CREATIVE GROUP, INC. 401(K) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
September 30, 2014 and 2013

Note 1 - Description of Plan

The following brief description of Creative Group, Inc. 401(k) and Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

A. General

The Plan is a defined contribution plan covering substantially all employees of Creative Group, Inc. (Company) who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

B. Contributions

Participants may contribute pretax and Roth elective deferrals to the Plan. The combined pretax and Roth elective deferrals are limited to 75% of compensation subject to the annual Internal Revenue Service limit. The Company matches 50% of participant contributions up to 6% of their eligible compensation for each eligible participant. The Company may also provide a nonelective discretionary contribution to eligible participants.

C. Transfers from qualified plans (rollovers)

At the discretion of the Plan administrator, participants may be permitted to deposit distributions received from other qualified plans into the Plan. Such a deposit is referred to as a "rollover." Participants are always 100% vested in their "rollover" account.

D. Participant accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution, along with an allocation of the Company's nonelective contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants become 20% vested after completing one year of service and are additionally vested at 20% for each year of additional service up to five years of service, at which time participants are fully vested. However, upon the participant's death, disability, or attainment of normal retirement age, all amounts are immediately vested.

F. Payment of benefits

Upon a participant's retirement, death, total disability, or termination, the account balance shall be distributed to the participant or his beneficiary using one of several available distribution methods.

G. Forfeited accounts

Forfeited non-vested accounts from Company nonelective contributions are reallocated to participants on an annual basis based on participant compensation. Forfeited non-vested accounts from Company matching contributions are used to reduce Company matching contributions.

H. Plan termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

A. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common trust fund. The statements of net assets available for benefits present the fair value of the investment in the common trust fund as well as the adjustment of the investment in the common trust fund from fair value to contract value relating to the investment contracts. Since contract value approximates fair value at September 30, 2014 and 2013, no adjustment was needed. The statement of changes in net assets available for benefits is prepared on a contract value basis.

B. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

D. Payment of benefits

Benefit payments to participants are recorded upon distribution.

E. Subsequent events

Plan management has evaluated events and transactions for potential recognition or disclosure in the financial statements through May 29, 2015, the date on which the financial statements were available to be issued.

Note 3 - Fair value measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 consists of unadjusted quoted prices in active markets for identical assets, Level 2 consists of inputs observable in the marketplace other than quoted prices in active markets for identical assets, and Level 3 consists of significant inputs unobservable in the marketplace. The major classes of Plan investments reported at fair value as of September 30, 2014 and 2013 are as follows:

<u>2014</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Mutual funds:

Total	<u>\$ 9,277,910</u>	<u>\$ 8,931,611</u>	<u>\$ 18,209,521</u>

More specific information on the valuation techniques used for Level 2 Plan investments is as follows:

The fair value of the common trust funds are based on the fair value of their underlying assets. These underlying assets, except for the BMO Employee Benefit Stable Principal Fund, are primarily composed of investments that have quoted market prices in active markets. The underlying assets of the BMO Employee Benefit Stable Principal Fund are primarily composed of investments that are valued with observable inputs other than quoted prices for identical assets.

Note 4 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Note 5 - Transactions with parties-in-interest

Certain administrative expenses relating to the Plan are paid by the Company.

Certain Plan investments are shares of common trust funds and mutual funds managed by BMO Harris Bank N.A. BMO Harris Bank N.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee amounted to \$21,800 for the year ended September 30, 2014.

Note 7 - Tax status

The Plan obtained its latest determination letter on February 20, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize an income tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2014, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 8 - Plan financial information certified by trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information, as summarized below, to the information included in the financial statements and supplemental schedule. The information certified by BMO Harris Bank N.A., the trustee, as complete and accurate, is as follows:

1. Investments and interest and dividend income receivable, as reported in the statements of net assets available for benefits;
2. Investment income as reported in the statement of changes in net assets available for benefits; and
3. Assets held at end of year.
