INDEPENDENT AUDITORS' REPORT

To the Trustees of

Jekyll Island Club Hotel 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2013, the statement of net assets in liquidation available for benefits as of September 1, 2014, and the related statement of changes in net assets in liquidation available for benefits for the period from January 1, 2014 through September 1, 2014, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by American United Life Insurance Company, the recordkeeper of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the recordkeeper holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the recordkeeper as of September 1, 2014 and December 31, 2013, and for the period from January 1, 2014 through September 1, 2014, that the information provided to the plan administrator by the recordkeeper is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As further discussed in Note 1 to the financial statements, the trustees of the Plan approved the Plan's merger with another plan, which resulted in the termination of the Plan, with all assets of the Plan subsequently liquidated. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2013 financial statements to the liquidation basis used in presenting the 2014 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the recordkeeper, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Jekyll Island Club Hotel 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

Plan merger - Effective September 2, 2014, the plan sponsor became a participating employer in the Teamwork Services, Inc. 401(k) & Profit Sharing Plan ("TSI"), a multiple employer plan, which resulted in the termination of the Plan. TSI uses Massachusetts Mutual Life Insurance Company ("MassMutual") as its trustee and recordkeeper. The financial statements of the Plan subsequent to September 1, 2014, are to be audited by other auditors affiliated with TSI.

All assets were transferred from American United Life Insurance Company ("AUL") to MassMutual on October 20, 2014. The \$2,009,221 of pending transfers on the statement of changes in net assets in liquidation available for benefits represents the asset balance at September 1, 2014. The amount transferred to MassMutual on October 20, 2014, was \$1,875,490, which represents the balance of assets as of September 1, 2014, net of depreciation in the fair value of investments, withdrawals, and fees for the period from September 1, 2014 through October 20, 2014.

General - The Plan was a defined contribution plan sponsored by Jekyll Landmark Associates, LLC (the "Company" or "plan sponsor") for the benefit of its eligible employees who were not covered by a collective bargaining unit, and/or were not nonresident aliens, who had one year of service and were age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants were able to contribute up to 100% of pre-tax annual compensation, as defined in the Plan. In addition, participants were able to contribute Roth elective deferrals into the Plan. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who were making contributions to the Plan, were allowed to make catch-up contributions, as defined. The Company was able to elect to make matching contributions equal to a discretionary percentage, to be determined by the Company, as a percentage of participant contributions, up to a maximum of \$250 to participants meeting certain conditions as defined in the Plan document. Contributions were subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - Participants were able to direct the investment of all contributions into various investment options offered by the Plan. Until the Plan's termination, the Plan offered a common/collective trust fund, a guaranteed income fund, and various mutual funds as investment options for participants.

Participant accounts - Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Vesting - Participant's contributions plus actual earnings were 100% vested immediately. Employer contributions were subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 1	0
1	25
2	50
3	75
4	100

Notes receivable from participants - Participants were able to borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The notes receivable from participants were secured by the balance in the participant's account and had interest at rates between 4.25% and 5.25%, which were commensurate with local prevailing rates as determined by the plan administrator. Participants were allowed two notes outstanding at a time. Principal and interest were paid ratably through payroll deductions.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant or his or her beneficiary(ies) were able to elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or could elect from various annuity options. On termination of employment, if the participant's vested account was greater than \$5,000, the vested account balance could be distributed in the form of a single lump sum payment with participant consent. If the participant's vested account balance is not greater than \$5,000 at the time of termination, the participant's account was automatically distributed to the participant in the form of a single lump sum payment.

While employed, participants generally were not able to receive a distribution from their accounts unless they had attained retirement age, as defined. However, participants could withdraw all or a portion of their rollover contributions at any time. Additionally, participants could request a distribution of all or a portion of their voluntary contributions if they could demonstrate financial hardship, as defined. If the plan administrator approved the request, the participant was suspended from making voluntary contributions to the Plan for six months after receiving the hardship distribution.

Forfeited accounts - As of September 1, 2014 and December 31, 2013, forfeited nonvested accounts totaled \$-0-. Under the Plan's provisions, forfeited nonvested accounts could be used first to pay Plan expenses. Any remaining forfeitures could be used to reduce employer contributions. No forfeitures were used to reduce employer contributions during the period from January 1, 2014 through September 1, 2014.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan were prepared under the accrual method of accounting as of December 31, 2013 and the liquidation basis of accounting as of September 1, 2014 and for the period from January 1, 2014 through September 1, 2014.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Notes receivable from participants - Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses was recorded as of September 1, 2014 or December 31, 2013. Delinquent notes receivable from participants were (if applicable) reclassified as distributions based upon the terms of the Plan document.

Unit values - Individual participant accounts for the guaranteed income fund and for the common/collective trust fund were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the funds, but had an interest therein represented by units valued daily. The funds earned dividends and interest which were automatically reinvested in additional units. Contributions to and withdrawals from the funds were converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts were charged or credited with the number of units properly attributable to each participant.

Payment of benefits - Participants' benefits were charged as a reduction of net assets in liquidation available for Plan benefits when paid.

Administrative expenses - Certain expenses of the Plan were paid by the Company while others were paid by the Plan and included in the statement of changes in net assets in liquidation available for benefits.

(3) Investments (continued)

During the period ended September 1, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated in value as follows:

Common/collective trust fund	\$ (104)
Mutual funds	<u>113,808</u>
	<u>\$ 113,704</u>

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that were observable for the asset or liability; and
 - inputs that were derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used as of September 1, 2014 and December 31, 2013.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at period-end.

Common/collective trust fund: Valued at estimated fair value as determined by the issuer of the common/collective trust fund based on fair market value of the underlying investments.

Guaranteed income fund: See Note 6.

The preceding methods described could have produced a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2013:

Investments at Fair Value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total
Common/collective trust fund *	\$ -	\$ 5,883	\$ -	\$ 5,883
Guaranteed income fund	-	98,040	-	98,040
Mutual funds				
Allocation	270,442	-	-	270,442
Blend	300,768	-	-	300,768
Bond	121,768	-	-	121,768
Growth	206,250	-	-	206,250
Health	35,328	-	-	35,328

Total investments at fair value	\$ 1,788,326	\$ 103,923	\$ -	\$ 1,892,249

* The fair value of the investment in the common/collective trust fund was estimated using the NAV of the underlying investments. The common/collective trust fund listed above was redeemable on a daily basis and did not have any redemption restrictions. Additionally, there were no unfunded commitments.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Information prepared and certified by the recordkeeper

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, AUL, the recordkeeper of the Plan, certified that the following data included in the accompanying September 1, 2014 and December 31, 2013 financial statements is complete and accurate with respect to investments.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest income on notes receivable from participants

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(6) Investment contract with insurance company

The Plan had a group annuity contract which was a fully benefit-responsive investment contract with AUL. AUL maintained these contributions in a general account. The fair value of the investment contract as of September 1, 2014 (pending transfer out) and December 31, 2013, approximated contract value, as determined by AUL based on the value of the underlying assets in the AUL general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expense. The investment contract issuer was contractually obligated to repay the principal and specified interest rate that was guaranteed to the Plan.

Because the investment contract was fully benefit-responsive, the contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The underlying investments of AUL's general account consisted primarily of fixed-income investments (bonds, mortgages, and private placement). No specific investment or group of investments, in AUL's general account, backed this investment contract. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value. Participants transferring an amount from the guaranteed income fund were restricted from making another transfer until 90 days had passed.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan sponsor's termination of this plan did not limit the Plan's ability to conduct transactions at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise.

JEKYLL ISLAND CLUB HOTEL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(6) Investment contract with insurance company (continued)

The crediting interest rate was declared on a periodic basis by the issuer, but could not be less than 1.00%. The crediting interest rate for the investment contract was set at the beginning of each calendar quarter and was valid for twelve months.

The average yield and crediting interest for this investment contract were as follows:

Average yields:

Based on actual earnings	1.28%
Based on interest rate credited to participants	1.30%

The investment contract could be terminated by the Plan at any time but could only be terminated by AUL if the Plan did not meet certain operational obligations or failed to pay certain expenses as defined by the contract, or if AUL abandoned this class of investment.

(7) Related party transactions and party-in-interest transactions

Fees paid by the Plan for investment management and recordkeeping services were paid to the recordkeeper of the Plan. During the period ended September 1, 2014, the Plan paid \$148 in fees for these services. Fees paid by the Plan for the investment management services were included in net appreciation in fair value of investments.

(8) Tax status

The Plan adopted a prototype nonstandardized 401(k) profit sharing plan and trust. The prototype plan had obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype Plan document was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan was operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator analyzed the tax positions taken by the Plan, and has concluded that as of September 1, 2014, there were no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(9) Subsequent events

The Plan has evaluated subsequent events through July 14, 2015, which is the date the financial statements were available to be issued. As noted in Note 1, on September 2, 2014, the Plan was merged with the TSI plan and all assets were transferred to the TSI plan on October 20, 2014.
