1. Description of the Plan

The following description of the Win-Con Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Therefore, participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan available to all eligible full-time employees of Win-Con Enterprises, Inc. (the Company or Employer). The Plan was established on September 1, 2012, with a retroactive effective date of January 1, 2012. The Plan is designed to comply with the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan is administered by the Company and the third party administrator, Nova 401(k) Associates, and the assets of the Plan are held by Principal Life Insurance Company and Delaware Guarantee & Trust Company d/b/a Principal Trust Company (the Custodians).

Eligibility

All employees of the Company who are 18 years of age and have completed ninety days of service are eligible to participate in the Plan. Employees that were employed as of September 1, 2012, were immediately eligible to participate in the Plan.

Employee Contributions

Participants may elect to contribute up to 90% of their annual compensation, subject to IRS limitations. Participant contributions may be designated as pretax or after tax Roth contributions, subject to IRC limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions

The Company makes safe harbor matching contributions of 100% of the amount of the participant's elective deferrals up to 3% of the participant's compensation, plus an additional 50% of salary deferrals between 3% and 5% of total compensation. The Company may also make a discretionary profit sharing contribution to the Plan. The Company did not make a discretionary profit sharing contribution for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions and earnings or losses, and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions and safe harbor contributions and actual earnings or losses thereon. Participants vest in the Company's discretionary profit sharing contributions plus actual earnings or losses thereon, based on years of continuous service as follows:

Years of Service	Percent Vested
Less than 3	0%
3	100%

Upon retirement, death or disability, the participant becomes 100% vested in Company contributions.

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant may elect to receive a lump-sum amount, a direct rollover to an eligible retirement plan, installments over a specified period of time, or a combination of a lump-sum cash payment and a direct rollover to an eligible retirement plan. Upon termination of employment a participant may elect a lump sum distribution or rollover to an eligible retirement plan.

Forfeitures

Forfeitures of nonvested account balances may be used to pay administrative expenses and to reduce Employer contributions. There were no balances in the unallocated forfeited accounts as of December 31, 2014 and 2013.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Subsequent Events

Management of the Plan has evaluated subsequent events through July 1, 2015, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the custodians. See note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative Expenses

Administrative expenses are generally paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transactions.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Mutual funds: The fair value of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Common collective trusts: The fair value of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The investment objective of the collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Pooled separate accounts: The fair value of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The funds operate as target date funds and invest in underlying Principal Funds, Inc. domestic and foreign equity, real asset and alternative investments, and fixed-income funds according to an asset allocation strategy designed for investors having a retirement investment goal close to the year in the fund's name. The pooled separate accounts provide for daily redemptions by the Plan at the reported net asset values per share, with no advance notice requirement.

3. Fair Value Measurements (Continued)

The following table presents the Plan's fair value hierarchy by asset class for those assets measured at fair value:

5. Information Certified by the Custodians (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Insurance Company and Delaware Guarantee & Trust Company d/b/a Principal Trust Company (the Custodians), except for comparing such information certified by the Custodians to information included in the Plan's financial statements and supplemental schedule. The Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2014**	2013
Investments, at fair value	**$ 685,971**	$ 471,054

Year ended December 31,	**2014**
Investment income:	
Net appreciation in fair value of investments	**$ 31,713**
Interest and dividend income	**687**
Total investment income	**$ 32,400**

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Income Tax Status

Effective January 1, 2012, the Employer adopted the Volume Submitter Plan sponsored by Nova 401(k) Associates which had previously received an opinion letter from the Internal Revenue Service dated July 1, 2009, that states that the Volume Submitter Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is subject to income tax examinations for all years since inception in 2012.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the 2013 Form 5500 Schedule H:

December 31,	**2014**	2013

Add: prior year contributions receivable	**4,741**
Less: contributions receivable	**5,447**
Net increase in net assets available for benefits per the Form 5500	**$ 214,917**

9. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by Principal Life Insurance Company and Delaware Guarantee & Trust Company d/b/a Principal Trust Company (custodians) qualify as party-in-interest transactions.
