INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Board of Trustees
Parent Petroleum, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Parent Petroleum, Inc. 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Minnesota Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedule
The supplemental schedule, Schedule of Assets Held at End of Year, as of December 31, 2014 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2013 Financial Statements
The financial statements of the Plan as of December 31, 2013 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 6, 2014, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis of an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations
The Form and content of the information included in the 2014 financial statements and supplemental schedule, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Parent Petroleum, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is a defined contribution plan with a 401(k) provision sponsored by Parent Petroleum, Inc. for its employees. The Plan permits substantially all the employees of Parent Petroleum, Inc.; Angel Associates, Limited Partnership; Parent Petroleum Retail; and CIMA Developers, Inc. (collectively the "Company" or "Employer") to participate. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Minnesota Life Insurance Company ("Trustee") is the trustee of the Plan.

Eligibility. Employees become eligible to participate upon the next entry date (January 1st or July 1st) subsequent to completing one year of service and reaching 21 years of age.

Participant Contributions. An eligible employee may elect to contribute a percentage of their pretax earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code. A participant's earnings consist of total cash compensation of an employee including bonuses and overtime pay in a plan year. A participant's net earnings are comprised of earnings less all taxes and other deductions from gross earnings.

Employer Contributions. The Company may elect to make a discretionary matching contribution. Participants must be employed at the end of a Plan year to receive employer discretionary matching contributions. For the year ended December 31, 2014, the Company matched employee deferrals up to a maximum of 2% of gross wages of eligible employees.

Participants' Accounts. Each participant's account is credited with (a) the participant's contributions, (b) the Employer matching contributions and (c) self-directed plan earnings. Participant accounts are charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants. The Plan does not allow for participant loans.

Investment Options. Participants direct the investment of their contribution into various investment options offered by the Plan. All investments are maintained with the Trustee. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Vesting. Participants are always 100% vested in their employee 401(k) deferral contributions and earnings. Participants vest in their Employer matching accounts in accordance with the following table:

Completed Years of Service	Percentage of Account Balance Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. Benefit payments are generally paid in a lump sum as soon as practicable after employment with the Company has ended. Participants may also take in-service distributions after the participant has attained the age of 59-1/2 or has a financial hardship. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. A participant's account balance becomes fully vested upon death or disability. Upon resignation, participants are entitled to receive the vested portion of their account balance.

Forfeitures. Forfeiture accounts are used to reduce the Employer's contribution for the Plan year. There were no forfeitures during the year ended December 31, 2014. As of December 31, 2014 and 2013, there were no forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts. As of December 31, 2014 and 2013, fair value approximates contract value.

Estimates and Assumptions. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses, including functions performed by officers or employees of the Company, are provided by the Company at no charge to the Plan, and the Company's management has no plans to obtain reimbursement of these expenses from the Plan.

Concentration of Credit Risk. Substantially all the Plan's investments are held by the Trustee.

Pelican Small Cap Value Equity	$ 255,747	$ 235,800
Alger Small Cap Growth, I-2	$ 237,150	$ 224,424

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(Continued)

PARENT PETROLEUM, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014 and 2013.

Pooled Separate Accounts. Investments in shares of pooled separate accounts held with an insurance company are stated at estimated fair value and are valued by the insurance company based on the net asset value of shares held by the Plan at year-end. The net asset value determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Guaranteed return account. Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (Note 6).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 – FAIR VALUE MEASUREMENTS (Concluded)

The tables below set forth a summary of changes in the fair value of the Plan's Level 3 investments for the year December 31, 2014:

	Amount
Guaranteed Return Account:	
Balance, beginning of year	$ 944,639
Purchases	98,863
Sales	(30,896)
Interest	16,591
Transfers from other plan assets	33,339
Balance, end of year	$ 1,062,536

The following table represents the Plan's Level 3 financial investment, the valuation techniques used to measure the fair value of this financial investment and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2014:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Average Yield
Guaranteed Return Account	$ 1,062,536	Discounted cash flows	Crediting rate	150 – 164 bps	1.55%

The following table represents the Plan's Level 3 financial investment, the valuation techniques used to measure the fair value of this financial investment and the significant unobservable inputs and the ranges of values for those inputs as of December 31, 2013:

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Average Yield
Guaranteed Return Account	$ 944,639	Discounted cash flows	Crediting rate	164 – 178 bps	1.74%

NOTE 6 – GUARANTEED INVESTMENT CONTRACT

The Plan's investment options included the Minnesota Life Guaranteed Return Account (the "Contract"), which is a benefit-responsive investment contract, held in an insurance company general account. The Contract allows for earnings stability regardless of the volatility of the financial markets. The Contract invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents.

(Continued)

PARENT PETROLEUM, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – GUARANTEED INVESTMENT CONTRACT (Concluded)

The Contract is fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets of the trust attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the underlying defined-contribution plans. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. Synthetic investment contracts consist of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by Plan participants at contract value. For synthetic investment contracts, the fair value comprises the aggregate market values of the underlying investments in bond trusts, and the value of the wrap contracts, if any. The difference between valuation at contract value and fair value is reflected over time through the crediting rate formula provided for in the Contracts synthetic contracts. The crediting rate of the contract resets every quarter based on the performance of the underlying investment portfolio. The crediting interest rate for participants investing in the Contract averaged 1.50% for the years ended December 31, 2014 and 2013, respectively. The average yield for the Contract was 1.55% and 1.74% for the years ended December 31, 2014 and 2013, respectively.

Certain events limit the ability of the Contract to transact at contract value with the issuer. Such events include, but are not limited to, the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are shares of mutual funds managed by an affiliate of the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the plan agreement used by the Plan was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operating in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

The Plan is subject to routine audits by the Internal Revenue Service or other tax authorities, generally for three years after the tax returns are filed; however, there are currently no audits for any tax periods in progress.

PARENT PETROLEUM, INC. 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 11 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 4,374,371	$ 4,052,362

Plus: Excess contributions liability	2,826	24,950
Net assets available for benefits per Form 5500	$ 4,294,385	$ 3,993,527

The following is a reconciliation of increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2014:

	Amount
Increase in net assets available for benefits per the financial statements	$ 322,009

Plus: Prior year employer contributions receivable	83,785
Plus: Excess contributions liability at year end	2,826
Less: Prior year excess contributions liability	(24,950)
Increase in net assets available for benefits per Form 5500	$ 300,858
