Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Nationwide Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended September 30, 2014 and 2013, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the All-Pro Fasteners, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution 401(k) profit sharing plan covering all full-time employees of All-Pro Fasteners, Inc. (the "Employer") who have twelve months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to be a qualified retirement plan under the Internal Revenue Code.

B. Contributions - Participants may voluntarily contribute to the Plan up to an annual maximum of 100% of eligible compensation, pursuant to a salary reduction arrangement. Total participant contributions in any calendar year are restricted to the applicable limit under Internal Revenue Code Section 402(g). The applicable limit for the plan year ended September 30, 2014 is $17,500 with an additional $5,500 catch-up provision for participants age fifty or older. The Employer contributes a discretionary amount that is to be determined by the Employer annually. The Employer may choose not to contribute to the Plan for a particular plan year. The Plan is an integrated 401(k) profit sharing plan taking into account contributions the Employer makes for employees under the Federal Social Security Act in making Employer contribution allocations. Discretionary contributions in the amount of $148,647 were made for the year ended September 30, 2014.

C. Administrative Expenses - Administrative expenses recorded on the financial statements represent fees charged by Nationwide Trust Company (the "Trustee"), the investment trustee, and America's 401(k), third party administrator, and paid for by the participants. The Plan had administrative expenses of $40,320 for the year ended September 30, 2014.

D. Participants' Accounts - Each participant's account is credited with the participant's contributions, allocations of the Employer's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of each participant's account to the total participants' accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Eligibility and Vesting - Employees become eligible to participate in the Plan once they have completed twelve months of service with the Employer.

Participants' contributions plus actual earnings thereon are 100% vested at all times. Participants' interest in the discretionary contributions of the Employer become 100% vested upon a participant's death, disability, or attainment of normal retirement age. Prior to normal retirement age, participants' interest become vested as follows:

Years of Service	Percentage Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

F. Notes Receivable from Participants - Participants may borrow from their accounts a minimum of $1,000 and a maximum of 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at variable rates. Principal and interest payments are redeposited in the participant's account based on their current allocation elections within the Plan.

Notes to Financial Statements

Note 1 - Description of Plan (continued)

G. Payment of Benefits - Upon termination of service due to death, disability or retirement, a participant will have the option of receiving either a lump-sum amount equal to their vested account balance, or rollover their distribution to an IRA or other qualified retirement plan, not exceeding the participant's life expectancy of the participant and his or her designated beneficiary.

H. Forfeited Accounts - The amounts forfeited by participants who terminate employment prior to becoming fully vested are used to reduce Employer contributions or pay Plan expenses. There were no non-vested accounts forfeited during the year ended September 30, 2014. Total accumulated forfeitures in the amount of $15,415 were used to reduce Employer contributions.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The accompanying financial statements are prepared under the accrual basis of accounting. Therefore, revenues are recognized when earned, and expenses are recognized when the obligation is incurred.

B. Valuation of Investments - The Plan's investments are stated at fair value as determined and certified by the Trustee. While investment contracts held by a defined contribution plan are required to be reported at fair value, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of investment contracts, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. At September 30, 2014 and 2013, the fair value of the Plan's investment contract approximated contract value; accordingly, there is no adjustment from fair value to contract value for the years ended September 30, 2014 and 2013. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

C. Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

D. Payment of Benefits - Benefits are recorded when paid. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with ERISA nondiscrimination rules. There were no corrective distributions for the year ended September 30, 2014.

E. Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

F. Subsequent Events - The Plan has evaluated subsequent events through June 22, 2015, the date the financial statements were available to be issued.

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 4 - Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter dated April 19, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 6 - Investments (Information Certified by Trustee – Unaudited)

The following is a summary of the Plan's investment information regarding the Plan as of September 30, 2014 and 2013 included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the Trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustee that such information is complete and accurate for the years ended September 30, 2014 and 2013.

The following presents investments at September 30, 2014 and 2013 that represent 5% or more of the Plan's net assets available for benefits:

	2014	2013
NW Investor Destinations Moderate Aggressive Fund	$ 440,065	$ 414,782
Goldman Sachs Government Income A	443,562	420,994

Note 7 - Fair Value Measurements

As required by the Fair Value Measurements topic of the Financial Accounting Standards Board *Accounting Standards Codification* ("FASB ASC"), all financial assets and liabilities are measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

401(k) PROFIT SHARING PLAN AND TRUST
Notes to Financial Statements

Note 7 - Fair Value Measurements (continued)

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.

The following is a listing of assets and liabilities required to be measured at fair value on a recurring basis and where they are classified within the hierarchy as of September 30, 2014 and 2013:

	Assets at Fair Value as of September 30, 2014			
	Level I	Level II	Level III	Total
Participant-directed investments:				
Mutual Funds:				
Stock funds	$ 4,075,220	$ -	$ -	$ 4,075,220
Fixed income funds	1,356,034	-	-	1,356,034
Balanced funds	1,052,633	-	-	1,052,633
Money market funds	55,337	-	-	55,337
Funds held in insurance company general account	-	-	906,834	906,834
Total assets at fair value	$ 6,539,224	$ -	$ 906,834	$ 7,446,058

	Assets at Fair Value as of September 30, 2013			
	Level I	Level II	Level III	Total
Participant-directed investments:				
Mutual Funds:				
Stock funds	$ 3,633,328	$ -	$ -	$ 3,633,328
Fixed income funds	1,289,354	-	-	1,289,354
Balanced funds	945,050	-	-	945,050
Money market funds	55,676	-	-	55,676
Funds held in insurance company general account	-	-	932,121	932,121
Total assets at fair value	$ 5,923,408	$ -	$ 932,121	$ 6,855,529

Interests in registered investment companies include mutual funds that are valued using Level I inputs. These inputs consist of quoted prices on nationally recognized securities exchanges. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The funds held in insurance company general account are valued using Level III inputs. The funds held in insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (See Note 8).

The preceding method described may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7 - Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level III assets for the year ended September 30, 2014:

	Funds Held in Insurance Company General Account
Balance as of October 1, 2013	$ 932,121
Contributions	25,113
Interest and other income	834
Disbursements to plan participants	(55,732)
Administrative expenses	(1,292)
Transfers in from separate accounts	5,790
Balance as of September 30, 2014	$ 906,834

Note 8 - Funds Held in Insurance Company General Account

Prior to the year ended September 30, 2014, the Plan entered into a fully benefit-responsive investment contract with the Trustee. The Trustee maintains the contributions in a general account where they are invested in accordance with the Trustee's general account investment policy. The objective of the investment policy is to maximize long-term, risk-adjusted returns. The Trustee's general account assets are predominately fixed-income investments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. At September 30, 2014 and 2013, the fair value of the Plan's investment contract approximated contract value; accordingly, there is no adjustment from fair value to contract value for the years ended September 30, 2014 and 2013. Crediting interest rates were 0.00% for the years ended September 30, 2014 and 2013.
