Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fifth Third Bank, the former trustee of the Plan, for the period January 1, 2013 through June 28, 2013 and Fidelity Management Trust Company, the current trustee of the Plan, for the period June 28, 2013 through December 31, 2013, except for comparing the information with the related information included in the 2013 financial statements. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2013 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2013 and schedule of delinquent participant contributions for the year ended December 31, 2013 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2012 Financial Statements

The financial statements of the Plan as of December 31, 2012, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fifth Third Bank, the trustee of the Plan. Their report, dated February 10, 2015 indicated that because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements and the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN:

The following description of EveryWare Global 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on April 20, 2007 covering all eligible employees of EveryWare Global, Inc. and adopting affiliated companies (collectively, the Employer). Effective July 1, 2013, the Plan was restated and renamed EveryWare Global 401(k) Plan. Prior to July 1, 2013, the Plan was known as the Anchor Hocking 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Full-time employees are immediately eligible to enter the Plan. Part-time employees, as defined, who are age 21 and have completed 1,000 hours of credited service are eligible to participate in the Plan. Certain employees are excluded from participation, including leased employees and nonresident aliens with no U.S. source income. An employee may participate in the plan as of the first day that the employee meets the eligibility requirements.

Contributions

Employees may contribute up to 75% of eligible compensation, as defined, each year, subject to limits established by law. Effective August 1, 2013, eligible employees are automatically enrolled in the Plan at 3% of eligible compensation with an automatic increase of 1% annually up to a maximum of 10%, unless the employee has elected to decline participation or has elected a different contribution percentage. The participant elective deferral must be at least 1% of eligible compensation. The participants' elective deferrals are not taxed as compensation in the year of deferral. Participants may also contribute rollover contributions representing distributions from other qualified plans. Participants who reach age 50 may elect to make catch-up contributions.

The Plan provides for discretionary Employer matching contributions and annual discretionary non-elective Employer contributions to certain eligible employees as defined by the Plan document. For the years ended December 31, 2013 and 2012, the Employer made discretionary matching contributions of 100% of the first 2% of employee deferrals plus 50% of the next 2% of employee deferrals. The Employer made no additional discretionary non-elective contributions for the years ended December 31, 2013 and 2012. In addition, the Employer made a non-elective contribution of 1% of eligible compensation for all union employees who are covered by collective bargaining agreements for the years ended December 31, 2013 and 2012.

Participant accounts

Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contributions, related Employer contributions, and an allocation of Plan investment earnings. Each participant's account is decreased by an allocation of investment losses, administrative expenses and any participant withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan's investments are participant-directed.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Payment of benefits

Upon termination of service, death, disability, retirement, or reaching age 59 ½, distributions may be made to the participant or beneficiary in a single lump sum payment, or certain installment payments. Normal retirement is at age 65; however, the Plan also provides for early retirement upon attaining age 55. A participant may also elect to withdraw his or her deferred contributions and vested Employer contributions in the event of financial hardship, subject to Plan provisions.

Participant notes receivable

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested portion of their account balance. Notes are repaid over a period not to exceed five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative expenses

Certain administrative expenses are paid by the Employer and are excluded from these financial statements. Fees related to the administration of participant notes receivable or other transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of the Plan are set forth to facilitate the understanding of data presented in the financial statements:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan held an investment contract through a collective trust as of December 31, 2013 and a stable value fund as of December 31, 2012. Contract value for these investment contracts is based on the net asset value of the fund as reported by the trustee and audited financial statements of the investment funds. As required, the statements of net assets available for benefits present the fair value of the investment in the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Interest income is recognized when earned and dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

Benefits

Benefits are recognized when paid.

Participant notes receivable

Participant notes receivable are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions upon default, as defined, based upon terms of the Plan. No allowance for credit losses has been recorded at December 31, 2013 and 2012.

Reclassifications

Certain accounts in the 2012 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2013 financial statements.

Subsequent events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through June 18, 2015, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

The following information included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2013 and 2012 was obtained from data that has been prepared and certified to as complete and accurate by Fifth Third Bank, the former trustee of the Plan, for the period January 1, 2012 through June 28, 2013, and Fidelity Management Trust Company (Fidelity), the current trustee of the Plan, for the period June 28, 2013 through December 31, 2013.

- Investments
- Net appreciation in fair value of investments
- Interest and dividends
- Assets held at the end of year

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2013.

The following are descriptions of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at the NAV of shares held by the plan at year end, which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

Collective Trust: The fair value of the investments in the collective trust is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represents the net asset value (NAV) of the units held by the Plan at year end. The investment strategy of the Fidelity Managed Income Portfolio Fund is to provide competitive total returns relative to respective benchmarks. The investment strategy for the Fifth Third Equity Index Fund is to seek long-term capital appreciation by investing in common stocks publicly traded in the United States as represented by the Standard and Poor's 500 Composite Index. There are no unfunded commitments related to the collective trust and units are redeemable at net asset value (NAV) on a daily basis with no advance notification requirements.

Stable Value Fund: The fair values of participation units in the stable value fund are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in investment contracts issued by insurance companies, banks, and other financial institutions, and other instruments issued by insurance companies, banks, and other financial institutions with the objective of protecting against market price volatility, obtaining

consistent income return, and providing liquidity for benefit payments and withdrawals. The fund provides for daily redemptions by the Plan at reported net asset value per share, with no advance notification requirements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013 and 2012:

6. RELATED PARTY TRANSACTIONS:

Certain Plan investments are managed by Fifth Third Bank and Fidelity, the trustees as defined by the Plan and, therefore, these transactions and fees paid to the trustees qualify as party-in-interest transactions to the Plan. Participant notes receivable and related interest also represent party-in-interest transactions to the Plan.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

Effective July 1, 2013, the Plan elected to adopt the prototype plan of Fidelity. The Internal Revenue Service (IRS) issued an opinion letter dated March 31, 2008 that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements. Prior to June 28, 2013, the IRS had issued a determination letter dated July 15, 2011 that the plan was designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2013 and 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

On February 5, 2013, the Department of Labor (DOL) communicated via letter to the Plan Administrator the results of an audit of the Plan and its operations. Subsequently on June 3, 2013, the DOL communicated via letter to the Plan Administrator that the corrective actions taken in response to the audit findings were satisfactory and no additional action would be taken. As result of the audit, the DOL concluded the Company could reasonably have remitted participant contributions and participant loan repayments to the Plan within one business day from the date the amounts were deducted from the employee's wages. As a result of this ruling, certain remittances have classified as delinquent and are included on a supplement schedule to these financial statements (see Note 10).

9. PLAN TRANSFERS:

The following is a summary of plan transfers for 2013 and 2012:

	<u>2013</u>	<u>2012</u>
Plan transfers:		
Transfer in from Oneida Ltd. 401(k) Savings Plan	\$ <u>18,199,265</u> *	<u>-</u>

* Includes \$207,238 of participant notes receivable.

** Includes \$940,575 of participant notes receivable.

The transfer into the Plan from Oneida 401(k) Plan was due to a plan merger effective July 1, 2013. The transfer into the Plan from USW Industry 401(k) Plan was due to a plan merger effective January 20, 2012.

10. NONEXEMPT TRANSACTIONS:

Certain employee withholdings totaling \$640,965, \$151,770 and \$65,686 for the years ending December 31, 2013 and 2012 and 2011, respectively, were not remitted by the Employer to the Plan within the time period as defined by ERISA. These transactions constitute nonexempt prohibited transactions. The Employer has taken or plans to take any necessary corrective actions to correct the affected participants in accordance with Internal Revenue Service guidelines.
