SUN ORCHARD, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2014 and 2013

NOTE 1 DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Effective as of October 1, 1996, Sun Orchard, Inc. (the "Employer"), adopted the Sun Orchard, Inc. 401(k) Profit Sharing Plan (the "Plan"). The Plan was most recently amended effective September 20, 2014.

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all of the eligible employees of the Employer. Each employee becomes a participant at the earliest quarterly entry date on or after the attainment of age 20 ½ and the completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan requires the Employer to make matching contributions under the basic safe-harbor provisions of 100% of the first 3% of eligible compensation deferred plus 50% on the remaining participant deferrals up to 5% of eligible compensation. During the year ended September 30, 2014, there were $237,174 of employer safe-harbor matching contributions.

The Employer may make additional discretionary profit sharing contributions to the Plan in the amount determined by resolution of the owner or other governing authority of the Employer. Employer discretionary profit sharing contributions are allocated to eligible employees as of the last day of the plan year. There were no employer discretionary profit sharing contributions during the year ended September 30, 2014.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

NOTE 1 DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and employer matching contributions, as well as allocations of employer discretionary profit sharing contributions and plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from a participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Employer's discretionary profit sharing contributions portion of their accounts is based on years of continuous service. A participant's discretionary profit sharing contributions are 100% vested after three years of credited service.

Notes Receivable From Participants

A participant may borrow from their fund account a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the balance in each participant's account and bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2014 and 2013. If a participant ceases to make loan repayments and the plan administrator deems the notes receivable from participant to be in default, the balance of the notes receivable from participant is reduced and a benefit payment is recorded.

NOTE 1 DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

On termination of service, as defined, or upon attaining age 59 ½ while still employed (in-service), a participant may elect to distribute an amount equal to the value of the participant's vested interest in their account as a lump-sum payment or rollover payment into another qualified plan or account.

A participant may also withdraw money from their account in the event of financial hardship. Hardship withdrawals may not exceed the amount of the participant's cumulative deferral and the participant may not make additional deferrals for a period of six months after the date of the withdrawal.

A participant with an account balance less than $1,000 must take a lump-sum payment as soon as practicable following termination. A participant with an account balance less than or equal to $5,000 but greater than or equal to $1,000 will receive a rollover payment into an individual retirement account unless the participant otherwise instructs the third-party administrator and receives a lump-sum payment as soon as practicable following termination.

Forfeited Accounts

The unvested portion of discretionary profit sharing contributions in a terminated participant's account may be subject to forfeiture. Any accumulated benefits forfeited during a plan year due to participant withdrawal prior to full vesting will be used to reduce future Employer contributions, as specified by the Plan. There were no forfeited accounts used to reduce Employer contributions during 2014. There were no unallocated forfeitures at September 30, 2014 and 2013.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting except for payment of benefits, which are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 1 DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the corresponding participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Risks and Uncertainty

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

Date of Management's Review

The Plan has evaluated subsequent events through July 10, 2015, the date the financial statements were available to be issued.

NOTE 2 TAX STATUS

On March 31, 2014, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under section 401(a) of Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and the prototype has been amended since the opinion letter was received; however, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2010.

NOTE 3 INVESTMENTS

Investments that represent 5% or more of the Plan's net assets available for benefits at September 30, 2014, are as follows:

Pooled Separate Accounts:		
Principal Lifetime 2020	$	426,718
Principal Lifetime 2030		586,354

Investments that represent 5% or more of the Plan's net assets available for benefits at September 30, 2013, are as follows:

Pooled Separate Accounts:		
Principal Money Market	$	262,798
Principal Lifetime 2020		312,081
Principal Lifetime 2030		471,622

During the year ended September 30, 2014, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $214,096.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of the pooled separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions, including purchases and sales, may occur daily. Were the Plan to initiate a full redemption of the pooled separate accounts, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2014:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts:				
Balanced	$ -	$ 1,977,717	$ -	$ 1,977,717

NOTE 5 INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental information, including investments held at September 30, 2014 and 2013, and net appreciation in fair value of investments for the year ended September 30, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, the custodian of the Plan.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become fully vested in their employer discretionary profit sharing contributions, if any.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan recordkeeping functions are performed by Princor Financial Services Corporation, an organization related to Principal Life Insurance Company. The Plan invests in units of pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan to Principal Life Insurance Company for administrative fees totaled $3,516 for the year ended September 30, 2014. Princor Financial Services Corporation provides investment advisory services to the Plan, therefore, transactions with this organization qualify as party-in-interest transactions. Fees paid by the Plan to Princor Financial Services Corporation for investment management services are included in net appreciation in fair value of investments.

NOTE 8 NON-EXEMPT PROHIBITED TRANSACTIONS

During the year ended September 30, 2014, the Employer did not remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions. The Employer is responsible for compensating the participants for any lost interest resulting from the delay in remitting the contributions. The Employer does not believe that these non-exempt transactions will affect the tax status determination of the Plan. The Employer has made the necessary corrections under the IRS voluntary fiduciary correct program ("VFCP"). Remittances totaling $1,008 related to plan year 2014 were fully corrected during plan year 2014.

NOTE 9 SUBSEQUENT EVENTS

Subsequent to September 30, 2014, the Employer was acquired by an unrelated entity. A previously affiliated entity, 1-Epic, LLC, was not included in the acquisition. As a result, effective December 19, 2014, the employees of 1-Epic, LLC were no longer eligible to participate in the plan. The account balances of these participants will remain in the Plan until the employee requests a distribution.

In connection with the acquisition of the Employer, the name of the plan was changed to Sun Orchard Purchaser, LLC, a Delaware LLC 401(k) and Profit Sharing Plan.
