Independent Auditor's Report

The Plan Administrator
Coventry Health Care, Inc. Retirement Savings Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Coventry Health Care, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of August 29, 2014 and December 31, 2013, and the related statement of changes in net assets available for benefits for the period January 1, 2014 to August 29, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of August 29, 2014 and December 31, 2013, and the changes in net assets available for benefits for the period ended August 29, 2014, in accordance with U.S. generally accepted accounting principles.

Emphasis of Matter

As discussed in Note 1(b) to the financial statements, effective August 29, 2014, the Plan merged with and into the Aetna 401(k) Plan and all Plan assets were transferred into the Aetna 401(k) Plan. Our opinion is not modified with respect to this matter.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

August 29, 2014 and December 31, 2013

(1) Plan Description

The following description of the Coventry Health Care, Inc. Retirement Savings Plan (the Plan) is provided for general informational purposes only. Complete information regarding the Plan's provisions may be found in the Plan document, which is available from the former Corporate Benefits Department of Coventry Health Care, Inc.

(a) General

Coventry Health Care, Inc. and subsidiaries (the Company) adopted a savings plan and trust effective April 1, 1998. The Plan was a defined contribution plan established by the Company under the provisions of Section 401(a) of the Internal Revenue Code (the Code), which included a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company. All employees of the Company were automatically eligible to participate in the Plan upon commencement of employment, unless an alternate qualified plan was available to certain employees during the 410(b) transition period for newly acquired entities which may have previously sponsored a qualified plan prior to acquisition. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 1, 2006, the Plan was amended to remove the three-year service requirement for divestiture, allowing all participants regardless of their years of service to liquidate the Company common stock from their accounts, subject to SEC blackout period trading restrictions, and transfer the proceeds to other Plan investment options.

Effective September 17, 2012, the Plan was amended to provide a “pass-through” option for any dividends paid by Qualifying Employer Securities within the Plan. Prior to this amendment the Plan required that all dividends paid on the Qualifying Employer Securities would be reinvested in additional shares Qualifying Employer Securities. The pass-through option that was adopted by the Plan via this amendment provides the participants with the choice of either having the dividend reinvested in additional shares Qualifying Employer Securities, or to receive the dividend in the form of a direct cash payment.

On August 8, 2012, subsequent to the approval by the Board of Directors, the Company entered into a definitive agreement pursuant to which Aetna Inc. would acquire the Company once all required regulatory approvals were received. Final regulatory approved was received and as a result effective May 7, 2013 the acquisition of the Company by Aetna Inc. was completed.

On October 3, 2013, it was announced that the Company had reached an agreement to settle an ERISA class action matter relating to the purchase of common stock in the Plan. On January 31, 2014, the United States District Court for the District of Maryland entered an order granting final approval of the class action settlement and authorizing payment of settlement funds to the members of the settlement class. As a result, certain individuals who participated in the Plan during the period February 9, 2007 to October 22, 2008, were entitled to receive a payment from the settlement proceeds. The allocation of the \$2,390,103 settlement proceeds under the Court-approved Plan of Allocation was deposited into the Plan as of Monday, June 2, 2014.

Notes to Financial Statements

August 29, 2014 and December 31, 2013

(b) Plan Merger

Effective as of August 29, 2014, the Plan was merged with and into the Aetna Inc. 401(k) Plan and all Plan assets were transferred into the Aetna 401(k) Plan on August 29, 2014.

(c) Plan Administration

Prior to the Plan merger T. Rowe Price was the custodial trustee and record keeper of the Plan's investments in mutual funds, participant loans, and Company common stock in the Plan. Prior to the aforementioned acquisition, the Plan was administered by the 401(k) Plan Investment Committee, which is appointed by the Board of Directors of the Company. From the completion of the acquisition through August 29, 2014 the Plan was administered by the Aetna Inc. Benefits Finance Committee.

(d) Contributions

Prior to the Plan merger, eligible employees were automatically enrolled with a deferral rate of 6% of compensation unless they specify otherwise. Eligible employees could contribute an amount up to 75% of compensation, as defined by the Plan, subject to certain limitations under the Code. Participants age 50 or over may make additional catch-up contributions. In addition, the Company provided a matching contribution equal to 100% of each participant's contribution up to a maximum of 3% of compensation, and 50% of each participant's contribution in excess of 3% up to a maximum of 6% of compensation considered, for a maximum matching contribution of 4.5% of eligible Plan compensation. Beginning August 3, 2012, the Company's matching contributions were invested in the participant's account in the same investments as their before-tax contributions rather than the Company's common stock fund.

Effective January 1, 2006, the Plan was amended so that Company matching contributions allocated on or after January 1, 2006, are referred to as safe harbor matching contributions. All safe harbor matching contributions made to the Plan from the effective date are 100% vested at all times.

(e) Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting in employer matching contributions made prior to January 1, 2006, is based on years of service. Employer matching contributions made to Participant accounts prior to January 1, 2006, vest over the period listed below.

Less than one year	0%
One year	50
Two years or more	100

(f) Benefits

Upon termination of service, a participant could elect to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment was a lump-sum distribution. Prior to the Plan being merged with and into the Aetna 401(k) Plan, any deferred vested participant could elect to receive a distribution of their account rather than have the assets in their account

transferred into the Aetna 401(k) Plan. In-service withdrawals for situations including, but not limited to, financial hardships and attainment of age 59½, are allowed under the Plan.

(g) Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of (a) the Company's matching contributions and (b) Plan income (losses) based on the participant's investment and/or transaction activity. Allocations were based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts could first be used to pay administrative expenses and then to reduce future Company matching contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(h) Participant Loans

A participant may borrow a maximum of the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$500. Loans were repayable through payroll deductions over periods ranging up to five years, unless used to purchase a principal residence, in which case the term can be longer than five years. The interest rate was determined by the Plan Administrator to be a fixed rate at the time of borrowing using prevailing prime rate plus 2%. Interest rates on outstanding loans range from 5.25% to 9.50%. Each loan repayment was a combination of principal and interest payments based on the amortization schedule developed at the time the loan is processed by the Plan's record keeper. The loans were secured by the balance in the participant's account. All notes receivable from participants were included in the assets transferred to the Aetna 401(k) Plan on August 29, 2014.

(i) Forfeitures

During 2014, no forfeited nonvested accounts were used to reduce employer contributions. As of August 29, 2014 and December 31, 2013, forfeited nonvested accounts available to reduce future employer contributions totaled \$0 and \$7,969, respectively. During 2014 and 2013, \$40,000 and \$10,210 of forfeitures were used to pay administrative expenses, respectively. All Plan expenses were reviewed by the Plan Administrator, or their designee, to ensure they meet the standards set by ERISA's fiduciary responsibility provisions before they were deducted from the Plan assets. Any expenses deemed to not meet ERISA's fiduciary responsibility provisions were paid from the general assets of the employer.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial

statements and accompanying notes to financial statements. Actual results could differ from those estimates.

(c) *Income Recognition and Investment Valuation*

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities, and any realized gains or losses resulting from those transactions, are recorded on a trade-date basis.

Investments of the Plan are stated at fair value. The shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The Company's common stock is valued at the last reported sales price on the last business day of the Plan year. Cash includes amounts to be used to pay for investments purchased but not yet settled at year-end. Participant loans are valued at their outstanding balances.

(d) *Notes Receivable from Participants*

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of August 29, 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

(3) Investments

The values of individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2013, as there were no Plan assets as of August 29, 2014, are as follows:

	December 31, 2013
Aetna Inc. common stock	\$ 116,892,834
T. Rowe Price Retirement 2030 Fund	103,842,669
T. Rowe Price Retirement 2020 Fund	85,913,774

Notes to Financial Statements

August 29, 2014 and December 31, 2013

During 2014, the Plan's investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as determined by quoted market prices as follows:

Mutual and stock funds	\$ 51,643,804
Aetna Inc. common stock	<u>21,828,609</u>
	<u>\$ 73,472,413</u>

(4) Fair Value Measurements

Certain of the Plan's financial assets are measured at fair value in the statements of net assets available for benefits. The fair values of these assets are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by U.S. generally accepted accounting principles. The following are the levels of the hierarchy and a brief description of the type of valuation information (inputs) that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates, and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting management's own assumptions.

When quoted prices in active markets for identical assets are available, management uses these quoted market prices to determine the fair value of financial assets and classifies these assets as Level 1. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, management estimates fair values using valuation methodologies based on available and observable market information. These financial assets would then be classified as Level 2. If quoted market prices are not available, management determines fair value using an analysis of each investment's financial performance. In these instances, financial assets may be classified in Level 3 even though there may be some significant inputs that may be observable.

The following is a description of the valuation methodologies used for the investments measured at fair value:

Mutual and stock funds – Investments are presented at fair market value. As with all mutual and stock and funds, each fund's share price can vary based on the strength of the mutual or stock fund markets, a particular industry, or the specific holdings within each fund.

Employer Common Stock – Shares of employer common stock are presented at fair value. Quoted market prices are used to value investments of the employer common stock. The Plan's financial assets with changes in fair values that are measured on a recurring basis at December 31, 2013 were as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2014:				
Mutual and stock funds	\$ —	—	—	—
Employer common stock	—	—	—	—
Total investments at fair value	<u>\$ —</u>	<u>—</u>	<u>—</u>	<u>—</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2013:				
Mutual and stock funds	\$ 942,061,802	—	—	942,061,802
Employer common stock	<u>116,892,834</u>	<u>—</u>	<u>—</u>	<u>116,892,834</u>
Total investments at fair value	<u>\$ 1,058,954,636</u>	<u>—</u>	<u>—</u>	<u>1,058,954,636</u>

At December 31, 2013, the Plan did not carry any Level 2 or Level 3 financial assets. There were no transfers between Level 1 and Level 2 during the years ended December 31, 2013. Additionally, there were no transfers into or out of Level 3 for the years ended December 31, 2013.

(5) Nonparticipant-Directed Investments

Effective December 1, 2006, the Plan was amended to eliminate the three years of service requirement for divestiture of employer stock in the employer matching portion of the participant's balance. This amendment enabled all participants to diversify their company stock from their employer matching contributions regardless of service (see note 1).

(6) Party-in-Interest Transactions

Certain of the Plan's administrative functions are performed by T. Rowe Price. In addition, certain Plan investments are shares of mutual funds and units in common trust funds managed by T. Rowe Price. The Plan paid T. Rowe Price \$141,281 and \$195,863 in fees in 2014 and 2013, respectively. Transactions with T. Rowe Price qualify as exempt party-in-interest transactions.

Fees paid during the Plan year legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

(7) Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 18, 2013, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. As a qualified Plan, the Plan was required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan was being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

U.S. generally accepted accounting principles require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 29, 2014 and December 31, 2013 there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

Subsequent events after August 29, 2014 through May 21, 2015 have been evaluated by the Plan's management in the preparation of the financial statements.
