Independent Auditors' Report

The Administrator of
Westlake Services Holding Company ESOP & 401k Plan
Los Angeles, CA

We have audited the accompanying financial statements and supplemental schedule of Westlake Services Holding Company ESOP & 401k Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

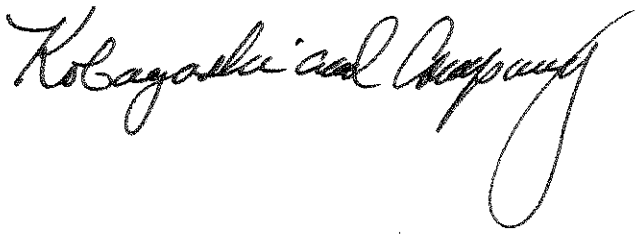

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Westlake Services Holding Company ESOP & 401k Plan as of December 31, 2014 and 2013, and the changes in net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

WESTLAKE SERVICES HOLDING COMPANY ESOP & 401K PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2014

1. Description of the plan:

The following description of the Westlake Services Holding Company ESOP & 401k Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is an employee stock ownership plan with a 401(k) cash or deferred election covering all employees of Westlake Services, LLC d.b.a. Westlake Financial Services (the "Company") and its affiliates: Toyota of North Hollywood, Inc., Midway Rent-A-Car, Inc., Nowcom Corporation, Hankey Investment Company, LP, HFC Acceptance, LLC, Molino and Associates, and Knight Management Insurance Services, LLC. The Plan began on January 1, 2001. Employees who have six months of service and are age eighteen or older are eligible. The Plan is designed to comply with Section 4975 (e)(7) and subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each year participants may contribute a minimum of 2% of their annual compensation up to the dollar amount allowable under the limitations of the IRC Sections 415, 401(k) and 402(g). For the year ended December 31, 2014, elective deferral amount allowed under IRC Code Section 402(g) was $17,500, and catch-up contribution allowed for participants age 50 or older, under IRC Code Section 414(v) was $5,500 The limits specified above should be calculated by taking into account both the elective deferral contributions made to this Plan, as well as the elective contributions made to the HG 401(k) Plan, a 401(k) plan sponsored by one of the Company's affiliates.

It is the intention of the Company to make discretionary contributions to the Plan in such amounts determined by resolutions of the Board of Directors. Allocations of Company contributions and Plan earnings are made only to those participants who are employed on the last day of the plan year and have performed 1,000 hours of service during such plan year. If termination is on account of death or retirement, then the requirement to be employed on the last day of the plan year is waived. The Company has matched 100% of contributions up to 3% of compensation and 50% of the next 2% of compensation deferred, with a dollar match limit of $10,400 for the current year.

Participant accounts:

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested accounts for those eligible for each allocation, respectively. Allocations are made proportionately to participants' annual compensation.

1. **Description of the plan (continued):**

Participant accounts (continued):

Under the terms of the Plan, participants in the HG 401(k) Plan are permitted to transfer funds to the ESOP during certain periods for the purpose of having such amounts invested in Company Stock. The amounts transferred are placed in "Rollover Accounts" in the this Plan.

Vesting:

Participants are immediately vested in their plan deferral contributions. Vesting in their basic employee stock ownership and 401(k) employer matching accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. The vesting schedule is as follows:

Vesting years of service	Vested percentage
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits:

The normal retirement age is a participant's 65th birthday or, if later, the 10th anniversary of the first day of the Plan year in which his/her participation commenced. Upon death, disability or retirement (at or after normal retirement age or date) of a participant who has not incurred a separation from service, his/her account balance is 100% vested. A participant who incurs a termination of employment prior to his normal retirement age is entitled to that portion of his basic employee stock ownership and 401(k) account balance earned to date, with vesting based upon the years of service credited as of the date of termination of employment.

1. **Description of the plan (continued):**

Payment of benefits (continued):

On termination of service, a participant may receive a lump-sum amount equal to the value of his or her account.

In general, unless a participant elects to have his/her benefits under the Plan paid at a later date, the payment of benefits to him/her will begin no later than the 60th day after the close of the Plan year in which the latest of the following events occurs:

- the date on which the participant attains the earlier of age sixty-five;
- the 10th anniversary of the year in which the participant commenced participation in the Plan; or
- the participant terminates his/her employment.

Forfeitures:

Forfeitures are first applied to administrative expenses of the Plan. Any remaining forfeitures are used to reduce employer contributions. No forfeiture amount was available for distribution as of December 31, 2014.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least ten (10) years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant through Qualified Election Periods covering a 6-year period. In each of the first 5 years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Diversification rights must be exercised during the ninety (90) day period following each of the plan years included in the Qualified Election Period.

In 2013, the Plan initiated an additional diversification clause to allow participants who have ten (10) years of service and attained the age of forty (40) to diversify a portion of their account, not to exceed 25% of their account balance. Participants should refer to the plan documents for specific information regarding each diversification clause.

1. **Description of the plan (continued):**

Put option:

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Voting rights:

All shares of Company stock held in the trust shall be voted by plan committee. However, as to any matter which involves the decision of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business or similar transaction, each participant will have the right to direct the voting of any Company stock allocated to its individual stock account. Participants will be notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote on any allocated share for which instructions have not been given by a participant. The trustee is required; however, to vote on behalf of unallocated shares in favor of the collective best interest of plan participants and beneficiaries.

2. **Summary of accounting policies:**

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and change therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Payment of benefits:

Benefits are recorded when paid.

Date of management's review:

Subsequent events were evaluated through June 24, 2015, which is the date the financial statements were available to be issued.

2. **Summary of accounting policies (continued):**

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Investment advisors, custodians and independent appraiser. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the

Plan expenses:

The employer has elected to absorb part of the Plan's operating and administrative expenses.

3. **Plan termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at anytime subject to the provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

4. **Related-party transactions and party in interest transactions:**

During the year ended December 31, 2014, there were no related-party transactions which are prohibited by ERISA and for which there are no statutory or administrative exemptions.

5. **Tax status:**

The Plan has received a determination letter from the Internal Revenue Service dated September 28, 2013, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

5. Tax status (continued):

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. Investments:

The following presents investments that represent 5 percent or more of the Plan's net assets.

Investment option	December 31, 2014	2013

Common stock	536,759
	$ 29,072,657

7. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The 3 levels of the fair value hierarchy under FASB ASC 820 are described as follows:

7. **Fair value measurements (continued):**

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Level 1 inputs

The fair value of the investments in common and preferred stock is based on closing price reported on the active market on which the individual securities are traded.

Level 3 inputs

Westlake Services Holding Company (WSHC) common stock is not actively traded and significant other observable inputs are not available. Thus, the fair market value of WSHC common stock is equal to the amount reported on the independent appraisal prepared by Alvarez & Marshal Valuation Services, LLC. The appraisal was based upon a combination of the market (Guideline Public Company method) and income (Discounted Cash Flow method) valuation techniques consistent with prior years. Plan management has concluded that a market participant would also recognize a discount for lack of marketability. As such, an adjustment to the value was required to account for the fact that, unlike a minority interest in a publicly-traded company, a non-controlling equity interest in Westlake Financial is not readily marketable.

7. **Fair value measurements (continued):**

The valuation process involves plan management's selection of an independent appraiser under contract. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report which plan management, along with the ESOP trustee, reviews in detail, discusses and approves. The results of this process are documented in minutes of the plan fiduciary.

The preceding valuation methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

		Fair value measurements using:		
	Fair value	Level 1 inputs	Level 2 inputs	Level 3 inputs
December 31, 2014				
Interest-bearing cash	$ 2,554,129	$ 2,554,129	$ 0	$ 0
Preferred stock	466,860	466,860	0	0
Common stock	3,909,980	3,909,980	0	0
WSHC common stock	101,042,902	0	0	101,042,902
Total	$ 107,973,871	$ 6,930,969	$ 0	$ 101,042,902
December 31, 2013				
Interest-bearing cash	$ 4,659,731	$ 4,659,731	$ 0	$ 0
Preferred stock	1,898,450	1,898,450	0	0
Common stock	4,601,400	4,601,400	0	0
WSHC common stock	82,649,520	0	0	82,649,520
Total	$ 93,809,101	$ 11,159,581	$ 0	$ 82,649,520

7. Fair value measurements (continued):

The following tables set forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2014 and December 31, 2013.

	WSHC common stock
December 31, 2014	
Beginning balance	$ 82,649,520
Total gains or losses	9,332,702
Purchases (453,034 shares @ $20.00)	9,060,680
Ending balance	$ 101,042,902
December 31, 2013	
Beginning balance	$ 79,074,000
Total gains or losses	3,575,520
Ending balance	$ 82,649,520

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2014 and 2013, are reported in net appreciation in fair value of investments.

8. Risks and uncertainties

The plan investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertaintes inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materiall affect the amounts reported in the statement of net assets available for benefits.
