NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1—PLAN DESCRIPTION

Valued Relationships, Inc. 401(K)/Profit Sharing Plan (the “Plan”) is a defined contribution plan designed to operate under the provisions of Section 401(k) of the Internal Revenue Code (“IRC”). The Plan covers all eligible domestic employees of a member of a controlled group with Valued Relationships, Inc. (the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The following description of the Plan provides only summary information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

ELIGIBILITY

Each employee is eligible to make pre-tax deferrals to the Plan and receive Company discretionary matching contributions and profit contributions on the first day of a quarter after the employee completes one year of service.

CONTRIBUTIONS

Each year, participants may elect to contribute up to 100% of pre-tax annual compensation as defined in the Plan to a maximum of \$17,500 for 2014 and \$17,500 for 2013. Participants who are at least age 50 may make additional “catch-up” contributions of \$5,500 in 2014 and 2013. Participants may also rollover amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Based on the discretion of the Board of Directors, the Company may, subject to certain limitations, make a matching contribution to the Plan for each participant in accordance with the terms of the Plan document. For 2014, the Company made a matching contribution of 50% of employee’s deferral, up to 8% of their pre-tax deferrals.

The Company may also elect to make a discretionary profit-sharing contribution. No discretionary profit-sharing contribution was made for 2014.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contribution, the Company’s discretionary matching contribution, and Company’s discretionary profit-sharing contribution, if applicable, and Plan earnings. Allocations are based on participant contributions, plan compensation, or Plan earnings, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

VESTING

Participants are 100% vested in their elective deferral and rollover contributions plus actual earnings thereon. Vesting in the Company’s contributions portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants hired prior to January 1, 2008 are 100% immediately vested upon entrance into the plan. Participants hired on or after January 1, 2008 earn 20% per year vesting on Company’s contribution portion and are 100% vested after six years of credited service. Participants are 100% vested upon attaining the Plan’s normal retirement age, or if they terminate employment because of death or disability.

NOTE 1—PLAN DESCRIPTION (Continued)

PAYMENT OF BENEFITS

Upon retirement or termination participants can receive a lump-sum distribution immediately by requesting distributions from the employer. Distributions will be made as soon as administratively possible.

FORFEITURES

Forfeitures shall first be used to pay administrative expenses of the Plan, and any remaining forfeitures shall be used to reduce any employer contribution.

Forfeitures totaled \$16,731 in 2014 and \$4,891 in 2013. Forfeitures used to pay administrative expenses were \$3,784 in 2014 and \$1,445 in 2013. Forfeitures used to reduce employer contributions were \$2,846 in 2014 and \$16 in 2013. Forfeitures available for future use are \$14,548 as of December 31, 2014 and \$3,644 as of December 31, 2013.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments at December 31, 2014 and 2013 are held by Transamerica Life Insurance Company ("Transamerica").

Pooled Separate Accounts ("PSAs") are mainly invested in a singular mutual fund investment and are valued at contract value which is fair value as of December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan has entered into a traditional group annuity contract primarily with an insurance carrier. This contract, Transamerica Stable Value Advantage Option (“Fund”), is a fully benefit-responsive investment contract and has no stated maturity date. A fully benefit-responsive contract provides for a stated return on principal invested over a specified period and permits withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 962-325, Plan Accounting - Defined Contribution Pension Plans - Investments - Other, investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the fully benefit-responsive group annuity contract is included in the financial statements at contract value, which approximates fair value. The market yield for the Fund was 1.60% for 2014 and 1.7% in 2013.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer’s interest hereunder.

Such events may include but are not limited to: Fund administration is amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Fund, transfers to competing options without meeting the equity wash provisions of the Fund, and plan sponsor withdrawals without the appropriate notice to the Fund and/or issuer.

In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year. Dividends, interest, and appreciation (depreciation) are included in investment income (loss).

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**ADMINISTRATIVE EXPENSES**

Expenses of the Plan, to the extent that the Company does not pay such expenses, may be paid out of the assets of the Plan.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Level 1 Fair Value Measurements

Pooled Separate Accounts ("PSAs") - the PSAs begin with a price determined by Transamerica (i.e., \$10 per unit), and the number of units issued are calculated to match the current fair market value of the underlying mutual fund holdings (shares x price). Those PSA's investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets ("Level 1" input under ASC 820).

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

Pooled Separate Accounts (“PSAs”) - those PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (“Level 2” input under ASC 820).

Transamerica Stable Value Advantage Option (“Fund”) - contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Accordingly, the fully benefit-responsive group annuity contract is valued at contract value, which approximates fair value.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2014 and 2013.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2014 and 2013:

NOTE 4—INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and schedule is complete and accurate.

- Investments, as shown in the accompanying statements of assets available for benefits as of December 31, 2014 and 2013.
- Investment income, as shown in the accompanying statement of changes in assets available for benefits for the years ended December 31, 2014.
- The schedule of assets (held at end of year) as of December 31, 2014, as shown on Schedule H - Line 4(i).

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6—NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow up to 50% of their vested account balance, with a maximum loan amount of \$50,000. Repayments of principal and interest are made in equal monthly installments over the specified loan period (generally five years) through payroll deductions. Interest rates are determined by following procedures that consider the rates issued by lending institutions under similar circumstances.

NOTE 7—RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of the expenses of the Plan are paid by the Company.

Plan investments are managed by the trustee of the Plan. The Plan's third party administrator is Transamerica Life Insurance Company is considered a party-in-interest.

NOTE 8—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time subject to the provisions of ERISA. If the Company should decide to terminate the Plan, participants would become 100% vested in the Company contribution portion of their accounts.

NOTE 9—TAX STATUS

The Plan is a Volume Submitter Defined Contribution Plan ("Volume Submitter Plan") designed by Transamerica Life Insurance Company. The Volume Submitter Plan was adopted by the Company on January 1, 1998. The Volume Submitter Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Company has not applied for its own determination letter from the IRS. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 11—RISKS AND UNCERTAINTIES

The Plan may invest in various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE 12—NONEXEMPT TRANSACTIONS

In 2013, the Company failed to remit employee deferrals within the time period prescribed by CFR 2510.3-102 in amount of \$11,961. Delays in remitting contributions to the trustee were due to administrative errors, and the Company cured the prohibited transactions by funding the Plan for lost earnings of \$32 through the date of correction and crediting the participants affected.

NOTE 13—SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 15, 2015, the date which the financial statements were available for issue. There were no other subsequent events which require disclosure.
