INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
American Bakers Association Retirement Plan

We have audited the accompanying financial statements of American Bakers Association Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of September 30, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the American Bakers Association Retirement Plan as of September 30, 2014 and 2013, and the changes in its financial status for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedules of Administrative Expenses and Professional Fees, Schedule of Assets Held for Investment Purposes and the Schedule of Reportable (5%) Transactions, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Reportable (5%) Transactions are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

AMERICAN BAKERS ASSOCIATION
RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2014 AND 2013

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the American Bakers Association Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document or Summary Plan Description for more complete information.

General - The Plan is one to which more than one employer contributes and has been determined to be a multiple employer plan for periods after August 8, 2006, using a pooled trust, governed by a single Board of Trustees (the Board), and a single Plan Document. The Plan is open to baking and allied company members of the American Bakers Association. It covers classes of collectively bargained employees and other employees designated by each participating employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Pension Benefits - Employees with five or more years of covered service are entitled to annual pension benefits beginning at normal retirement age (65). The benefits are calculated based upon a participant's years of credited service, age, average weekly contribution rate and a benefit multiplier. The Plan permits early retirement at ages 55-64. If employees terminate before rendering the minimum years of service, they forfeit the right to receive benefits unless they are subsequently re-employed without loss of vesting and credited service.

Upon retirement, unmarried participants will normally receive a monthly annuity for life and married participants will normally receive payment in the form of a qualified joint and survivor annuity. Optional forms of payment may be elected by the participant, including a joint and survivor benefit payable to a non-spouse beneficiary if the participant is unmarried and a single life annuity if the participant is married. Election of an alternative form of payment by a married participant requires the consent of the participant's spouse.

On May 14, 2013, acting on the request of the contributing employers, the Board approved a plan amendment to freeze benefit accruals effective September 30, 2013. Active participants in the Plan (and any alternate payees) will not earn additional retirement benefits under the Plan after that date, and the Plan will be closed to new entrants.

Disability Benefits - Active participants, subject to service requirements as outlined in the Plan Document, who become totally disabled are eligible for disability benefits equal to 3/4 of the normal retirement benefit before age 65. For participants who became disabled on or before June 1, 1991, the disability benefits equal 2/3 of the normal retirement benefit before age 65. At age 65, full normal retirement benefits are payable.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Accounting Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, and accumulated benefit obligations and the disclosure of contingencies, if any, at the date of the financial statements and additions to and deductions from plan assets and accumulated benefit obligations during the reporting period. Actual results may differ from these estimates.

Cash Equivalents - The Plan considers amounts available for immediate withdraw from bank accounts and highly liquid cash deposits and money market securities to be cash equivalents.

Valuation of Investments and Recognition of Income - Investments in common collective trusts funds are valued at their market value on the last business day of the year, as primarily established by the value of the underlying securities. Short-term investments are carried at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable - Contributions from employers are accrued based upon subsequent employer remittance reports, cash receipts and estimated future collections. As of September 30, 2014 and 2013, an allowance for uncollectible accounts is not considered material and is not provided.

Actuarial Present Value of Accumulated Plan Benefits - Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries vary with the years of credited service. The accumulated plan benefits for active employees are based on years of credited service as of the valuation date. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The Plan's actuary, Sibson Consulting, estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits - Retirement benefits to participants are recognized upon distribution.

NOTE 3. FUNDING POLICY

Employer contributions, in aggregate, to the Plan are made in actuarially determined amounts sufficient to annually fund the Plan in accordance with the minimum funding requirements of ERISA (the funding requirements). No contributions were made to the Plan for the year ended September 30, 2014. During the year ended September 30, 2013 contributions, in addition to the normal monthly contributions, were not required. During the years ended September 30, 2014 and 2013, the Plan recognized withdrawal liability income of $60,242 and $0, respectively.

NOTE 4. PLAN TERMINATION

The Plan may be completely terminated, or the participation of all participating employers or further contributions by the participating employers may be terminated, by the Board, subject to regulatory approval. In the event the Plan is terminated, various benefit payment priorities (as defined in the Plan Document) will be established and benefits will be paid by priority categories until all assets are exhausted. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

NOTE 5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Actuarial valuations of the Plan were made by a consulting actuary as of October 1, 2014 and 2013. Information shown in the reports included the following:

Some of the more significant assumptions used in the valuations as of October 1, 2014 and 2013, were as follows:

- Assumed rate of return on investments - 6.0% for 2014 and 7.5% for 2013.
- Retirement age rates for 2014 and 2013 for active participants are age 55-58, 5%; age 59-61, 15%; age 62-64, 25%; age 65, 100%. The retirement age for terminated vested participants was age 60 for 2014 and age 65 for 2013.
- Mortality rates - RP2014 Blue Collar Annuitant and Non-Annuitant mortality tables for males and females with the Social Security Administration Intermediate Cost Projections Mortality Improvement Scale for 2014 and the RP2000 Separate Annuitant and Non-Annuitant tables with static projection for 2013.
- Annual administrative expenses - $600,000 for 2014 and 2013.
- Actuarial value of assets - Assets are determined by averaging the market value as of the valuation date and the adjusted market values as of the preceding two years. The resulting value is limited to between 90% and 110% of market value of assets.

The above actuarial assumptions and actuarial cost methods are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the net assets of the Plan are dependent upon contributions received under agreements with employers and income from investments. The change in actuarial assumption is from the change in the

NOTE 5. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (continued)

assumed rate of return on investments, new mortality tables and improvement scales, and the change in the retirement age for terminated vested participants.

NOTE 6. INVESTMENTS

The Board has engaged Thompson, Siegel & Walmsley, Inc., and State Street Global Advisors (SSGA) to manage the Plan's investments. The Board has the authority to establish limitations with respect to the amount of funds allocated to each investment manager and the investment managers have authority with respect to investing the funds.

The following summary presents the cost and fair value for each of the investment categories. Investments that represent 5% or more of the Plan's net assets available for benefits are separately identified.

	2014		2013	
	Cost	Fair Value	Cost	Fair Value
Investments at estimated fair value:				
SSGA common collective trusts:				
Long US Government/credit bond Index NL Fund	$ 41,062,712	$ 41,492,002	$ 41,694,872	$ 37,330,370

During the years ended September 30, 2014 and 2013, the Plan's investments, including investments bought, sold, as well as held during the year appreciated (depreciated) in fair value as follows:

	2014	2013
Investments at fair value as determined by quoted market price:		
Common stocks - large cap value	$ -	$ 793,327
Common stocks - small cap value	-	272,634

Common collective trusts	6,796,546	(1,346,151)
Total	$ 6,796,546	$ (280,190)

NOTE 7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or mode-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended September 30, 2014 and 2013, there were no transfers in or out of levels 1, 2, or 3.

There have been no changes in the valuation methodologies used at September 30, 2014 and 2013.

The investment objective of the Fund is to approximate as closely as practicable, before expenses, the performance of the MSCI ACWI IMI Index over the long term. The Fund attempts to achieve its investment objective by investing in other collective investment funds (each an "Underlying Fund"), managed by the Trustee, which have characteristics consistent with the Fund's overall investment objective.

NOTE 8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The American Bakers Association (ABA), a Plan sponsor, provides certain administrative services to the Plan. These services include allocated salaries, benefits and overhead totaling $37,083 and $37,418 for the years ended September 30, 2014 and 2013, respectively, and are included in administrative expenses as American Bakers Association reimbursements. ABA was also reimbursed for meeting expenses and other miscellaneous expenses totaling $5,523 and $7,318 for the years ending September 30, 2014 and 2013, respectively, and are included in administrative expenses. As of September 30, 2014 and 2013, the Plan owed the American Bakers Association $30,822 and $23,247, respectively.

Certain Plan investments are shares of common collective trusts and registered investment companies managed by SSGA, in which the custodian is a related entity, State Street Bank and Trust Company. SSGA is the investment manager, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services totaled $54,901 and $31,903 for the years ended September 30, 2014 and 2013, respectively. As of September 30, 2014 and 2013, the Plan owed SSGA $14,021 and $13,065, respectively. Fees paid by the Plan for custodial services total $30,926 and $52,798 for the years ended September 30, 2014 and 2013, respectively. As of September 30, 2014 and 2013, the Plan owed State Street Bank and Trust Company $5,113 and $2,580, respectively.

The transactions identified above are party-in-interest transactions under the ERISA Section 408(b) exemption from the prohibited transaction rules of ERISA.

NOTE 9. INCOME TAX STATUS

The Plan obtained its latest determination letter dated August 30, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and counsel believe the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 10. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market, sector, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and those such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

The actuarial present value of accumulated plan benefits is reported, based on certain assumptions pertaining to interest rates; inflation rates; and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11. UNCERTAINTY - CONTINGENCY

The Plan entered into a settlement agreement with Interstate Bakeries Corporation (IBC), a former contributing employer, that was approved by the United States Bankruptcy Court for the Western District of Missouri on December 1, 2008, which provided for:

- an administrative priority claim payment of $800,000 by IBC to the Plan to cover pension costs for the Plan year ending September 30, 2008;

- a general unsecured claim for pre-petition pension liabilities of $6 million, subject to availability of any funds for unsecured creditors; and

- release or settlement of all claims by all parties except those that relate to the PBGC Letter (see above) and any future PBGC liabilities, that are covered by an IBC agreement with PBGC; and

- unfunded liabilities associated with IBC's participation on a single employer PBGC plan termination basis as of August 8, 2006, (the date of the PBGC Letter prospectively holding the Plan to be a multiple employer plan), were estimated to be at least $68.5 million as of August 8, 2006. Because the August 8, 2006 PBGC Letter is prospective only, assets contributed by other employers to fund their own single employer plans prior to the August 8, 2006 PBGC Letter would not offset this liability because, under the Amended Judgment, all employer contributions prior to August 8, 2006 could be treated as single employer plans.

On October 19, 2010, the Plan was notified that PBGC would terminate the IBC portion of the Plan and assume liability for payment of the IBC participants' pensions effective October 20, 2010, but without reimbursing the Plan for pension payments made to IBC participants that were not covered by IBC contributions prior to that date. The Plan continued to pay the IBC pensioner benefits, and the PBGC reimbursed the Plan, until the PBGC fully assumed the payment function to participants beginning with the February 2011 pension payments.

NOTE 11. UNCERTAINTY - CONTINGENCY (continued)

Subsequent to October 19, 2010, the Plan paid pension benefit expenses related to IBC. As a result, the Plan had recorded a receivable from the PBGC. On February 26, 2013, the Plan received $123,916 from PBGC in full settlement of the receivable.

In accordance with its settlement agreement of all claims in the now-concluded Interstate Bakeries Corporation bankruptcy proceedings in the Western District of Missouri, the Plan continues to hold a claim against the Unsecured Creditors' Trust for pre-petition pension liabilities in the amount of $6 million. Amounts received from the Unsecured Creditors' Trust subsequent to the PBGC assumption of the liability, have been remitted to the PBGC.

NOTE 12. PLAN AMENDMENT - PLAN FREEZE

On May 14, 2013, acting on the request of the contributing employers, the Board adopted a plan amendment to freeze the Plan as of the end of the Plan year ending September 30, 2013. Significant actions taken by the Board were as follows:

- Effective at midnight on September 30, 2013, the Plan is closed to new entrants.
- Effective at midnight on September 30, 2013, accruals for credited service for all participants ceased, and no service on or after October 1, 2013 is counted as credited service under the Plan in and Plan Year.
- The Plan was deemed "hard frozen" on and after October 1, 2013.

NOTE 13. CONCENTRATIONS

During the year ended September 30, 2014, the Plan received no employer contributions other than the recognition of the withdrawal liability income. Ninety percent (90%) of employer contributions were received from one employer during the year ended September 30, 2013.

NOTE 14. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through May 6, 2015, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
