To the Administrative Committee
Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan
Lithia, Florida

We have audited the financial statements of Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan as of and for the year ended December 31, 2014, and have issued our report thereon dated July 8, 2015. As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 15, 2015. Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT FINDINGS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2014. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's assessment for each of the Plan's investment input levels under Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*. ASC 820 requires that the Plan assess and disclose in the financial statements the input level used to value each Plan's investment. We evaluated the key factors and assumptions used to make your assessments of the inputs used for each Plan investment in determining that they were reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2014. The Plan followed the guidance of ASC 820 which requires that the Plan disclose how they determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in the active market, 2) significant observable inputs, and 3) significant unobservable inputs.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 8, 2015.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Administrative Committee and management of Central Maintenance and Welding, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Administrative Committee
Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan
Lithia, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Plan description

Plan Description – The Central Maintenance and Welding, Inc. 401(k) Profit Sharing Plan (the "Plan") was established by Central Maintenance and Welding, Inc. (the "Company" or "Plan Sponsor") as a defined contribution plan effective August 31, 1974, and restated August 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following is a summary of major plan provisions. Participants should refer to the amended and restated Plan agreement for a more complete description of the Plan's provisions.

Participation – All employees of the Company who have completed at least one year of service and have attained the age of eighteen are eligible to participate. Participants must have completed 1,000 hours of service within the Plan year and be actively employed on the last day of the Plan year to share in the employer contribution.

Contributions – Participants may contribute up to 100% of their total annual compensation, not to exceed certain limitations, on an annual basis. Participants who have attained the age of 50 are eligible to make pre-tax catch-up contributions, subject to certain limitations. Additionally, the Plan permits rollovers from other qualified retirement plans; during the 2014 plan year, there were no rollovers. The Plan Sponsor may make discretionary nonelective contributions based on a percentage, determined by management, of participants' eligible salary; during the 2014 plan year, the Plan Sponsor made $1,242,595 in discretionary nonelective contributions.

Participant Accounts – Each participant's account is credited with the participant's contribution, employer contributions, if any, and Plan earnings and are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant investment account earnings, elective deferrals, or account balances, as defined. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

An active participant who is less than 100% vested is deemed to be 100% vested upon death or total disability.

Note 1—Plan description (continued)

Payment of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount not to exceed the value of the participant's vested interest in his or her account in either a lump-sum amount, annual installments over the life of the participant and beneficiary, or installments over a period of time not to exceed the assumed life expectancy of the participant or beneficiary. The beneficiary of a deceased participant may also elect to receive benefits over a period of time not exceeding the life expectancy of the beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Pursuant to the Plan document, the non-vested portion of discretionary nonelective contributions credited to the accounts of participants who withdraw from the Plan are forfeited and held as nonparticipant-directed investments (Note 3). These amounts may be allocated to qualifying participants as an additional discretionary nonelective contribution. The Plan had $49,360 and $23,400 of forfeitures available to be reallocated to eligible participants as of December 31, 2014 and 2013, respectively. During May 2015, the Plan Sponsor allocated $49,360 of forfeitures as discretionary nonelective contributions effective for the 2014 Plan Year.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments, Investment Valuation, and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and,

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Common/Collective Investment Trust – This is an investment vehicle valued using the Net Asset Value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Benefits Paid to Participants – Benefits are recorded when processed and paid by the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Subsequent Events – Management has evaluated subsequent events through July 8, 2015 in connection with the preparation of these financial statements, which is the date the financial statement were available to be issued.

Note 3—Investments/financial data certified by the Plan's trustee (unaudited)

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by SunTrust Bank, N.A. ("SunTrust"), the trustee, as permitted by Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The common/collective investment trust valued above, is comprised by the following:

As of December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
SunTrust Retirement 500 Index Fund, Class B	$ 206,269	n/a	Daily	Daily
As of December 31, 2013				
SunTrust Retirement 500 Index Fund, Class B	$ 22,912	n/a	Daily	Daily

The primary investment objective of the SunTrust Retirement 500 Index Fund (the "Fund") is to emulate the performance of Standard and Poor's 500 Index, which is a benchmark index designed to measure the investment returns of stocks of large capitalization U.S. companies. The Fund's portfolio is comprised of common stock held in a variety of sectors, including consumer discretionary and staples, energy, financials, health care, industrials, information technology, materials, telecommunications and utilities.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Plan Sponsor contributions in their accounts.

Note 6—Income tax status

The Plan is identical to the SunTrust Prototype Defined Contribution Plan ("SunTrust Prototype Plan") approved as to form by the Internal Revenue Service ("IRS"). The SunTrust Prototype Plan is a qualified plan under Section 401(k) of the Internal Revenue Code ("IRC") and, as such, is exempt from federal income taxes under Section 501(a) of the IRC. The SunTrust Prototype Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and has no unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7—Administrative expenses

Administrative expenses are comprised primarily of investment fees and are paid by the Plan. Additionally, any professional fees incurred on behalf of the Plan are paid by the Company. During the year ended December 31, 2014, approximately $11,400 of professional fees were paid by the Company.

Note 8—Party-in-interest transactions

Certain Plan investments have shares in mutual funds and a common/collective investment trust managed by SunTrust Bank, N.A., the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Financial Administrative Services Corporation is the financial advisor and Plan record keeper. The services performed by Financial Administrative Services Corporation qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits included in the financial statements to those included in the Form 5500:

	December 31,	
	2014	**2013**
Net assets available for benefits per the financial statements	$ 8,582,802	$ 7,544,344
Less: contributions receivable	(1,242,595)	(1,416,305)
Net assets available for benefits per the Form 5500	$ 7,340,207	$ 6,128,039

The following is a reconciliation of the net increase in net assets available for benefits included in the statement of changes in net assets available for benefits for the year ended December 31, 2014, to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,038,458
Add: December 31, 2013, contributions receivable	1,416,305
Less: December 31, 2014, contributions receivable	(1,242,595)
Net increase in net assets available for benefits per the Form 5500	$ 1,212,168

Note 10—Risks and uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.
