INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the
Hardinge Inc. Retirement Plan:

Report on the Financial Statements
We have audited the accompanying financial statements of the Hardinge Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits of as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Hardinge Inc. Retirement Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following brief description of the Hardinge Inc. Retirement Plan (the Plan), formerly the Hardinge Inc. Savings Plan, provides only general information. Participants should refer to the Plan and associated Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible domestic employees of Hardinge Inc. (the Plan Sponsor). Effective May 9, 2013 and June 1, 2013, the Plan also covers all eligible domestic employees of Forkardt, Inc. and Usach Technologies, Inc, respectively. The companies identified above (collectively, the Companies) are affiliated entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 3, 2013, the accounts of employees of Usach Technologies, Inc. transferred into the Plan from the Usach Technologies, Inc. Employees' Profit Sharing and Savings Plan. As a result, assets of $1,422,745 were transferred into the Plan during 2013.

Eligibility

All employees are eligible to begin salary deferrals upon employment. Employees are eligible to receive employer matching and non-elective contributions beginning January 1 or July 1 following the completion of one year of service, which includes at least 1,000 hours of service.

Vesting

Participants are immediately vested in all salary deferrals and employer matching contributions and earnings thereon. Vesting in employer non-elective contributions is based on years of service. Participants vest 20% each year after the second year of service and are fully vested after six years of service.

Contributions

Participants may make voluntary pre-tax contributions in the form of salary reductions up to 100% of their annual compensation, as defined, subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC).

The Plan Sponsor matches 25% of the voluntary contributions made by an eligible participant up to 4% of the participant's current compensation, as defined, for a maximum potential contribution of 1% of the participant's compensation. Additionally, the Plan Sponsor makes a non-elective contribution of 4% of the participant's compensation, as defined, for all eligible participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, but no more than 50% of the participant's employee deferral and rollover balances. The loans are collateralized by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan's Loan Committee. Typically, the interest rate charged is the prime rate plus 1%. Principal and interest are paid through payroll deductions over a term of five years, except for loans used to purchase a participant's principal residence, which may be repaid over a time determined to be reasonable by the Plan's Loan Committee, but no longer than ten years.

1. DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted under certain circumstances.

Benefit Payments
Upon termination of service, a participant may elect to leave his or her funds in the Plan, receive a lump-sum amount equal to the value of the account, or rollover his or her funds into another plan in accordance with Plan provisions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

As required by generally accepted accounting principles, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. As required by generally accepted accounting principles, the statement of net assets available for benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition
Investments are stated at fair value. Money market funds are stated at cost, which approximates fair value. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Hardinge Inc. common stock and mutual funds are valued at the last reported sales price on the last business day of the plan year. Where quoted market values are not available, the investment is valued at the most recent sales, trade, or current bid price. Purchases, sales, and interest income are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. FASB Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

  The Plan's investments in money market funds, Hardinge Inc. common stock, and mutual funds are valued using Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan's investments in the common collective trust are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan does not have any investments that are valued using Level 3 inputs.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses
The Plan Sponsor elected to pay certain administrative expenses of the Plan which, if not paid by the Plan Sponsor, will be paid by the Plan.

Benefit Payments
Benefit payments are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Forfeitures

Forfeitures of employer non-elective contributions are used to reduce future employer contributions or pay administrative expenses. There were forfeitures of non-vested employer non-elective contributions of $16,816 and $2,282 in 2014 and 2013, respectively. There were no amounts available to offset future employer contributions or pay administrative expenses at December 31, 2014. At December 31, 2013, there was $92 available to offset future employer contributions or pay administrative expenses, respectively. In 2014, $16,908 of forfeitures were used to reduce employer matching contributions. In 2013, $17,927 of forfeitures were used to reduce employer matching contributions and $9,831 of forfeitures were used to pay administrative expenses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

3. INVESTMENTS

The following investments represented 5% or more of the Plan's net assets available for benefits at either December 31, 2014 or 2013, or both:

4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated December 11, 2011 that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets available for benefits per Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 51,508,119	$ 47,547,804
Adjustment to fair value from contract value for fully benefit-responsive investment contracts	238,912	220,571
Net assets available for benefits per Form 5500	$ 51,747,031	$ 47,768,375

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the change in net assets available for benefits per Form 5500 for the years ending December 31:

	2014	2013
Change in net assets available for benefits per the financial statements	$ 3,960,315	$ 9,217,879
Change in adjustment to fair value from contract value for fully benefit-responsive investment contracts	18,341	(169,748)
Change in net assets available for benefits per Form 5500	$ 3,978,656	$ 9,048,131

7. PARTY-IN-INTEREST TRANSACTIONS

Vanguard Fiduciary Trust Company (Vanguard) and Chemung Canal Trust Company (Chemung) are the trustees of the Plan. Hardinge Inc. is the Plan Sponsor. As such, transactions among Vanguard, Chemung, Hardinge Inc., and the Plan qualify as party-in-interest transactions. Additionally, participant loans are party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 25, 2015, which is the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee of the
Hardinge Inc. Retirement Plan:

Report on the Financial Statements
We have audited the accompanying financial statements of the Hardinge Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits of as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Hardinge Inc. Retirement Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information
Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following brief description of the Hardinge Inc. Retirement Plan (the Plan), formerly the Hardinge Inc. Savings Plan, provides only general information. Participants should refer to the Plan and associated Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible domestic employees of Hardinge Inc. (the Plan Sponsor). Effective May 9, 2013 and June 1, 2013, the Plan also covers all eligible domestic employees of Forkardt, Inc. and Usach Technologies, Inc, respectively. The companies identified above (collectively, the Companies) are affiliated entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On September 3, 2013, the accounts of employees of Usach Technologies, Inc. transferred into the Plan from the Usach Technologies, Inc. Employees' Profit Sharing and Savings Plan. As a result, assets of $1,422,745 were transferred into the Plan during 2013.

Eligibility

All employees are eligible to begin salary deferrals upon employment. Employees are eligible to receive employer matching and non-elective contributions beginning January 1 or July 1 following the completion of one year of service, which includes at least 1,000 hours of service.

Vesting

Participants are immediately vested in all salary deferrals and employer matching contributions and earnings thereon. Vesting in employer non-elective contributions is based on years of service. Participants vest 20% each year after the second year of service and are fully vested after six years of service.

Contributions

Participants may make voluntary pre-tax contributions in the form of salary reductions up to 100% of their annual compensation, as defined, subject to certain limitations under the terms of the Plan and Internal Revenue Code (IRC).

The Plan Sponsor matches 25% of the voluntary contributions made by an eligible participant up to 4% of the participant's current compensation, as defined, for a maximum potential contribution of 1% of the participant's compensation. Additionally, the Plan Sponsor makes a non-elective contribution of 4% of the participant's compensation, as defined, for all eligible participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000, but no more than 50% of the participant's employee deferral and rollover balances. The loans are collateralized by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates at the time of the loan as determined by the Plan's Loan Committee. Typically, the interest rate charged is the prime rate plus 1%. Principal and interest are paid through payroll deductions over a term of five years, except for loans used to purchase a participant's principal residence, which may be repaid over a time determined to be reasonable by the Plan's Loan Committee, but no longer than ten years.

1. DESCRIPTION OF THE PLAN (Continued)

Hardship Withdrawals
Hardship withdrawals from the Plan are permitted under certain circumstances.

Benefit Payments
Upon termination of service, a participant may elect to leave his or her funds in the Plan, receive a lump-sum amount equal to the value of the account, or rollover his or her funds into another plan in accordance with Plan provisions.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

As required by generally accepted accounting principles, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. As required by generally accepted accounting principles, the statement of net assets available for benefits presents the fair value of the investment in the common collective trust as well as the adjustment of the investment in the common collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition
Investments are stated at fair value. Money market funds are stated at cost, which approximates fair value. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. Hardinge Inc. common stock and mutual funds are valued at the last reported sales price on the last business day of the plan year. Where quoted market values are not available, the investment is valued at the most recent sales, trade, or current bid price. Purchases, sales, and interest income are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in values in the near term would materially affect participants' account balances and the amount reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy
The Plan uses various valuation techniques in determining fair value. FASB Accounting Standards Codification 820 (ASC 820) establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

  The Plan's investments in money market funds, Hardinge Inc. common stock, and mutual funds are valued using Level 1 inputs.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

  The Plan's investments in the common collective trust are valued using Level 2 inputs.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

  The Plan does not have any investments that are valued using Level 3 inputs.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Administrative Expenses
The Plan Sponsor elected to pay certain administrative expenses of the Plan which, if not paid by the Plan Sponsor, will be paid by the Plan.

Benefit Payments
Benefit payments are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (Continued)

Forfeitures

Forfeitures of employer non-elective contributions are used to reduce future employer contributions or pay administrative expenses. There were forfeitures of non-vested employer non-elective contributions of $16,816 and $2,282 in 2014 and 2013, respectively. There were no amounts available to offset future employer contributions or pay administrative expenses at December 31, 2014. At December 31, 2013, there was $92 available to offset future employer contributions or pay administrative expenses, respectively. 4. TAX STATUS

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated December 11, 2011 that the Plan and related trust are designed in accordance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions set forth by ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.
