NOTE 1 – DESCRIPTION OF THE PLAN

The following description of The Hunt Corporation Retirement Savings Plan (Plan) provides only general information. Participants and others should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Hunt Corporation (the Company, Plan Sponsor and Plan Administrator) established the Plan for qualifying employees effective July 1, 1998. The Plan was most recently amended effective February 18, 2011. The Plan Administrator has appointed an Advisory Committee to assist in the administration of the Plan. The purpose of the Plan is to provide retirement income and other benefits to eligible employees of the Company. Any salaried employee of the Company or a participating employer and any hourly employee of the Company or a participating employer who is classified as an office and/or field engineer hourly employee, but excluding a craft hourly employee are eligible to participate in the Plan. Eligible employees may participate in the Plan on the first day of the month following employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 75 percent of annual compensation as defined in the Plan, limited to a maximum as established by the Internal Revenue Code. Participants may also contribute amounts representing qualified rollovers from other qualified plans. The Company may match all or a portion of the participants' pretax contributions through employer matching contributions up to the first 2 percent of the participant's eligible compensation. The Company may also make discretionary contributions to the Plan. These contributions are allocated based on a formula derived from age, years of vested service and compensation. All contributions are subject to certain limitations under the federal tax law. The Company made a discretionary profit sharing contribution of $912,825 and $973,117 during the years ended December 31, 2014 and 2013, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, allocations of employer discretionary contributions and allocations of the Plan's earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in the participant accounts are participant-directed.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution and discretionary portion of their accounts is based on years of service. Participants become 20 percent vested after two years service, 40 percent vested after three years service, 60 percent vested after four years service and 100 percent vested after five years service. Participants become fully vested upon retirement, disability or termination of the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Forfeitures are first used to pay plan expenses, and then to reduce employer contributions to the Plan. Forfeitures balance was $42,552 and $135,517 at December 31, 2014 and 2013, respectively. Forfeitures used to offset employer contributions totaled $208,640 and $67,932 for the years ended December 31, 2014 and 2013, respectively.

Payments of Benefits

The Plan allows for in-service distributions if a participant reaches age 59½ subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Investment Funds

Participants may direct their investments in the Plan to various mutual funds.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make a number of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See note 4 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, and the participant note balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Participant Revenue Credits

During 2013, the Plan entered into a Participant Revenue Credit agreement which is allocated to all participant accounts. The plan received $12,500 and $9,375 in participant credits during the years ended December 31, 2014 and 2013, respectively.

Subsequent Events

Management evaluated subsequent events through June 4, 2015, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

NOTE 3 – INVESTMENTS (CONTINUED)

a. Total investments as shown in the accompanying statements of net assets available for benefits of $67,036,439 and $66,506,506 as of December 31, 2014 and 2013, respectively.

b. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of $1,252,627 and $1,416,485 as of December 31, 2014 and 2013, respectively.

c. Investment income as shown in the accompanying statements of changes in net assets available for benefits of $3,469,101 and $13,044,930 for the years ended December 31, 2014 and 2013, respectively.

d. Interest income from notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits of $61,792 and $65,179 for the years ended December 31, 2014 and 2013, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The fair value of individual investments that represent 5 percent or more of the fair market value of the Plan's net assets available for benefits are as follows:

	2014	2013
Davis New York Venture Cl A Fund	$ 4,868,389	$ 4,814,903
Fidelity Retirement Money Market Trust	3,958,756	4,955,830
Fidelity Independence Fund	10,563,761	9,093,256
Fidelity International Discovery Fund	4,484,730	4,815,165
Spartan 500 Index Fund Advantage Class	3,806,429	3,462,371
Morgan Stanley Institutional Fund Trust:		
Mid Cap Growth	10,161,494	10,325,201

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by ($1,595,564) and $10,637,495, respectively, as follows:

	2014	2013
Mutual funds	($1,595,564)	$10,637,495

NOTE 4 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2014 and 2013. Following are descriptions of the valuation methodologies used for assets measured at fair value.

Money market account: Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the nature and risks of the categories of assets by major security type.

Mid/Large cap funds: These investments seek capital appreciation primarily through investing in medium-sized companies or a combination of stocks from companies of all sizes. Blend funds contain investments of various sizes and characteristics and typically avoid high-priced growth stocks. Value funds focus on investing in stocks that are less expensive or growing more slowly than other stocks. Growth funds invest in stocks that are projected to grow faster than other large-cap stocks.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Fixed income funds: Invests assets in securities such as high yield, U.S. Government and investment-grade debt, emerging markets, and foreign developed markets. The fund seeks high current income, but may also seek capital appreciation.

Small cap funds: This category includes investments in stocks of small companies and seeks long-term capital growth. The funds aim to replicate the results of indices such as the S&P Small Cap 600 Index or Russell 2000 Index.

International funds: These primarily invest in securities of issuers in Europe and the Pacific Basin that the advisor believes have potential for growth. Most funds divide their assets among a dozen or more developed markets, and invest the remainder in emerging markets.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of whole or partial Plan termination, participants would become fully vested as to the amount credited to their account after deductions for estimated liquidation and distribution expenses.

NOTE 6 – TAX STATUS

The Internal Revenue Service has issued an opinion letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2011.

NOTE 7 – RELATED PARTY TRANSACTIONS

Some of the Plan's investments are mutual funds or money market funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

A portion of administrative expenses for accounting, record keeping, and other services rendered by parties-in-interest are paid by the Plan Sponsor.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
