LOCAL 284 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2014 AND 2013

NOTE 1 - PLAN DESCRIPTION

The following description of the Sutphen Corp. Members of Teamsters Local 284 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1981. The Plan is a defined contribution plan covering all union employees of Sutphen Corporation (Company) who are eligible after they complete one month of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Participants may contribute to the Plan each year up to the maximum percentage of their compensation allowable on a pretax basis or a Roth basis, not to exceed the limits imposed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company makes a matching contribution equal to 100% of the first 1.5% of a participant's base compensation contributed to the Plan. The Company also makes a contribution of 50 cents for every hour worked by a participant in the Plan year (union contribution).

Participant Accounts - Each participant's account is credited with the participant's contributions, employer's contributions and an allocation of Plan earnings. Allocations are based on the ratio of the individual participant's account balance to the total Plan. A participant is entitled to the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in all employee contributions, employer contributions and any actual earnings thereon.

Payment of Benefits - On termination of service due to death, disability, retirement or attainment of age 59½ (in-service distribution), a participant or his/her beneficiary will receive a lump-sum distribution equal to the value of the participant's vested interest in his/her account.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 and a maximum of $50,000, or 50% of their vested account balance reduced by the highest outstanding loan balance in the previous 12 months even if the amounts have been repaid. The number of outstanding loans is limited to one per participant. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate on the date the loan is made as listed in The Wall Street Journal plus 2%. Principal and interest are paid through weekly payroll deductions.

Administrative Expenses - All administrative fees, including certain fees for processing items such as loans, Qualified Domestic Relations Orders and distributions, are paid by the Plan as they are allocated directly to the participant responsible for the expense.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies applied by management in the preparation of the accompanying financial statements follows:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits - Benefits paid to participants are recorded when paid.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events - The Plan has evaluated subsequent events through July 9, 2015, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets at September 30, 2014 and 2013:

	2014	2013
Stadion Balanced Fund	$ 1,022,267	$ 1,151,693
Stadion Moderate Growth Fund	744,366	976,405
Stadion Growth Fund	516,704	462,759
Stadion Conservative Fund	446,854	213,688
Fixed/Stable Value Fund	197,214	188,757

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2014 and 2013.

Pooled Separate Accounts: Valued at the pool's portion of the net asset value of shares held by the pool at year-end.

Fixed/Stable Value Fund: Valued at amortized cost, which approximates fair value. The interest rate is determined annually at the beginning of the contract year and fluctuates with the current new money rate and the contract cash flow.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2014 and 2013:

NOTE 5 - CERTIFICATION

The Plan administrator has received certification from Guardian Life Insurance & Annuity Company (Guardian), the custodian of the Plan's assets, as to the completeness and accuracy of the investments. Such information includes the composition and current value of the investments reported in the statements of net assets available for benefits and the related investment income reported in the statement of changes in net assets available for benefits.

NOTE 6 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by Guardian. Guardian is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund.

NOTE 7 - TAX STATUS

The Plan uses a prototype plan document sponsored by DATAIR Employee Benefit Systems, Inc. (DATAIR). DATAIR received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, that states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan administrator and Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to examinations for years prior to 2011.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its matching contributions at any time subject to the provisions of ERISA. The Company also has the right to initiate the termination of the union contribution or a Plan termination subject to the union's approval as part of the collective bargaining agreement. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
