Notes to Financial Statements

December 31, 2014 and 2013

NOTE 1 – PLAN DESCRIPTION

The following description of the Plan provides general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) Participant Eligibility – Employees of the Company or its subsidiary, CNB Bank & Trust, N.A. (the Bank), who are 21 years of age or older are eligible to participate in the Plan on the first day of the month following or coincident with their date of hire.

(b) Employer Contributions – Participants are eligible to receive employer contributions on the first day of the month after completing six months of service. The Plan provides for both discretionary and matching contributions by the employer. The amounts of discretionary employer contributions, if any, are determined by the Board of Directors of the Company. The discretionary employer contributions were made at the rate of 2.5% of a participant's compensation in both 2014 and 2013. The employer matching contributions are based upon amounts contributed by the employees. The employer matching contributions for 2014 and 2013 were made in an amount equal to 100% of a participant's contributions up to 3% of a participant's salary plus 50% of a participant's contributions over 3% for a maximum matching contribution of 5%, provided such contributions are within the guidelines of the Plan.

(c) Participant Contributions – Each plan participant may elect to make pretax and Roth contributions to the Plan as a percentage of a participant's compensation for such fiscal year in amounts up to the maximum permissible by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

(d) Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting – Employees are 100% vested in any portion of their account resulting from their contributions. Employer matching and discretionary contributions are subject to vesting as follows:

Years of service	Vesting percentage
Less than two	—%
Two	20%
Three	40%
Four	60%
Five	80%
Six or more	100%

If an employee terminates employment before full vesting, the nonvested portion of employer matching and discretionary contributions is reallocated to plan participants in the ratio that the compensation of each participant bears to that of all participants.

(f) Notes Receivable From Participants – Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in that participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the Plan Administrator. Principal and interest are paid ratably through biweekly payroll deductions.

(g) Distributions – Under the terms of the Plan, participants reaching the early retirement age of 55 or the normal retirement age of 65 are eligible to receive the entire balance in the account maintained for such participant by the Plan. Participants terminating employment prior to retirement receive their contributions and earnings on such contributions and the Company's contributions and earnings of such contributions, if such amounts are vested. In the event of death, the balances in the participant's account are fully vested and paid to the designated beneficiary.

(h) Costs of Plan Administration – Fees and expenses incurred by the Company in the administration of the Plan are paid by the Company. Expenses solely attributable to the investment of funds are paid with plan assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

(a) Basis of Presentation – The accompanying financial statements have been prepared on the accrual basis of accounting and present the assets available for plan benefits and changes in those assets. The preparation of the accompanying financial statements in conformity with accounting principles generally accepted in the United States of America requires estimates and assumptions that affect the reported amounts. Actual results could differ from those estimates.

(b) Trust Fund Administered by the Trustee – Under the terms of a trust agreement between the Trustee and the Company, the Trustee administers a trust fund on behalf of the Plan. Participants may elect to have a portion of their account balances invested in any combination of mutual funds investing in debt and equity instruments, a money market collective trust fund, and a loan account, which accounts for all principal and interest outstanding on loans to plan participants.

(c) Trustee Certification – The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan Administrator has obtained a certification from the Trustee that all of the information provided by the Trustee and included in the accompanying financial statements and schedule is complete and accurate. Information as to general investments, notes receivable from participants, earnings from investments, and related information in the accompanying schedule is presented in reliance solely upon this certification.

(d) Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, as described more fully in note 3.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(e) Notes Receivable From Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(f) Subsequent Events – The Plan has evaluated subsequent events through June 17, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets and have the highest priority.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013:

Mutual funds – valued at the daily closing price as reported by the fund (Level 1 inputs). Mutual funds held by the Plan are open-end mutual funds which are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund – valued at the NAV of the units of the State Street Global Advisors (SSGA) U.S. Government Money Market Fund, a collective trust fund (Level 2 inputs). The NAV, as provided by SSGA, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The SSGA U.S. Government Money Market Fund has no unfunded commitments, has a daily redemption frequency, and has a one-day redemption notice period.

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

2014	Quoted market prices in active market for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total

NOTE 4 – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's assets at December 31, 2014 and 2013:

	2014	2013
Alger Capital Appreciation Institutional Fund	$ 2,121,025	2,008,994
American Century Strategic Allocation Moderate Fund	1,393,025	1,319,162
Jennison Mid Cap Growth Fund	1,422,188	1,365,914
Lord Abbett Fundamental Equity Fund	1,199,996	1,178,359
Oppenheimer International Growth Fund	1,280,869	1,260,105
PIMCO Total Return Fund	861,675	810,336
Putnam Equity Income Fund	2,154,626	1,902,802

During 2014 and 2013, the Plan's investments in mutual funds (including gains and losses in investments bought and sold, as well as held during the year) appreciated in value by $1,003,543 and $2,536,181, respectively.

NOTE 5 – RELATED-PARTY TRANSACTIONS

The Plan's investment in the SSGA U.S. Government Money Market Fund represents a collective trust fund managed by an affiliate of State Street Bank and Trust Company. State Street Bank and Trust Company is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for plan benefits.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Administrator has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants become 100% vested in their accounts. The Company may elect to have all assets transferred to another qualified plan in which all participants who would have otherwise received a distribution will have an interest, and each person's interest will be nonforfeitable as to amounts attributable to assets transferred on his or her behalf.

NOTE 8 – FEDERAL INCOME TAXES

The Plan was adopted by the Company using a standardized regional prototype plan and trust agreement sponsored by a third party. This third-party sponsor has provided the Company with a copy of the favorable opinion letter received from the Internal Revenue Service for the standardized regional prototype plan and trust agreement, as well as for any amendments thereto. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.
