NOTE 1 - Description of the Plan

The following description of the INSPIRIS of Tennessee Medical Services, P.C. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was formerly known as Inspiris, Inc. 401(k) Plan and was sponsored by Inspiris, Inc. On March 8, 2011, Inspiris, Inc. was acquired by Collaborative Care Holdings, LLC and INSPIRIS of Tennessee Medical Services, P.C. succeeded Inspiris, Inc. The Plan became known as INSPIRIS of Tennessee Medical Services, P.C. 401(k) Plan. On December 30, 2013, INSPIRIS of Tennessee Medical Services, P.C. merged with and into Optum Medical Services, P.C. ("the Company"). On January 1, 2014, the Plan was amended to name the Company as plan sponsor and Optum Partner Services Plan Administration Committee as ("the Plan Administrator"). The Plan is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Employees of non-professional services corporations became employees of United HealthCare Services, Inc. and ceased participation in the Plan effective June 29, 2011. On January 1, 2012, employees of a participating employer that adopted the Optum Partner Services 401(k) Savings Plan, formerly known as WellMed Medical Group, P.A. 401(k) Plan, ceased to be eligible to participate in the Plan. On April 1, 2012 the remaining active participants became employees of Optum Clinical Services, Inc. and ceased participation in the Plan. The Plan was frozen to participation and contributions effective December 31, 2012 and subsequently amended to fully vest all participants effective January 1, 2014. On November 18, 2014, the Plan merged into the UnitedHealth Group 401(k) Savings Plan, Optum Clinical Services, Inc. 401(k) Savings Plan, and Optum Partner Services 401(k) Savings Plan.

The following describes plan features prior to the merger on November 18, 2014.

Contributions

Prior to the December 31, 2012 freeze date, eligible employees of a participating employer were permitted to contribute on a pre-tax basis an amount up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code").

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, matching contributions, and an allocation of the Company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed and the Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of November 18, 2014 and December 31, 2013, forfeited nonvested accounts totaled $1 and $369, respectively. During the period ended November 18, 2014, $293 of forfeitures were used to pay administrative expenses.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan document.

There are no amounts owed to the participants who had elected to withdraw from the Plan, but had not been paid as of November 18, 2014.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates as of the date of the inception of the loan as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

The Company pays a portion of the Plan's administrative expenses and a portion is offset through revenue sharing.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Risks and Uncertainties

The Plan has investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded and applied based on the loan amortization schedule. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Recent Accounting Pronouncements

There have been no recent accounting pronouncements.

Payment of Benefits

Benefits are recorded when paid.

Mutual Funds	$ 258,931

NOTE 5 - Fair Value of Financial Instruments

The Plan follows U.S. GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted market prices included in Level 1 that are observable for the asset either directly or indirectly.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 18, 2014.

Mutual funds: Valued at the daily closing price reported by the fund.

The Company is responsible for the determination of fair value. Accordingly, the Company performs periodic analysis on the prices received from the Trustee to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Company has not historically adjusted the prices obtained from the Trustee. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - Fair Value of Financial Instruments (cont.)

The table below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy. The Plan held no investments at November 18, 2014.

NOTE 6 – Party-in-interest

Fees paid by the Plan to the Trustee for the investment management services are party-in-interest transactions. These fees are netted against investment income.

NOTE 7 – Tax Status

The Plan uses a prototype plan document sponsored by Taylor/Webster Inc. The prototype sponsor received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, which states the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. The prototype plan has been amended since receiving the determination letter. The Plan Administrator is aware of certain operational issues, but will take all necessary action to maintain the Plan's qualified status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 18, 2014 and December 31, 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 - Subsequent Events

The Plan has evaluated subsequent events through June 22, 2015, which is the date the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.
