EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

(1) Description of Plan

The following brief description of the Emerson Electric Co. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined noncontributory profit sharing plan sponsored by Emerson Electric Co. (the Company). The Plan covers substantially all employees of Liebert Corporation, Liebert North America, Inc., Liebert Field Services, Inc., and Liebert Services, Inc. (collectively defined as Liebert), who become eligible as of the first day of the calendar quarter coinciding with or next following the date they complete one year of service and complete at least 1,000 hours of employment during such twelve month period. The employees of Avocent Corporation (Avocent) were added to the Plan during the year ended September 30, 2014. At September 30, 2014, there were 2,895 employees participating in the Plan. Liebert and Avocent are wholly-owned subsidiaries of the Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974, as amended.

(b) Employer Contributions

The Company has voluntarily agreed to make discretionary contributions to the Plan, which are determined annually in accordance with the Plan document, by a resolution of the Company's board of directors, with limitations as described in the Plan. All employer contributions are made conditional upon their deductibility for Federal income tax purposes.

(c) Participants' Accounts

Each participant's account is credited with an allocation of the Company's contributions, Plan earnings, and forfeitures of terminated participants' nonvested accounts. Allocations of the Company's contributions are based on the ratio of a participant's eligible compensation to total eligible compensation of all Plan participants. Earnings and dividends attributable to investments held in participants' accounts are credited to the participants' accounts. Participant loans are not allowed under the Plan.

(d) Vesting

Participants vest at a predetermined percentage for each full year of service in the Plan, with 100% vested at the end of five years of service (whether or not consecutive). All amounts fully vest upon retirement, or due to death, total and permanent disability, or termination of the Plan.

EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

(e) *Investment Options*

Participants designate the percentage of their total contribution to be invested in the various Plan investment choices in 1% increments. Participants may change their investment elections at any time, and transfer any part of an existing account balance to any other Plan investment, as permitted by Plan and fund policies. Transfers are also made in 1% increments. A maximum of six transfers may be made per quarter. No advance notice is required for transfers.

Available mutual fund investments as of September 30, 2014 included the following: equity and equity index funds investing primarily in common stocks – Dodge & Cox Stock Fund, Vanguard Mid-Cap Growth Fund, Vanguard Morgan Growth Fund, Vanguard Selected Value Fund, Vanguard Extended Market Index Fund, Vanguard Growth Index Fund, Vanguard Emerging Markets Stock Index Fund, Vanguard Institutional Index Fund, Vanguard Total International Stock Index Fund and Vanguard Value Index Fund; fixed income and fixed income index funds investing in a diversified portfolio of bonds – PIMCO Total Return Fund, Vanguard Short-Term Bond Index Fund and Vanguard Total Bond Market Index Fund. Collective funds and trusts, which are private, include the following: equity funds investing primarily in common stocks – Capital Group U.S. and International Equity Funds; balanced trusts investing in a mix of stocks, bonds and cash – The Vanguard Target Retirement Trusts ranging from 2010 to 2060 and the Vanguard Target Retirement Income Trust. Participants may also invest in the JP Morgan 100% U.S. Treasury Securities Money Market Fund and the Emerson Common Stock Fund. All funds may temporarily invest in cash and cash equivalents and also hold cash for liquidity.

The Emerson Stable Value Fund was closed and eliminated from the Plan on December 31, 2013, with participant balances transferred to the date-specific Vanguard Target Retirement trust closest to the year in which the participant will reach age 65. The Loomis Sayles Core Plus Fixed Income Trust was added on December 10, 2014. The PIMCO Total Return Fund was closed and eliminated from the Plan on January 8, 2015, with participant balances transferred to the Loomis Sayles Core Plus Fixed Income Trust.

Plan participants previously had the discretion to invest a portion of their respective profit sharing Plan assets in life insurance policies. The life insurance policies are owned by the Plan and the participants designate the beneficiaries. Participants may elect to terminate their life insurance policies at their discretion. The life insurance policy option was discontinued prior to 1999. There have been no new life insurance policies issued since then. All investments in life insurance are 100% vested.

(f) *Payment of Benefits*

Under the terms of the Plan, participants or their designated beneficiaries are entitled to receive the amounts credited to their accounts upon retirement, total and permanent disability, or death. Participants are also entitled to receive vested amounts upon termination. The distributions are lump sum or partial and are payable in cash (or cash and shares of Emerson Common Stock if the participant so elects) except that, if applicable, a participant may elect to receive in kind the life insurance policies held in the insurance company general account.

EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

(g) Forfeitures

Under the terms of the Plan, forfeitures of unvested Company contributions are allocated to participants based on the proportion of their eligible compensation to the total eligible compensation of all participants for the Plan year. Forfeitures may also be used to pay Plan expenses. For the years ended September 30, 2014 and 2013, forfeitures totaled \$98,589 and 114,580, respectively. Of those amounts, allocations to participants were \$80,000 and \$90,000, respectively, and the remaining \$18,589 and \$24,580, respectively was unallocated.

(2) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual basis of accounting, except benefit payments which are recorded when paid. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. The Plan has evaluated subsequent events through June 3, 2015, the date financial statements are available to be issued.

(b) Investments

Investments in the Emerson Electric Co. Master Trust (Master Trust) are stated at fair value (see Notes 7 and 9). Additionally, the Plan has life insurance policies purchased for individual participants that are held in an insurance company general account by New England Financial. These policies are also stated at fair value, which is measured using their cash surrender values as of September 30, 2014 and 2013.

(c) Operating Expenses

Administrative expenses necessary for the operation and management of the Plan are shared by the Company and Plan participants. The Company has not paid transaction costs for brokerage commissions for the Emerson Common Stock Fund, or investment management fees and expenses charged directly against the investment funds.

(d) Use of Estimates

Certain amounts included in the financial statements are estimated based on currently available information and management judgment as to the outcome of future conditions and circumstances. While every effort is made to ensure the accuracy of estimates, including the use of third-party specialists where appropriate, actual results could differ from these estimates.

EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

(e) *Risks and Uncertainties*

The Plan invests in securities and mutual funds which are exposed to various risks including interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities could occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

(3) Plan Termination

Although the Company has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, the participants' accounts become fully vested.

(4) Tax Status

The Internal Revenue Service (the IRS) has determined, and informed the Company by a letter dated September 17, 2013, that the Plan and its related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). Plan amendments have been made subsequently which were not specifically covered by the 2013 letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code, and therefore remains tax qualified. As of September 30, 2014, there are no uncertain tax positions.

(5) Trustee Certification

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certification from the trustee of the Plan that all of the information provided by the trustee and included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the value of investments, earnings on investments, and all information in the accompanying supplemental schedule are presented solely in reliance upon this certification, with the exception of the funds held in the life insurance policies, which are not included within the certification.

(6) Investments

As of September 30, 2014 and 2013, the Plan's interest in the Master Trust, was in excess of 5% of net assets available for benefits:

	2014	2013
Emerson Electric Co. Master Trust	\$161,540,344	\$150,353,949

EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

(7) Master Trust

Most of the Plan's investments are held in the Master Trust. Substantially all Plan income or loss is derived from Master Trust investment appreciation or depreciation.

Each participating plan's interest in the assets of the Master Trust is based on participant account balances. At September 30, 2014 and 2013, the Plan's interest in the net assets of the Master Trust was approximately 3%. Master Trust investment income and expenses are allocated to participating plans based on respective balances.

The Plan's investments in the Master Trust are stated at fair value. The fair values of mutual funds and Emerson common stock are based on quoted market prices in active markets. Money market funds are stated at cost, which approximates fair value. Shares of collective funds are valued from either broker/dealer quotation or market-observed pricing for the underlying assets held. There are no restrictions on the redemption of these investments. Fair values of contracts with insurance companies were determined by discounting the future cash flows expected to be received from the contracts, determined based on market-derived yields for instruments with similar duration and issuer credit rating. The cost basis of investments held under the Plan is determined using the average cost method of accounting. The Company has no unfunded commitments related to these assets.

The Stable Value Fund, which closed December 31, 2013, included investment contracts with insurance companies known as synthetic guaranteed investment contracts ("synthetic GICs"). Synthetic GICs were designed to preserve principal, provide a stable rate of interest, and ensure that participant initiated withdrawals would be paid at contract value. For the year ended September 30, 2013, the weighted average yield for the Stable Value Fund was 3.46%, and net of fees, 3.36%. The Statement of Net Assets Available for Benefits at September 30, 2013 presents the fair value of synthetic GICs plus an adjustment of the fair value to contract value. Contract value represents contributions plus earnings, less Plan withdrawals and administrative expenses.

EMERSON ELECTRIC CO. PROFIT SHARING PLAN

Notes to Financial Statements

The following table presents the fair values of all investments in the Master Trust.

	2014	2013

Money market funds	130,502,451	665,002,881

Total Master Trust investments at fair value	<u>\$ 4,705,900,002</u>	<u>\$ 4,420,337,032</u>
Plan's share of Master Trust investments at fair value	<u>\$ 161,540,344</u>	<u>\$ 150,353,949</u>

The decrease in mutual balanced index funds and increase in collective balanced index trusts from 2013 to 2014 is primarily due to the administrative structure of the various Vanguard Target Retirement Funds being changed from mutual funds in 2013 to collective trusts in 2014. This change resulted in lower investment management fees, but otherwise had no effect on investment objectives or approach. Additionally, the decrease in money market funds and contracts with insurance companies is due to the closing of the Stable Value Fund in December 2013 and the subsequent transfer of the related assets into collective balanced index trusts.

Investment income for the entire Master Trust follows.

Plan's share of Master Trust investment income	<u>\$ 14,093,462</u>	<u>\$ 21,381,960</u>

(8) Parties in Interest

Certain investments in the Master Trust, including shares of some mutual funds and collective funds, are managed by Vanguard Fiduciary Trust Company, the Plan's trustee and recordkeeper. Additionally, the Company is the Plan sponsor and investment options include Emerson common stock. These transactions qualify as party-in-interest transactions and are allowable under ERISA regulations.

(9) Fair Value Measurements

Under Accounting Standards Codification (ASC) 820 *Fair Value Measurement*, a formal hierarchy and framework exists for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments are valued through broker/dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments, of which there are none, are valued using inputs not observable in an active market, such as entity-developed future cash flow estimates, and are considered the least reliable.
