(1) DESCRIPTION OF THE PLAN

The following description of the Exco Technologies Limited U.S. Affiliates Deferred Profit-Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was originally a defined contribution employer profit-sharing plan with no employee contributions. Effective October 1, 2013, the Plan merged in the Edco Tool & Die Company 401(k) Plan. The Plan is a defined contribution plan covering all employees of Edco, Inc. and Exco Extrusion Dies, Inc. (the Company) who have one year of service, have worked 1,000 hours, and are age eighteen or older. Employees may enter the Plan after they have met all eligibility criteria.

A participant, who is employed by the Company on the last day of the Plan year, is entitled to share in the allocation of Company contributions and participant forfeitures for a Plan year in which the participant is credited with at least 1,000 hours of service, except as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Profit Sharing contributions are entirely within the discretion of, and will be made only to the extent specifically authorized by the Plan Sponsor. The Plan Sponsor's contributions are allocated to eligible participants' accounts based on the participant's covered compensation (80%) and the participant's credited service (20%).

Each year, participants may contribute pre-tax annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a money market fund and several mutual funds as options for participants. The Company contributes an amount equal to 8% of some participants' elective deferrals which do not exceed 6% of the participants' compensation. Matching amounts contributed by the employer are invested in the same portfolio investments. Contributions are subject to certain limitations. All contributions are subject to compliance with Internal Revenue Code regulations.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their own contributions and earnings. Vesting in the Company's matching contributions, profit-sharing contributions and earnings thereon is based on years of continuous service. A participant is 100% vested after six years.

Participant account balances for profit-sharing contributions are 100% vested upon termination due to death, disability or normal retirement, or upon termination for any other reason after two or more consecutive years of uninterrupted Plan participation. In the event a participant terminates employment with the Company before normal retirement age, the participant account balances are fully vested after three years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants' accounts and bear interest between 4% and 9%. Principal and interest are paid ratably through weekly payroll deductions.

PAYMENT OF BENEFITS

Upon termination of service due to death, disability, retirement or termination of employment where benefits are vested, the participant may elect to receive one of the standard forms of payment: a joint and survivor annuity, an annuity contract or a lump sum payment. Vested participants may make rollover contributions from their accounts.

FORFEITURES

Forfeitures of terminated participants' non-vested account balances are reallocated to the remaining participants as part of, and as a reduction of, the next contribution made by the Plan Sponsor. During the Plan years ended September 2014 and 2013, there were \$2,010 and \$901 forfeitures of non-vested participant account balances respectively. For the year ended September 2014, the forfeiture account is in a holding account and will be used in the future to offset contributions.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts become fully vested.

ADMINISTRATIVE EXPENSES

The Plan Sponsor has the option to pay certain expenses necessary to operate and administer the Plan. Fees paid by the Plan Sponsor for Trustee, audit and other administrative expenses rendered by parties-in-interest were based on customary and reasonable rates for such services.

BASIS OF PRESENTATION

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are held by the Trustee under a trust agreement with the Plan Sponsor. Investments are recorded at fair value.

MANAGEMENT ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during this reporting period. Actual results could differ from those estimates.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

(4) FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification topic *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the company has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at September 30, 2014 and 2013.

Mutual Funds (Equity and Bond Funds): Valued at the net asset value (NAV) of shares held by the plan at year end.

Money Market Funds: Valued at current cash value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated August 21, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(6) UNCERTAIN TAX POSITIONS

The Plan Administrator has determined that there are no uncertain tax positions that require disclosure in these financial statements under the FASB Accounting Standards Codification topic *Income Taxes*. The tax years 2009 through 2013, are subject to possible examination by the Internal Revenue Service.

FOR THE YEARS ENDED SEPTEMBER 30, 2014 AND 2013

(7) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) PLAN MERGER

Effective October 1, 2013, the Plan merged with the Edco Tool & Die Company 401(k) Plan. The agreement provides that all participants of the merging fund will become participants in the merged fund. A full description of the merger provisions can be found in the merger agreement executed on October 1, 2013.

Plan management believes that the plan merger was a tax exempt transaction under the applicable provisions of the Internal Revenue Code and, therefore, is not subject to federal income taxes.

The following assets were transferred to the Plan under the terms of the merger agreement.

Statement of net assets available for Benefits Immediately Prior to Merger:

Investments at Fair Value	\$ 4,230,701
Notes Receivable From Participants	<u>121,305</u>
Net Assets Available for Benefits Immediately Prior to Merger	<u>\$ 4,352,006</u>

(9) SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 17, 2015, the date that the financial statements were available to be issued. There were no subsequent events that required adjustment to the financial statements.
