman Orrville Hospital 403(b) Plan (the Plan), which comprise the statement of net assets available for benefits as of October 15, 2014, and December 31, 2013, and the related statement of changes in net assets available for benefits for the period ended October 15, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of October 15, 2014 and December 31, 2013, and for the period ending October 15, 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

In addition, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

To the Board of Directors
Aultman Orrville Hospital 403(b) Plan

Further, as described in Note 2, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the accompanying statement of changes in net assets available for benefits. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements. The effects of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Board of Directors of Aultman Orrville Hospital, the Plan's sponsor, voted on November 12, 2013 to terminate the Plan effective December 31, 2013. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting, from the ongoing plan basis used in presenting the financial statements prior to 2013 to the liquidation basis used in presenting the 2014 and 2013 financial statements. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of or for the period ending October 15, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified or provided by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
AULTMAN ORRVILLE HOSPITAL 403(b) PLAN

Note 1. Description of the Plan

The following description of Aultman Orrville Hospital 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan that provided benefits to all eligible employees of Orrville Hospital Foundation dba Aultman Orrville Hospital (the "Hospital") as determined according to the provisions of the Plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

On November 12, 2013, the Board of Directors of the Hospital voted to terminate the Plan. A resolution was filed to terminate the Plan effective December 31, 2013 and to transfer all the assets of the Plan as soon as administratively feasible after December 31, 2013. Plan participants were no longer permitted to make contributions to the Plan. Additionally, at that time, no new participants were permitted to join the Plan. All participants became 100% vested upon termination and were provided the option to have their account balance rolled into the Aultman Health Foundation 401(k) plan or an individual retirement account (IRA), or receive a lump sum distribution. The Plan completed the final distribution of the Plan assets on October 15, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Hospital's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Vesting

Participants are immediately vested in their pre-tax contributions plus earnings thereon. Participants vest in matching and discretionary contributions made by the Hospital 20% after one year of service, an additional 20% after 2 years of service, and another 20% per year thereafter until they become fully vested after 5 years of service. As of December 31, 2013, the effective date of the plan termination, all participants became fully vested in accordance with the plan document.

Payment of Benefits

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

The Plan allows for distributions pertaining to hardship and in-service withdrawals. A participant must be 100% vested in order to receive an in-service withdrawal.

NOTES TO FINANCIAL STATEMENTS
AULTMAN ORRVILLE HOSPITAL 403(b) PLAN

Note 1. Description of the Plan (Continued)

Forfeitures

If a participant was not fully vested prior to the Plan's termination on his or her termination date, the nonvested portion of the account was forfeited. Forfeitures were used to reduce future Hospital contributions or expenses paid. At October 15, 2014, there was no balance in the forfeiture account. At December 31, 2013, forfeited account balances totaled \$40,527.

Note 2. Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Hospital.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Excluded Contracts or Accounts

Prior to January 1, 2009, the Plan was not required to be audited, and the Hospital's involvement in the Plan administration was limited in compliance with the existing IRS Regulations. The Revised Regulations, issued on July 24, 2007 related to 403(b) plans, expanded the required administrative involvement and record keeping of plan sponsors. The financial records now required to be maintained by plan sponsors have been increased. Certain financial records not required to be maintained prior to the new Regulations are not available.

NOTES TO FINANCIAL STATEMENTS
AULTMAN ORRVILLE HOSPITAL 403(b) PLAN

Note 2. Significant Accounting Policies (Continued)

The plan administrator has elected to exclude certain contracts and accounts from Plan assets in accordance with Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The employer ceased to have any obligation to make contributions (including salary reduction contributions) and in fact stopped making contributions to the contract or account before January 1, 2009;
- All rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
- The individual owner of the contract is fully vested in the contract or account.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncements

In October 2012, the Financial Accounting Standards Board (FASB) issued ASU 2012-04, Technical Corrections and Improvements. The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards Codification and conforming amendments related to fair value measurements. The amendments in this Update will generally be effective for fiscal periods beginning after December 15, 2013, for nonpublic entities, except for amendments in this Update where there was no transition guidance which were immediately effective upon issuance. The adoption of immediately effective amendments was not significant to these financial statements.

In April 2013, the Financial Accounting Standards Board issued Accounting Standards Update No. 2013-07, Presentation of Financial Statements (Topic 205): Liquidation Basis of Accounting. This Update requires an entity to prepare its financial statements using the liquidation basis of accounting when liquidation is imminent. The Update requires disclosures about an entity's plan for liquidation, the methods and significant assumptions used to measure assets and liabilities, the type and amount of costs and income accrued, and the expected duration of the liquidation process. The amendment is effective for entities that determine liquidation is imminent during annual reporting periods beginning after December 15, 2013, and interim reporting periods therein. Entities should apply the requirements prospectively from the day that liquidation becomes imminent. There was no change to the financial statements as a result of applying ASU 2013-07 to the 2014 financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including May 22, 2015, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
AULTMAN ORRVILLE HOSPITAL 403(b) PLAN

Note 3. Investments

All investment information including investments held as of October 15, 2014 and December 31, 2013, interest and dividends, net realized and unrealized gains on mutual funds, and interest from participant notes receivable for the period ended October 15, 2014, included in the Plan's financial statements, was prepared by or derived from information provided by Reliance Trust Company, the custodian of the Plan, and furnished to the plan administrator. The plan administrator obtained a certification from the custodian that the information provided to the plan administrator by the custodian related to the Plan was complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information.

Investments that represent 5% or more of the Plan's net asset values as of October 15, 2014 and December 31, 2013 are as follows:

	2014	2013
Metropolitan Total Return Bond Fund M	\$ -	\$ 602,558
American Beacon Large Cap Value Fund I	-	506,641
Vanguard 500 Index Fund Investor	-	649,788
Mainstay Large Cap Growth Fund-I	-	507,359
Vanguard Short term Bond index fund investor	-	223,658
MFS International Diversification		287,485

Interest recorded in 2014 was \$30 for participant notes receivable. Investment income and dividends recorded in 2014 was \$3,926. During 2014, the Plan's mutual funds investments appreciated in fair value by \$51,823.

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under this FASB topic are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS
AULTMAN ORRVILLE HOSPITAL 403(b) PLAN

Note 4. Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 15, 2014 and December 31, 2013.

Money Market Funds: Valued at \$1.00 per unit, which approximates fair value. Amounts are generally invested in interest-bearing accounts.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 15, 2014 and December 31, 2013:

Assets at fair value as of October 15, 2014

Note 4. Fair Value Measurements (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the period ended October 15, 2014, there were no significant transfers in or out of Levels 1, 2, or 3.

Note 5. Tax Status

The Plan is required to operate in conformity with the Internal Revenue Code (IRC) to maintain its tax exemption. The Plan adopted a non-standardized form of a prototype plan sponsored by Reliance Trust Company. The prototype is designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Service.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 15, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
