Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Westcare Health System Retirement Income Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Westcare Health System Retirement Income Plan (the Plan), which comprise the Statements of Net Assets Available for Benefits as of September 30, 2014 and 2013, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the Statement of Accumulated Plan Benefits as of September 30, 2013, and the related Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the

Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended September 30, 2014 and 2013, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule of Assets Held at End of Year as of September 30, 2014 and the Schedule of Reportable Transactions for the year ended September 30, 2014 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTCARE HEALTH SYSTEM RETIREMENT INCOME PLAN

Notes to Financial Statements

Years Ended September 30, 2014 and 2013

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Westcare Health System Retirement Income Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and any subsequent amendments for more complete information.

General: The Plan is a non-contributory defined benefit plan covering certain full-time employees of Westcare Health System (Westcare). The Plan was formed effective October 1, 1997, by the merger of Harris Regional Hospital, Inc. Retirement Income Plan and Swain County Hospital Pension Plan. Bank of America, N.A. (BOA), the Plan's trustee, and Merrill Lynch, the Plan's investment advisor, manage the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On November 10, 2003, the Finance Committee of Westcare approved freezing the Plan effective December 31, 2003. Benefit accruals have ceased for current participants, and no new employees can become participants of the Plan.

During 2014, Westcare sold substantially all assets and transferred certain liabilities to DLP Healthcare (DLP) subject to the terms and conditions of an Asset Purchase Agreement. All employees of Westcare became employees of DLP. Therefore, the Plan has no active participants as of September 30, 2014. Westcare was subsequently renamed Great Smokies Health Foundation (the Foundation) and remains the sponsor of the plan.

Pension Benefits: Participants with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) based on the sum of 1.35% of their final average compensation multiplied by the participant's years of service prior to October 1, 1997 and 0.85% of their final average compensation plus 0.65% of their final average compensation in excess of their Social Security covered compensation multiplied by the participant's years of service after October 1, 1997 as defined in the Plan document, subject to a maximum of 35 years. For certain participants that had attained age 55 and completed at least twenty years of service as of October 1, 1997, the benefit is based on 1.35% of their final average compensation multiplied by their total years of service. The Plan permits early retirement if the five years of service are completed within the ten-year period immediately preceding their normal retirement date. Participants may elect to receive the value of their accumulated plan benefits as a life annuity, joint and last survivor annuity, ten years certain and continuous annuity, social security leveling option annuity or a lump sum payment for participants who meet certain criteria. Participants will automatically receive their benefit in a lump sum if the amount is \$5,000 or less.

Death Benefits: If a participant has been married for at least one year, actively employed, eligible for early retirement, and dies before the normal retirement date, the employee's spouse will receive 50% of the amount the participant would have received had he or she retired on the date of death. If a participant is not married or not eligible for early retirement and dies before

the normal retirement date, no death benefit is paid. If a participant works subsequent to the normal retirement date and dies before actual retirement, the date of death is considered to be the date of retirement, and any benefits are paid to the participant's spouse under the payment plan designated by the participant.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year, as well as held at year end.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those estimated future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries.

The accumulated plan benefits for active employees are based on the product of the ratio of the participant's service at the valuation date to his or her projected service at normal retirement date, and the participant's normal retirement benefit based on service to his normal retirement date and average compensation over the final five years of employment, with the Plan Year ending September 30, 2003 being the latest year considered. Benefits payable under all circumstances; including retirement, death, disability and termination of employment; are included to the extent they are deemed attributable to employee service rendered as of the valuation date.

WESTCARE HEALTH SYSTEM RETIREMENT INCOME PLAN

Notes to Financial Statements - Continued

Years Ended September 30, 2014 and 2013

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying the actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of September 30, 2013, were life expectancy of participants (the 2013 Static Mortality Table, updated annually as prescribed by the IRS), retirement age assumptions (the assumed retirement age was 65 or the completion of five years of service, if later), and investment return (7.5% per annum, compounded annually for 2013). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits (see Note J). The computations of the actuarial present value of accumulated plan benefits were made as of October 1, 2013. Had the valuations been performed as of September 30, 2013, there would be no material differences.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

Administrative Expenses: Certain administrative expenses are paid directly by Westcare.

Subsequent Events: Plan management has evaluated subsequent events through July 9, 2015, the date the financial statements were available to be issued. During this period, management did not note any material recognizable subsequent events that required recognition or disclosure in the September 30, 2014 financial statements with the exception of the events disclosed in Note J.

NOTE C--CERTIFIED INVESTMENT INFORMATION

The Plan's investments as of September 30, 2014 and 2013 are held by Bank of America, N.A., the Plan's trustee. All investment related information in the accompanying financial statements and supplemental schedules was obtained or derived from information certified to as complete and accurate by the trustee. Investments that represent 5% or more of the Plan's net assets are separately identified as follows as of September 30:

	<i>2014</i>	<i>2013</i>
Investments, at fair value:		
BIF Money Fund	\$ 1,370,521	\$ 330,100
PNC Ultra Short Bond Fund	5,642,287	673,744
Pimco Low Duration Fund	5,869,465	-
Prudential Short Term Corporate Bond Fund	9,330,072	-
Legg Mason Western Asset Smash Series M Fund	-	673,744

During 2014 and 2013, the Plan's investments in shares of mutual funds, common stocks, corporate bonds and government securities, including investments bought, sold, and held at year end, appreciated in value by \$1,272,073 and \$945,016, respectively.

NOTE D--FAIR VALUE MEASUREMENTS

Fair Value Measurements: The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include:
 - Quoted prices for similar assets and liabilities in active markets,
 - Quoted prices for identical or similar assets and liabilities in inactive markets,
 - Inputs other than quoted prices that are observable for the asset or liability, and
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the valuation hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds and Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end based on the reported amounts in the active market.

Common Stocks, Corporate Bonds, Foreign Obligations Bonds and U.S. Government and Agency Securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Notes to Financial Statements - Continued

Years Ended September 30, 2014 and 2013

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2014 and 2013:

	<i>Carrying Value</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>

NOTE E--FUNDING POLICY

The Plan's funding policy is for Westcare to make annual contributions to the Plan in amounts based upon the minimum contributions, as determined annually by the Plan's actuaries, such that all employees' benefits will be fully provided by the time they retire. For the plan years 2014 and 2013, The Foundation's contributions met or exceeded the minimum funding requirements of ERISA.

NOTE F--PLAN TERMINATION

The Foundation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, Plan assets are to be allocated generally to provide the following benefits in the order indicated:

WESTCARE HEALTH SYSTEM RETIREMENT INCOME PLAN

Notes to Financial Statements - Continued

Years Ended September 30, 2014 and 2013

- A. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- B. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations, discussed below.
- C. All other vested benefits (that is, vested benefits not insured by the PBGC).

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE G--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE H--TAX STATUS

Westcare adopted a non-standardized prototype plan. The prototype plan has received a favorable opinion letter dated June 30, 2000 from the Internal Revenue Service, as to the acceptability of the form of the prototype plan. The prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed

and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and the Plan and related trust continue to be tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to September 30, 2012.

NOTE I--RELATED-PARTY TRANSACTIONS

Fees paid by the Plan to Merrill Lynch for investment management and administrative services amounted to \$169,351 and \$138,419 for the years ended September 30, 2014 and 2013, respectively.

NOTE J--SUBSEQUENT EVENT

During December 2014, the Foundation's Board of Directors voted to terminate the Plan effective April 30, 2015. As of this date, all participants become 100% vested in their accrued benefit. Additionally, the plan is amended as of this date to limit the distribution options under the plan to a lump sum payment or a monthly annuity with payments beginning at the normal retirement date. Management of the Foundation believes that sufficient assets are available after the sale to DLP to fully fund the distribution of all accrued benefits to participants upon plan termination.

Termination

Based on the Crocker and Sarason T5 Turnover Table (see sample rates below):

Age	Probability of Termination
25	7.72%
40	5.15%
55	0.94%

Assumed Retirement

The assumed retirement date is the later of age 65, the 5-year Anniversary of Plan Participation, and the Valuation Date.

Marriage

Male spouses are assumed to be 3 years older than their wives.

It is assumed that 90 percent of male and 60 percent of female Participants are married.

Expenses

Assumed expenses are based on administrative expenses paid from the trust during the prior year, ie. excluding investment expenses.

Statement of Actuarial Assumptions (continued)

Salary Scale

Not Applicable.

Covered Compensation

Covered Compensation is based on the 2003 Covered Compensation Table (\$12 rounding).

The Social Security Taxable Wage Base is not assumed to increase, as benefits under the Plan are frozen.

IRS Limits

The IRS maximum Benefit Limit for the 2013 Plan Year is \$205,000.

The IRS maximum Compensation Limit for the 2013 Plan Year is \$255,000.

Form of Payment

Active Participants are assumed to elect the following forms:

Payment Form	Probability of Election
Life Annuity	70%
Joint & 100% Survivor	15%
Joint & 50% Survivor	15%

100% of active Participants and vested former Participants or beneficiaries entitled to deferred benefits are assumed to receive benefits in the form of a life annuity.

Census Data

- No future new entrants.
- No rehire of former employees.
- No liability is held for non-vested former employees even if a break-in-service has not occurred as of the valuation date.
- All Participants are assumed to work the same number of hours in future years as reported for the year preceding the valuation date.

Changes in Non-prescribed Assumptions Since the Prior Valuation

None.

Statement of Actuarial Funding Method

Actuarial Cost Method

The minimum funding requirements of the Pension Protection Act of 2006 became effective on January 1, 2008. As a result, the Unit Credit cost method is now required to be used to determine the Funding Target and the Target Normal Cost. Under this cost method, a Funding Target (an actuarial liability) is calculated for each participant as of the valuation date equal to the present value of the accrued benefit (accrued benefits are assumed to be payable at decrement dates based on the Plan Provisions, using actual salary history and benefit accrual service as of the valuation date). The present value of the projected Funding Target, based on the expected accrued benefits as of the next valuation date, is also calculated. The individual participant's Target Normal Cost is equal to the excess, if any, of this amount over the Funding Target as of the current valuation date. Under this method, inactive participants have no Target Normal Cost, and their Funding Target is the present value of the plan benefits to which they and their beneficiaries are entitled. The Plan's total annual Target Normal Cost and Funding Target are the sum of the individual participant amounts. Plan expenses expected to be paid from the trust during the plan year are included in the Target Normal Cost as required by law.

When the Adjusted Plan Assets (Actuarial Value of Assets, reduced by any retained credit balances), are less than the Funding Target, a Shortfall Amortization Base must be established unless the exemption is met. The Shortfall Amortization Base is amortized over a 7-year period using the funding segment rates of the prescribed corporate bond yield curve. New Shortfall Amortization Bases are established each year based on the plan's funded status each year, and all bases are maintained until either fully amortized or until the Adjusted Plan Assets exceed the Funding Target.

Actuarial Value of Assets

The Actuarial Value of Assets is determined as the average of the Market Value of Assets as of the current Valuation Date and the Adjusted Market Value of Assets for the prior two years, based on the Market Value of Assets as of the prior two Valuation Dates. The adjustment to the prior year's Market Value of Assets reflects intervening cash flows (including employer contributions, benefit payments, and administrative expenses) and an expected return on assets from the prior Valuation Date to the current Valuation Date. The expected return on assets is limited to a rate no higher than the 3rd segment of the IRS prescribed segmented yield curve rates. The Actuarial Value of Assets is limited to an amount that does not differ from the Market Value of Assets as of the Valuation Date by more than 10%.

Valuation Date

The Plan's valuation date is the first day of the Plan Year.

Changes Since the Prior Valuation

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Summary of Plan Provisions

General Information

Valuation Date	October 1, 2013
Original Effective Date	January 1, 1968
Effective Date of Last Amendment	August 20, 2013
Plan Year	October 1 to September 30
Employer Fiscal Year	October 1 to September 30
Employer ID Number	56-0714394
Plan Administrator's ID Number	56-0714394
Plan Number	001
Plan Administrator	MedWest Health System

Eligibility Requirements

Each Employee becomes a Participant on the Plan Entry Date on or next following the completion of 1 Year of Service. Prior to January 1, 2004, leased, bargained, educational, and contract employees (unless the contract specifies otherwise) are excluded.

Plan Entry Dates

An Eligible Employee participated in the Plan on the first of the month on or next following completion of the Eligibility Requirements. Due to the Plan Freeze, there will be no new Participants after December 31, 2003.

Swain County Hospital Employees who were employed as of September 30, 1997 entered the WestCare Health System Retirement Income Plan on October 1, 1997.

Service Definitions

Years of Service

Prior to January 1, 1976: Service is determined according to the Provisions in the Prior Plan and is rounded up to the next full year if fractional.

On and after January 1, 1976: Plan Years with at least 1,000 Hours of Service.

Benefit Service

All of an Employees' Service as a Participant in whole years and full months. A Participant will not receive credit for a period that is considered a Break in Service.

For Swain County Hospital Employees, Service begins October 1, 1997.

No credit will be given for Service prior to the Participation Date.

Due to the Plan freeze effective December 31, 2003, no additional service will be credited after this date.

Annual Accrual

Participants will receive credit for all completed years and months of service prior to December 31, 2003.

Compensation

Compensation is basic pay received by the Participant for the Plan Year. Compensation excludes bonuses, overtime, and commissions and includes any amounts deferred under a qualified 401(k), 403(b) or Section 125 plan. Excluded are amounts for other fringe benefits, reimbursements for expenses, automobile allowances, and any other special forms of payment. However, if the Section 414(s) test is not passed using Plan Compensation, then total Compensation will be used for that year.

Summary of Plan Provisions (continued)

Final Average Compensation (FAC) is the average of the highest five consecutive Plan Years out of the last fifteen consecutive Plan Years of Compensation during which a Year of Benefit Service is earned.

Due to the Plan Freeze effective December 31, 2003, no Compensation earned after December 31, 2003 will be taken into account.

Vesting

All Participants shall be vested according to the following schedule:

Years of Service	Percent Vested
0	0
1	0
2	0
3	0
4	0
5	100

All Participants shall be 100% vested upon attainment of their Normal Retirement Age.

Vested Benefit

The Vested Benefit shall be the vested portion of the Accrued Benefit as of the date of determination.

Normal Retirement

Eligibility

If Participation Date is prior to October 1, 1998: The Normal Retirement Date of each Participant is the first of the month coincident with or next following the sixty-fifth birthday.

If Participation Date is on or after October 1, 1998: The Normal Retirement Date of each Participant is the first of the month coincident with or next following the later of the fifth anniversary of Plan Participation and the sixty-fifth birthday.

Benefit

Monthly amount payable as a life annuity equal to $1/12^{\text{th}}$ of the sum of (A) and (B) subject to (C) as described below:

(A) For Plan Years prior to October 1, 1997:

The retirement benefit is computed as either (1) or (2):

- 1) Participants in the Harris Regional Hospital Plan on September 30, 1997 earn 1.35% of FAC, multiplied by Years of Benefit Service earned as of September 30, 1997.
- 2) For Participation in the Swain County Hospital Plan on September 30, 1997, the Frozen Accrued Benefit as of December 31, 1994 under the Swain County Hospital Plan actuarially adjusted to reflect the change in the Normal Form from a 10-year certain and life annuity to a life only annuity.

(B) For Plan Years after September 30, 1997:

The retirement benefit is computed as the sum of (1) and (2) below:

- 1) 0.85% of FAC, multiplied by Years of Benefit Service after September 30, 1997.
- 2) 0.65% of FAC in excess of Covered Compensation, multiplied by Years of Benefit Service after September 30, 1997, not to exceed 35 years.

Summary of Plan Provisions (continued)

Covered Compensation is the average of the Social Security Taxable Wage Bases for the 35-year period ending in the year the Participant would attain Social Security Retirement Age (SSRA):

Year of Birth	SSA
Before 1938	65
1938-1954	66
After 1954	67

- (C) For those Harris Regional Hospital Employees who had attained the age of 55 and had completed at least 20 Years of Service as of October 1, 1997, benefits continued to accrue under the Plan formula in effect as of September 30, 1997 (through the Freeze date of December 31, 2003).

Accrued Benefit

The Accrued Benefit, with respect to the formula above, as of any date, is calculated using actual Years of Benefit Service and Final Average Compensation as of the accrual date or, if earlier, December 31, 2003.

Delayed Retirement

Eligibility is the first of the month on or next following the actual date the Participant terminates employment after the Normal Retirement Date. The benefit is based on Years of Benefit Service and Final Average Compensation as of the actual retirement date, or the Actuarial Equivalent of the Normal Retirement Benefit, if greater.

Early Retirement

Eligibility

Eligibility is contingent upon the completion of 5 Years of Service and attainment of an age that is within the 10-year period immediately preceding the Normal Retirement Date.

Benefit

A Participant may retire on the first day of any month following attainment of eligibility. The amount of the monthly Early Retirement Benefit is the Participant's Accrued Benefit, reduced to reflect the early commencement of payments.

The reduction is 1/180 for each of the first 60 months and 1/360 for each of the next 60 months by which the benefit commences prior to the Normal Retirement Date.

The integrated portion of the Accrued Benefit is reduced to comply with permitted disparity rules (This applies to all early retirement calculations including those without early reductions).

Disability Retirement

Eligibility

Participants must be eligible for and receiving disability benefits under the Employer's non-governmental disability benefit program.

Benefit

Accrued Benefit determined as of the Disability Retirement Date. Years of Service, but not Years of Benefit Service, continue to be earned as long as Employer-funded disability plan benefits are being received.

Payments

Payments commence on the Participant's Normal Retirement Date.

Summary of Plan Provisions (continued)

Death Benefit

Eligibility

Eligibility is contingent upon the 100% Vesting and married at date of death.

Benefit Definition

Benefit: 50% of the benefit computed assuming the Participant had terminated on the date of death and had elected a 50% J&S Option.

Type of Payment: Monthly benefit payable for the life of the surviving spouse. The benefit shall be paid in a lump sum if the Actuarial Equivalent Present Value of the survivor's benefit is less than \$5,000.00.

Date of Payment: At what would have been the Participant's Earliest Retirement Age, or the first of the month following the date of death, if later.

Post-retirement Death Benefits

Post-retirement Death Benefits are dependent upon the form of payment selected.

Methods of Payments

Under the Normal Form of payment, a Participant's retirement benefit is payable as a monthly annuity for life, without further payments after death. A Participant may elect to receive the benefit under one of the following Actuarially Equivalent optional forms:

- A monthly benefit paid to the Participant for life, with no further benefits after death.
- A reduced benefit paid to the Participant while the Participant and the designated contingent annuitant are both living, with 50%, 66.67%, 75% or 100% of such benefit continued after the death of either party, payable for the subsequent lifetime of the survivor.
- A reduced benefit paid to the Participant for life, with 120 monthly payments guaranteed. If the Participant dies within the guarantee period, the payments continue to a beneficiary until 120 payments have been made.
- An increased benefit paid for the months prior to receiving Social Security benefits, followed by a reduced benefit for life.
- A lump sum payment of the Actuarial Equivalence of the Participant's retirement benefit, provided the amount does not exceed \$5,000.
- Where applicable, a Participant may elect to receive the 12/31/1994 Swain Frozen benefit in a lump sum, with the balance paid as an annuity.

Unless the Participant has elected an option above, it is automatically assumed that a married Participant will elect a Joint and Survivor option with one-half of the initial amount continued to the surviving spouse as contingent annuitant.

Contributions

The entire cost of the Plan is borne by the Employer.

Amendments

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the Minimum Funding Standards, or is unable to pay benefits when due. If the Plan is terminated, the Plan Assets will be distributed among the Plan Participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded Vested Benefits to the extent required by law.
