NOTES TO FINANCIAL STATEMENTS
As of August 1, 2014 and December 31, 2013,
and for the Period from January 1, 2014 to August 1, 2014

NOTE 1 - Description of the Plan

The following description of the Executive Health Resources, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Executive Health Resources, Inc. ("the Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective December 31, 2011, the Plan was frozen to new participation in the Plan and new contributions.

The Plan merged into the UnitedHealth Group 401(k) Savings Plan on August 1, 2014.

Contributions

Prior to the freeze, participants were able to contribute an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective deferrals included pre-tax deferrals and Roth deferrals.

The Company may, at its discretion, contribute an additional amount to the Plan, to be distributed among participants pro rata based upon compensation within limitations as determined by the Code. No discretionary contributions were made for the period from January 1, 2014 to August 1, 2014.

Participant Accounts

Each participant's account was credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan document, are considered 100% vested.

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of August 1, 2014 and December 31, 2013 forfeited nonvested accounts totaled $0 and $4,769, respectively. For the period from January 1, 2014 to August 1, 2014, forfeited nonvested amounts of $4,769 were used for administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of August 1, 2014 and December 31, 2013.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan has investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Recent Accounting Pronouncements

There have been no recent accounting pronouncements.

Payment of Benefits

Benefits are recorded when paid.

Mutual Funds	$ 415,077

NOTE 5 - Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.

Level 3 - Unobservable inputs for the asset.

NOTE 5 - Fair Value of Financial Instruments (cont.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at August 1, 2014 and December 31, 2013.

Mutual funds: Valued at the daily closing price reported by the fund.

The Company is responsible for the determination of fair value. Accordingly, the Company performs periodic analysis on the prices received from the Trustee used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the Trustee. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy. The Plan held no investments at August 1, 2014.

NOTE 6 – Party-in-interest

Certain plan investments are shares of registered investment company funds managed by the Trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Investment fees for these funds are netted against investment income.

NOTE 7 - Tax Status

The Plan uses a prototype plan document sponsored by ADP, Inc. The prototype sponsor received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of August 1, 2014 and December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - Subsequent Events

The Plan has evaluated subsequent events through June 4, 2015, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
