NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements - Modified Cash Basis December 31, 2014 and 2013

Note 1 - Description of plan

The following brief description of the Northern Labs, Inc. 401(k) Thrift Savings Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a company-sponsored defined contribution plan covering all eligible employees of Northern Labs, Inc. (Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the employee savings regulations under Section 401(k) of the Internal Revenue Code. All employees of the Company are eligible for participation after completing 90 days of service and reaching the age of 18. Employees may commence participation as of January 1, April 1, July 1, or October 1, upon completion of participation requirements.

B. Contributions

By means of a salary reduction agreement, participants can elect to contribute to the Plan up to 60% of their annual compensation in accordance with the limits of Internal Revenue Code Section 415(d). Participants may elect to have a portion, or all, of their contributions designated as Roth 401(k) contributions. The Company can make a discretionary matching contribution. For the years ended December 31, 2014 and 2013, the Company contributed 50% of the first 6% of base compensation that a participant contributed to the Plan.

C. Participant accounts

Each participant's account is credited with the participant's elective contributions and allocations of (a) the employer discretionary contribution and (b) earnings, net of expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are fully vested in the value of their accounts created by their own contributions. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested at the time of death, disability, attainment of normal retirement age, or after five years of service with the Company.

E. Forfeitures

Forfeitures of prior Company contributions are used to reduce future Company contributions. Forfeitures of \$8,027 and \$7,105 were used to reduce contributions during the years ended December 31, 2014 and 2013, respectively.

NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements - Modified Cash Basis, Continued December 31, 2014 and 2013

Note 1 - Description of plan, continued

F. Benefits

If a participant has reached the age of 59½, distributions may be made at the participant's election from their deferral account without requiring the participant to terminate employment. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 will receive a lump-sum distribution of the vested amount. Participants whose vested account balance exceeds \$1,000 may elect to receive as benefits all or any part of the vested amount credited to their accounts as of that date in a single sum, or periodic payments.

G. Plan expenses

Administrative fees paid to the Plan's Trustee are paid by the Plan. All remaining fees and administrative expenses of the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of mutual funds.

H. Participants notes receivable

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Loan terms may not exceed five years unless the loan is used to acquire a primary residence, in which case longer repayment terms are granted.

I. Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

A. Accounting method

The Plan prepares its financial statements on the modified cash basis of accounting; consequently, contributions and interest and dividend income are recognized when received rather than when earned, and administrative fees are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets and changes in net assets in conformity with accounting principles generally accepted in the United States of America.

NORTHERN LABS, INC. 401(k) THRIFT SAVINGS PLAN

Notes to Financial Statements - Modified Cash Basis, Continued
December 31, 2014 and 2013

Note 2 - Summary of significant accounting policies, continued

B. Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

C. Method of valuation of investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Participant notes receivable

Loans to participants are reported at their unpaid principal balances. Delinquent participant loans are reclassified as benefits paid to participants based on the terms of the Plan document.

E. Payment of benefits

Benefits are recorded when paid.

F. Subsequent events

The financial statements were approved and available for issue by management on June 16, 2015, and subsequent events were evaluated through this date.

Note 3 - Risks and uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of the investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 5 - Fair value measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 5 - Fair value measurements, continued

Level 2 Inputs to the valuation methodology include:

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

	2014	Fair Value Measurements Using

Note 6 - Income tax status

The Plan is a prototype plan adopted from the prototype plan sponsor. The prototype plan sponsor has received a notification letter from the Internal Revenue Service which indicates that the form of the prototype plan is acceptable under the Internal Revenue Code. The Plan has not received a determination letter from the Internal Revenue Service. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Information certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's Trustee (Fidelity Management Trust Company) has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate:

- a. The investments and participant notes receivable as shown in the Statements of Net Assets Available for Benefits - Modified Cash Basis.
- b. The investment income and interest income on notes receivable from participants as shown in the Statements of Changes in Net Assets Available for Benefits - Modified Cash Basis.
- c. The investments and participant notes receivable held at December 31, 2014, as shown in the Schedule of Assets (Held at End of Year).

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related amounts included in the financial statements and supplementary schedule.

Note 8 - Transactions with related party

Certain Plan investments are shares of money market and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan made direct payment to the Trustee for administrative expenses. These fees amounted to \$8,949 and \$8,789 for the years ended December 31, 2014 and 2013, respectively.
