PLANT/ALLISON CORPORATION PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Plant/Allison Corporation Profit Sharing 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution Profit Sharing plan established by Plant/Allison Corporation ("Company") covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan has an elective contribution arrangement for all eligible employees, wherein participants may elect to defer a percentage of their pretax annual compensation each year as defined by the Plan. In addition, participants may separately elect to defer up to 100% of any bonuses paid to them during the year. Total participant contributions in any calendar year are limited to the applicable limit under Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan has a discretionary profit sharing contribution arrangement for all eligible employees and is determined annually by the Company. In order to share in the profit sharing contribution for a Plan year, participants must be employed on the last day of the Plan year and have completed a year of service, at least 1,000 hours of service, during the Plan year. The profit sharing contribution will be allocated to each eligible employee and is determined by profit sharing contributions multiplied by the ratio of his or her annual compensation to the total of such compensation for all eligible employees. The Company made \$995,264 and \$840,660 in discretionary profit sharing contributions for the Plan years ended December 31, 2014 and 2013, respectively.

Participants are immediately vested 100% in employee portions of all contributions plus actual earnings thereon. Participants are vested at the rate of 20% each year after two years of vesting service (20% vested in second year) in employer discretionary profit sharing contributions.

A terminating participant of the Plan is paid the current value of vested account balance in his or her separate account in the Plan.

The Plan allows for hardship distributions to satisfy certain immediate and heavy financial needs outlined in the Plan agreement with certain limitations.

The Plan allows for participant loans subject to certain limitations stipulated in the Plan agreement and limited by rules under the Internal Revenue Code.

NOTE 1 DESCRIPTION OF THE PLAN (continued)

Plan assets are held by Minnesota Life Insurance Company. The Plan is funded with a Group Annuity Contract. The Group Annuity Contract offers a wide spectrum of investment choices for qualified Plan. The Trustee invests plan assets at the direction of the participants in the general account, money market account and a variety of diversified mutual funds.

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Financial instruments which potentially subject the Plan to concentration of credit risk consist of investments.

Receivables, if any, represent amounts due to the Plan for employer discretionary profit sharing contributions, and participant deferral contributions that were withheld from the last payroll week of the Plan year and were remitted to the Plan the first week of the following Plan year. There is no collateral related to these receivables. An allowance for doubtful accounts, if any, is considered and estimated based on the Plan's historical losses.

PLANT/ALLISON CORPORATION PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

No allowance is deemed necessary at each of the Plan years ended December 31, 2014 and 2013.

Benefits paid out of the Plan are recorded when paid.

The Plan recognizes excess contributions refundable to participants and related excise tax when the amounts are considered material or when they are paid. For the years ended December 31, 2014 and 2013, there were no refunded contributions as a result of discrimination tests.

NOTE 3 FAIR VALUE MEASUREMENT

FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America and expands disclosures about fair value measurement. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PLANT/ALLISON CORPORATION PROFIT SHARING 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

NOTE 3 FAIR VALUE MEASUREMENT (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

General account (Guaranteed Return Account): Valued at discounted cash flow (Income Approach).

Money market funds: Valued at the net asset value of shares held by the Plan.

Mutual funds: Valued at the net asset value of shares held by the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014

NOTE 7 FORFEITURES

These forfeitures are added to employer discretionary profit sharing contributions and allocated as a percentage of compensation for all participants who meet the profit sharing allocation conditions for the Plan at December 31, 2014 and 2013.

NOTE 8 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Asset Management fees: Certain Plan investments are shares of separate pooled accounts managed by Minnesota Life Insurance Company (Minnesota). Minnesota is the third-party administrator, trustee and a record keeper, as defined by the Plan, and qualifies as a party-in-interest. Total fees paid from the Plan assets during the years ended December 31, 2014 and 2013, were \$1,663 and \$1,257, respectively. In addition, Minnesota also receives fees from each investment option in the Plan based on the percentage rate on the Plan's year-end balance.

Arete Wealth Management is the investment advisor company, as defined by the Plan, and qualifies as a party-in-interest. Total commissions paid from Plan assets during the years ended December 31, 2014 and 2013, were \$23,618 and \$20,549, respectively.

Valmark Securities is the investment advisor company in 2014, as defined by the Plan, and qualifies as a party-in-interest. Total commissions paid from Plan assets during the year ended December 31, 2014, were \$23,618. The 2013 commissions of \$20,549 were paid to Financial Telesis Inc.

NOTE 9 ADMINISTRATIVE COSTS

Administrative costs of the Plan have been paid for by the Company and the participants.

NOTE 10 TAX STATUS

Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

On January 1, 2009, the Plan adopted the standard which clarifies the accounting for uncertainty in income taxes recognized in a Plan's financial statements as required by the "Accounting for Uncertainty in Income Taxes" topic of the FASB Accounting Standards Codification. The standard prescribes a recognition threshold and measurement for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The adoption of this standard did not have an effect on the Plan.

The Plan did not have unrecognized tax liabilities as of December 31, 2014, and does not expect this to change over the next 12 months. In connection with the adoption of this accounting standard, the Plan will recognize interest and penalties accrued on any unrecognized tax liabilities as a component of income tax expense. As of December 31, 2014, the Plan has not accrued interest or penalties related to uncertain tax positions.

NOTE 11 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. They are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 SUBSEQUENT EVENTS

The Plan Trustees have evaluated subsequent events and transactions through May 20, 2015, which is the date the financial statements were available to be issued. Trustees confirm that no significant events or transactions have occurred subsequent to the Plan year end and through May 20, 2015, that would require adjustment to, or disclosure in, the financial statements.
