Generally, each year active participants may contribute up to seventy-five percent (75%) of pretax annual compensation (or the maximum amount prescribed by law, whichever is less), as defined in the Plan. The Company may make contributions to the Plan subject to limitations imposed by law ("Employer Contributions"). For 2014 and 2013, the Company made safe-harbor matching contributions equal to one-hundred-percent (100%) of the amount of a participant's elective contributions that do not exceed three-percent (3%) of the participant's annual compensation and fifty-percent (50%) of the amount of a participant's elective contributions that exceed three-percent (3%) but do not exceed five-percent (5%) of the participant's annual compensation. Additionally, the Employer will make an annual special discretionary age-weighted employer contribution to the Plan for the benefit of certain select non-highly compensated participants ("Warrant Participants") actively employed on the last day of the plan year.

PARTICIPANT ACCOUNTS-

Each participant's account is adjusted by (a) the participant's contribution, (b) allocations of any Employer Contributions, and (c) allocations of the Plan's earnings or losses (including any administrative expenses paid by the Plan). Allocations are based on participant earnings or account balances in accordance with the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants have the ability to direct the investment of their contributions into the various investment options offered by the Plan.

NOTE 1 - PLAN DESCRIPTION (Continued)

VESTING-
Participants are immediately vested in their contributions plus allocated earnings or losses less allocated expenses. Vesting in the Employer Contributions to a participant's account is based on years of continuous, credited service. Generally, a participant becomes one-hundred percent (100%) vested in Employer Contributions upon completion of three years of credited service. During the period prior to completion of the required credited service, a participant is zero percent (0%) vested in the amounts attributable to Employer Contributions. However, vesting in 100% of safe-harbor matching qualified contributions is immediate.

FORFEITURES AND SUSPENSE ACCOUNT-
Forfeitures are used to reduce future Employer Contributions. There were $2,531 and $0 unallocated nonvested amounts at December 31, 2014 and 2013, respectively.

PAYMENT OF BENEFITS-
Upon reaching age 65, termination of employment, death, total and permanent disability, or termination of the Plan, the participant's account may be distributed under several options. If the participant's vested interest is greater than $5,000, the participant may choose to have the distribution delayed (in accordance with the participant's election) until the participant reaches retirement age. If delayed, the participant's account will continue to be credited with earnings or losses until a distribution is made. If the vested interest is less than $5,000 but greater than $1,000, the participant may elect to have the distribution paid directly to an eligible retirement plan or receive the distribution directly in the form of cash. Should such an election not be made by the participant, the distribution will be in the form of a direct rollover to an individual retirement plan designated by the plan administrator. If the vested interest is $1,000 or less, the payment will be in the form of a lump sum payment, payable at termination.

In conditions of financial hardship, as defined by the Plan and applicable regulations, a participant may apply to the plan administrator for approval to withdraw that portion of their 401(k) retirement account balance necessary to meet the financial hardship, subject to the limitations of the Plan and the Internal Revenue Code (IRC).

PLAN TERMINATION-
Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in conformity with U.S. generally accepted accounting principles as applied to savings and retirement plans, and in accordance with the terms of the Plan agreement. A summary of the Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

BASIS OF ACCOUNTING-
The financial statements are prepared using the accrual method of accounting.

USE OF ESTIMATES-
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

VALUATION OF INVESTMENTS-
Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability
Level 3	Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e. supported by little or no market activity)

A financial instrument’s level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. As of December 31, 2014 and 2013, all investments are valued using quoted market prices and therefore are categorized as Level 1 fair value instruments.

Purchases and sales are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

ADMINISTRATIVE EXPENSES-
Substantially all of the Plan's administrative expenses are paid by the Plan sponsor.

PAYMENT OF BENEFITS-
Benefit distributions are recorded when paid.

NOTE 4 - INCOME TAX STATUS

The Internal Revenue Service has determined by a letter dated January 30, 2010, that the Plan, as amended through July 30, 2009, was qualified and exempt from income tax under the appropriate sections of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Tax years 2011 and after remain subject to possible examination by the Internal Revenue Service.

NOTE 5 - CERTIFIED FINANCIAL INFORMATION

Orchard Trust Company, LLC provides the Plan with custodial services and its affiliate, Great West Retirement Services, executes investment transactions and pays plan benefits to participants and beneficiaries. Orchard Trust Company, LLC has provided the plan administrator with a certification as of and for the years ended December 31, 2014 and 2013, that the information, consisting of assets summarized in Note 3 and investment income and administrative expenses provided to the plan administrator is complete and accurate.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - SUBSEQUENT EVENTS

The Plan's administrator has evaluated the impact of events that have occurred subsequent to December 31, 2014 through July 14, 2015, the date the financial statements were available to be issued, for purposes of recognition and disclosure in the financial statements.
