Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Springfield, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by MG Trust Company LLC, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of September 30, 2014 and 2013 and for the years then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

To the Administrative Committee of the

SPRINGFIELD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2014 and 2013

Note 1 – Description of Plan

The following brief description of the Springfield, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

a. General – The Plan is a defined contribution plan that covers all employees of Springfield, Inc. (Company) who have six months of service and are age twenty-one or older. Entry into the Plan occurs semi-annually on the first day of the Plan year and the first day of the seventh month of the Plan year following the date an employee meets the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

b. Contributions – Each year participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Rollover contributions amounted to approximately $250 for the plan year ended September 30, 2014. There were no rollover contributions for the plan year ended September 30, 2013. The Company may make a discretionary matching or profit sharing contribution. The Company made a matching contribution of the participant's elected deferral for the first one and one half percent of the participant's eligible compensation for the years ended September 30, 2014 and September 30, 2013, respectively. Such profit sharing contribution, if any, shall be allocated to each participant based on compensation, as defined in the Plan. No discretionary profit sharing contributions were made for the years ended September 30, 2014 and 2013. Contributions are subject to certain limitations.

c. Participants' accounts – Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon occurs at the rate of 20% for each year of service after one year of service. A participant is 100 percent vested after six years of credited service. Vesting of 100 percent of a participant's employer contributions and earnings thereon also occurs upon death, disability of the participant or attainment of age 65 (normal retirement).

e. Investment options – Upon enrollment into the plan, participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers sixteen investment options for participants. Participants may change their investment options daily. The Plan is intended to be an ERISA Section 404 (c) plan.

Note 1 – Description of Plan (continued)

f. Payment of benefits – Upon termination of service due to retirement, death, disability, or separation from service, participants may receive benefits in a lump sum or installments, in accordance with the Plan. Also, upon retirement, disability, or separation from service, participants may elect to continue their account as permitted by the Internal Revenue Code. Participants are also allowed to make hardship withdrawals in certain circumstances.

g. Forfeited accounts – At September 30, 2014 and 2013, there was no balance for forfeited non-vested accounts. These accounts were used to reduce employer contributions for the years ended September 30, 2014 and 2013.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

a. Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

b. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

c. Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of units in registered investment companies are valued at the fair value of the underlying assets. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

d. Net appreciation (depreciation) in fair value of investments – The earnings, expenses, realized gains or losses and unrealized appreciation (depreciation) are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of registered investment companies.

Note 2 – Summary of Significant Accounting Policies (continued)

e. Administrative expenses – The direct costs of administering the Plan are paid by the Company.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

f. Payment of benefits – Benefit payments to participants is recorded when paid.

g. Subsequent events – Subsequent events have been evaluated through the report date, which represents the date of the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (formerly SFAS No. 157, *Fair Value Measurements*), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets, that the plan has the ability to access, and have the highest priority. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement. As of September 30, 2014 and 2013, all of the plan's assets were valued using Level 1 inputs.

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodology used at September 30, 2014 and 2013.

> *Registered investment companies:* Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Information Prepared and Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified all investments and investment income information to be complete and accurate.

a. Total registered investment companies investments including the money market fund as shown in the statements of net assets available for benefits of $5,660,655 and $ 5,042,329 as of September 30, 2014 and 2013, respectively.

b. Net appreciation in fair value of investments and investment income as shown in the statement of changes in net assets available for benefits of $501,439 for the year ended September 30, 2014.

Note 5 – Investments

Investments that represent 5% or more of the Plan's net assets are separately identified.

Total	$5,219,417	$4,363,970

** The investment is less than 5% of the Plan's net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7 – Tax Status

The Plan adopted the CPI Qualified Plan Consultants, Inc Defined Contribution Prototype Plan and Trust. CPI received acknowledgement from the Internal Revenue Service in March 2008, indicating the prototype, as designed, was exempt from federal income tax. The IRS permits the Plan to rely on their approval of the CPI prototype plan. The Plan has since adopted the IRS Model Amendment relating to several tax law changes. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, management believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed tax positions taken by the Plan, and has concluded that as of September 30, 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 – Related Party Transactions

MG Trust Company, L.L.C. (MG) is the custodian as defined by the Plan and transactions with MG qualify as party-in-interest transactions. CPI Qualified Plan Consultants, Inc. (CPI) is the record keeper and transactions with CPI qualify as party-in-interest transactions.
