NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 (AUDITED) AND DECEMBER 31, 2013 (COMPILED)

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Nordon, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Nordon, Inc. (the "Company"). Participation in the Plan is elective at the discretion of the employee. The requirements, as defined by the Plan agreement, are that an employee must be 21 years of age, have completed at least one year of eligible service, and are not covered under collective bargaining agreements. The Plan defines one year of eligible service as 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 15% of their pre-tax annual compensation, as defined by the Plan, subject to Internal Revenue Service limitations. Participants can also roll over amounts representing distributions from other qualified plans.

The employer will make matching contributions based on the participant's elected deferral. The match is calculated as twenty five percent of the participant's elected deferral up to a maximum of four percent. The Company may also contribute and allocate to each participant's account a discretionary profit sharing contribution. For the year ended December 31, 2014, the Company did not make a profit sharing contribution.

Participant accounts

Each participant's account is credited with the participant's contribution, employer matching contribution and the Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct the investment of their account balances into various investment options offered by the Plan. At December 31, 2014 all amounts allocated to accounts of participants who have withdrawn from the Plan have been paid.

Vesting

Participants are immediately vested in their elective contributions and actual earnings thereon. Participants vest in employer matching contributions and actual earnings and losses thereon at a rate of 20% per annum upon completion of the second year of service. Participants are fully vested in employer matching contributions after six years of service.

Payment of benefits

Funds may be withdrawn by participants under circumstances of retirement at the normal retirement age, death, disability, or termination of employment.

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Participant notes receivable

Participants are entitled to borrow from their accounts subject to certain limitations. In general, participants may borrow up to ninety-five percent of one-half of their vested account balances, but not more than $50,000 and not less than $1,000 subject to restrictions set forth in the Plan document. The notes bear interest at the prime rate plus 1% and must be repaid over a maximum term of five years. Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document. Principal and interest payments are generally made through payroll withholdings.

Accounts forfeited

Participants who terminate employment prior to the vesting of the employer contributions to their retirement accounts forfeit such contributions. Such forfeitures are re-allocated to active participants based on the ratio of the individual wages to total plan wages. During 2014 and 2013, $1,962 and $277, respectively, was re-allocated to participants.

Administrative expenses

Certain administrative expenses of the Plan are paid by the Plan out of the Plan's assets, such as transaction fees and are allocated to the account of each participant based on the account balance of each participant.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements and supplemental schedule are prepared under the accrual method of accounting.

Cash and cash equivalents

Cash and cash equivalents include money market funds and all highly liquid debt instruments with original maturities of three months or less. The Plan maintains cash and cash equivalents which periodically may exceed federally insured amounts.

Investment value and income recognition

The Plan's investments are valued at fair value. Mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. The net asset value is determined using the quoted market prices of the investments in which the portfolio has invested.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net depreciation and appreciation includes the Plan's gains and losses on investments bought and sold during the year as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through June 15, 2015, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

NOTE C: INVESTMENTS

The following presents the fair value of investments that represent five percent or more of the Plan's net assets available for benefits.

	December 31,	
	2014	2013
	(Audited)	(Compiled)
Prime Money Market	$ 546,689	$ 502,588
Blackrock US Government Bond Portfolio A	401,599	359,860
Invesco Comstock Fund	323,448	279,514
Alliance Bernstein Discovery Growth Fund A	312,192	282,593
Putnam Europe Equity Fund A	294,101	261,942
Massachusetts Investors Growth Stock Fund A	268,481	215,410
	$ 2,146,510	$ 1,901,907

During 2014 and 2013, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $10,653 and $318,005, respectively.

NOTE D: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United State of America (G.A.A.P.) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Instruments whose significant inputs are unobservable

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE E: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

NOTE F: TAX STATUS

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the prototype plan, as designed, qualified for federal income tax exempt status. The Plan has not individually sought a determination letter from the IRS on its qualification status. However, the Plan's third party administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F: TAX STATUS, Cont'd

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2011.

NOTE G: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H: TRANSACTIONS WITH PARTY-IN-INTEREST

Participant loans qualify as party-in-interest transactions.
