Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis of Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis of Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of or for the year ended December 31, 2014 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by trustee, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, and in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the IRC and to an annual limitation of \$17,500 (\$23,000 for those participants age 50 or older).

The Company will provide each employee a matching contribution of 50 cents for every dollar invested in the Plan up to the first 6% of compensation. Additionally, the Plan provides that the Company may make a discretionary employer contribution, which will be allocated to each eligible participant’s account in the same proportion that each eligible participant’s compensation bears to the compensation of all eligible participants for such year. For the year ended December 31, 2014, the Company elected to not make such a discretionary contribution.

Participants are immediately vested with regard to his or her voluntary deferrals, matching contributions plus actual earnings thereon. In addition, the Company’s contribution is fully vested when a participant reaches the age of 59-1/2, becomes totally disabled, or dies.

Participant Loans

With the Plan trustee’s approval, and subject to IRS regulations and limitations, participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance with a minimum loan amount of \$1,000. Loans are subject to approval by the Plan administrator, bear interest at prime as published in the Wall Street Journal on the 14th of each month, plus two (2) percentage points. Loans are generally repayable in terms of up to 5 years, except home mortgage loans for which the maximum maturity is 15 years. All loans are secured by the participants’ account balances and must be fully repaid through payroll deductions.

Participant Accounts

Each participant's account is credited with the employee's payroll contributions; the employer's matching and profit sharing contributions, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Investment Options

Participants exercise control over the types of investments made on their behalf, provided that such accounts are invested in investment funds designated by the Plan. Participants may invest in any one or more investment funds and change their investment options at any time.

Payment of Benefits

In the case of normal retirement (age 59-1/2), early retirement, retirement due to permanent disability, or termination of employment, participants may elect to receive the value of their vested individual account balances, in accordance with the provisions of the Plan, either in lump-sum distribution or in an alternative manner available under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Participants who separate from service and have vested account balances of \$1,000 or less are subject to an administrative lump sum distribution at the discretion of the plan administrator. Mandatory distributions of separated participants' vested balances between \$1,000 and \$5,000 are subject to a direct rollover of their balance into an Individual Retirement Account (IRA) designated by the plan administrator in the name of the separated participant.

Administration

The Company is the plan administrator. The Company has engaged the services of Automatic Data Processing, Inc. ("ADP") as third party administrator. ADP (the "Administrator") manages the assets of the Plan. Reliance Trust Company acted as the trustee for the Plan (the "Trustee"). The Trustee, appointed by the Company, executes investment transactions and holds Plan investment assets. The Company has engaged the services of Merrill Lynch Financial Advisors, who review the performance of the various available investments and make recommendations on the addition or deletion of an investment fund.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 6, 2015, the date the financial statements were available to be issued. Management has determined that there were no subsequent events or transactions that would have a material impact on the current year financial statements.

	<u>Value</u>	<u>Percentage of Assets</u>

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means• If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Trustee of the Plan, Reliance Trust Company, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all non-vested employer contributions would become 100% vested.

Notes to the Financial Statements

7. TAX STATUS

The plan adopted a prototype non-standardized profit sharing plan with cash or deferral arrangement has received a favorable opinion letter from the IRS, which states that the Plan is designed in compliance with the applicable sections of the IRC. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

8. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
