Note 1 - Description of Plan Agreement

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a) General

The Plan was established on January 1, 1998 under the name DSG Strategies, Inc. The plan name was changed to the Dewey Square Group, LLC 401K Profit Sharing Plan and Trust as of January 1, 2006.

The Plan is a defined contribution plan covering all employees of Dewey Square Group, LLC, who have ninety days of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is intended to consist solely of participant directed investments as described in Section 404(c) of ERISA and to be operated solely in the interest of the participants and their beneficiaries.

b) Contributions

Each year, participants may contribute a percentage of pretax annual compensation, up to a maximum of $17,500 in 2014, as set by law. Also, participants in the Plan age 50 or older, before December 31, 2014 may elect to defer additional amounts (called "catch-up contributions") regardless of any other limitations. The maximum "catch-up contribution" that can be made in 2014 is $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company, at its discretion, may make a matching contribution equal to 100% up to the first 3% of salary plus 50% up to the next 2% of salary. Contributions are subject to certain limitations. Contributions made by the Company during 2014 were $271,906.

c) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution (if any) and, (b) plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d) Vesting

Participants are immediately vested in their contributions and in the Company's contribution portion of their accounts plus actual earnings thereon.

Note 1 - Description of Plan Agreement (Continued)

e) Investment Elections

Each participant in the Plan shall be permitted to direct the investment of his or her individual account balance and future contributions among permissible investments through Great-West Life and Annuity Insurance Company.

f) Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and must bear a reasonable rate of interest. Interest rates paid on the loans range from 4.25% to 6%. Principal and interest is paid ratably through payroll deductions and must be repaid over the terms of the loan.

g) Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments over a period of time not to exceed the participant's expected future lifetime or the joint expected future lifetime of the participant and his or her spouse.

h) Administrative Expenses

Certain costs of the Plan's administration are being absorbed by the Plan. Administrative fees paid during 2014 were $5,934.

i) Plan Amendment

During 2014, the plan was amended to change the plan sponsor's address and the trustees. There was no effect on net assets as a result of this amendment.

Note 2 - Summary of Significant Accounting Policies

a) Basis of Accounting

The financial statements of the Dewey Square Group, LLC 401K Profit Sharing Plan and Trust (the "Plan") have been prepared in conformity with generally accepted accounting principles as applied to retirement plans and in accordance with the Trust agreement.

Note 2 - Summary of Significant Accounting Policies (Continued)

b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses.

Interest in the money market account is recorded at the end of each month. Dividend income is reported by the investment companies and included in their year end valuations.

d) Payment of Benefits

Benefits are recorded when paid.

Note 3 - Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule at December 31, 2014 and 2013 was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan.

Note 5 - Tax Status

The Plan is a prototype non-standardized plan. A favorable opinion letter was issued by the Internal Revenue Service with respect to the plan on March 31, 2008. The Plan was amended since receiving the determination letter. However, the plan trustee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, at the financial statement date, the Plan was qualified and the related trust was tax exempt.

The Plan is subject to the provisions for accounting for uncertain tax positions. The plan administrator has evaluated significant tax positions against the criteria established by professional standards and believes there are no such tax positions requiring accounting recognition in the financial statements. The plan administrator does not believe its evaluation of tax positions will significantly change within twelve months of December 31, 2014. Any changes in tax positions will be recorded when the ultimate outcome becomes known. The Plan's annual returns are subject to examination by regulatory authorities, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Lifetime	189,356	189,356
Total	$ 7,792,377	$ 7,792,377

Note 8 - Fair Value Measurements (Continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 or Level 3 inputs were not available to the Plan.

Level 1 Fair Value Measurements

The fair value of fixed annuities and variable annuities are based on quoted net asset values of the shares held by the Plan at year-end.

Note 9 - Related Party Transactions

Certain plan investments are shares of mutual funds managed by Great-West Life and Annuity Insurance Company. Great-West Life and Annuity Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Also Administrative expenses of $5,934 were paid to the custodian during the 2014 year.

Note 10 - Subsequent Events

Professional standards state that an entity is required to evaluate subsequent events through the date the financial statements are issued or are available to be issued. The Plan has evaluated subsequent events through the date the report was available for issuance, May 18, 2015.
